BEWARE THE SUPERMAN'S FLOP

This article was written for the CAROMOUNT NEWS by Mr. Sidney Blumenthal, Chairman of the Board of Directors, after observing the reprint "The Superman's Flop" in the January issue.)

Our military forces now on the borders of Germany are about to invade and occupy it. Forcible occupation necessarily will bring many of you into close contact with the German people. You will undoubtedly be instructed as to your behavior during such contact. Remember that all, and notably the younger Germans, have been taught by doctrine, ideas such as are set forth on this page and have been denied access to any information disturbing the picture thus impressed upon their souls. It will be many years before this impression can be corrected and the villainous misinformation on which they have been fed supplanted by true appreciation of worth, valor and integrity.

Extracts of the article NAZIS ENVISAGE CHATTEL SLAVERY FOR PEOPLE OF CONQUERED NATIONS, printed in the New York Times a year before the Pearl Harbor attack are quoted below.

"The following speech by Richard Walther Darré, Germany's Minister of Agriculture, and a key man in the Nazi party, was delivered last May to a group of high Nazi officials. After thorough investigation, it has been learned that there are satisfactory reasons for believing that the address is authentic as condensed here.

"With complete deliberation and without sentimentality we shall destroy France as this wretched nation deserves no other fate. \*\*\*\*\* After the complete defeat and humiliation of the Western continental powers, it will be an easy thing to crush contemptible England, isolated and in our power. \*\*\*\*\* Our SS (elite) regiments with the rest of the army will finish the work of destruction without any sentimentality. \*\*\*\*\* By good or evil we shall subjugate especially Rumania. \*\*\*\*\* Then our way is open to the immeasurable supplies of raw materials in Africa, the country which is the natural and indisputable 'living space' of Germany, \*\*\*\*\* and it may be assumed that before Autumn sets in we shall be the absolute masters of two continents.

"All soil and industrial property of inhabitants of non-German origin will be confiscated without exception and distributed primarily among the worthy members of the party and soldiers who were accorded honors for bravery in this war. Thus, a new aristocracy of German masters (Herrenvolk) will be created. This aristocracy will have slaves assigned to it, these slaves to be their property and to consist of landless, non-German nationals \*\*\*\* we actually have in mind a modern form of medieval slavery which we must and will introduce because we urgently need it in order to fulfill our great tasks. These slaves will by no means be denied the blessings of illiteracy; higher education will in future be reserved only for the German population of Europe.
