

Warping Dept News

Smokey Taylor, Knox Ellis and B. A. Pittman took a fishing trip recently to Swan Quarter and Rose Bay. They experienced a wide variety of thrills and what could easily have turned out to be a tragedy. Besides catching 30 trout, and being three or four miles from shore, their boat began leaking. Knox began dipping water as rapidly as he was able to with a 10 quart bucket and keep his senses, and at the same time yelled "head for shore" to Smokey. —Smokey headed for shore and on the way there, the gas in the tank gave out. Luckily they had an extra can of gas along and Smokey hurriedly replenished the supply while Pittman steadied the boat with an oar. With no other complications they safely reached the shore—none the worse for their experience. —We wonder if they will be anxious to go again soon or if this trip proved to be "too much fishing" or was it "too much water"?

Mr. and Mrs. Herman Allen and Eddie spent the past weekend at Pikeville, Mrs. Allen's home. They attended the homecoming services at Nahunta Friends Church (Quaker) of which Mrs. Allen was formerly a member.
