

DURELL STANCIL AEM 1/C: Durell sounded quite doubtful of seeing us again before next March. However, we hope his guess is wrong by far. He expressed his delight at receiving the CAROMOUNT NEWS so regularly. Durell didn't give us an idea as to where he was. Perhaps he will write us again soon giving us full particulars.

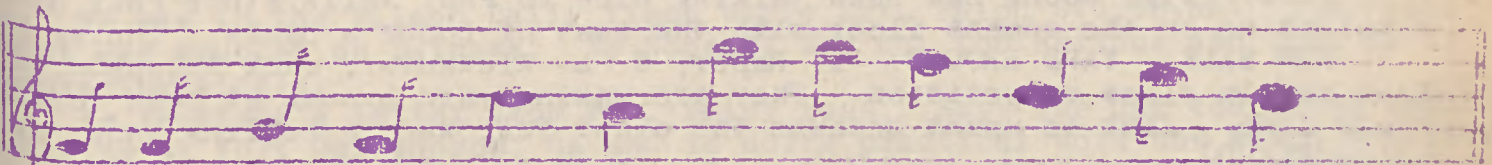

PFC. JAMES S. WALKER: Sidney has been over seas for over three years now. He had hopes of getting home during the months of April or May but he is still on the Palu Islands. Sidney says, "Maybe sometimes soon".

S/SGT. J. HAROLD VESTER: Harold's V-Mail did not tell us very much about himself. He did state however that now Germany had completely collapsed, he hoped to see us and talk to us in person in a few months. We shall be looking forward to a visit from him soon.

S/SGT. WALTER S. WHITE: Until recently we had not heard from Walter in quite a while. He wrote from Belgium, "If I only thought of you as much as I write, I would feel unworthy of your kindness. But my thoughts are a hundred fold more than my letters, believe me". Walter is still in a railroad operating battalion and was delivering the supplies to the fighting men. He stated that learning to use that equipment was like learning to walk. We imagine Walter will have lots of exciting experiences to relate and we will be anxiously waiting to welcome him to Caremount. He extends his best wishes and regards to each and everyone.
