Rough Pamlico Waters

Mrs. Margaret Cockrell and family went to Pamlico to see the rough waters after the hard rains. They came home by Robersonville to visit her grandfather for a while.

"Gracie, I think your husband dresses nattily."

"The rat! Who's Natalie?"

second shift weaver and Raymond Spivey, first shift Raw Goods, for donating two pints of blood each. They are very grateful.

Returned to Work

We are glad to welcome Floyd Rowe back to work after a long spell of sickness.

To Parents

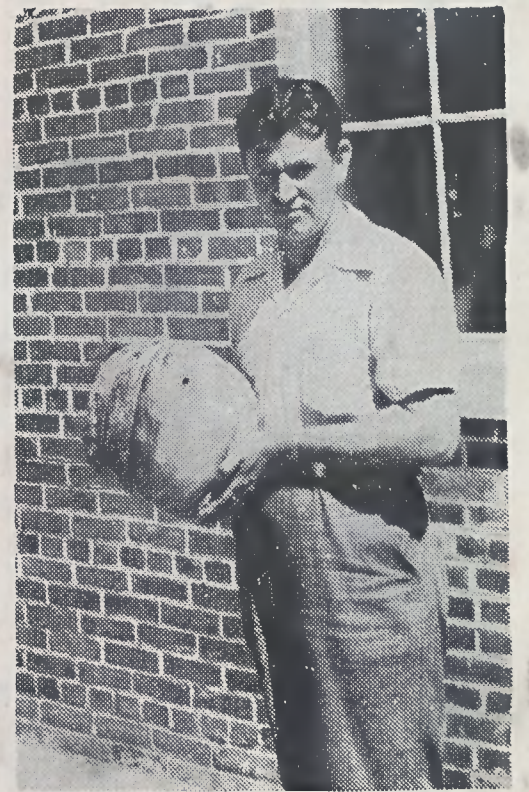

The Boy Scouts of America have lowered the entrance age for its three programs of Scouting, effective September 1, 1949. After that date boys may become Cub Scouts at eight years; Boy Scouts, at eleven years; and Senior Scouts (Explorers), at fourteen years.

This decision was reached after three years of careful study by the National Executive Board who obtained the opinions of many experienced leaders as well as parents.

It is hoped that all of the parents in the mill will keep the Scouting program in mind, and that when their boys reach the Scout age, or if some are already of age and are not participating in the Scout program, send them to the Scout meetings each Thursday night in the Caromount Scout Cabin at 7:30 p.m. Give them this chance to join in the fun and other benefits derived from the ranks of Scouting.

We are hoping to see lots of our boys coming out to join the troop to take advantage of this training soon. Parents encourage your sons to take advantage of this training program for boys.

Scoutingly yours,
Troop 113
Perry English.

Gus Riley of the Weaving Department is shown above with one of the prize muskmelons which he grew this year. The melon which is one of the largest seen this season, resembles a pumpkin in size. Gus states that they are delicious.

Safety Council Meets

who worries is likely to have accidents. If things go wrong he suggested that we should start all over again. "Life," he stated, "is 10 per cent what you make it and 90 per cent how you take it." By learning to take it in a friendly, jovial manner we become more agreeable to our fellow workers and more efficient and safe workers

Safety Scoreboard

The first column shows the number of accidents requiring medical attention and the second, the number of lost time accidents during 1949.

A woman approached the pearly gates and spoke to Saint Peter. "Do you know if my husband is here? His name is Smith."

"Lady, we have lots of Smiths up here. You'll have to be more specific."

"Joe Smith."

"Letsa those, too. You'll have to have more identification."

"Well, when he died he said that if I was ever untrue to him, he'd turn over in his grave."

"Oh, you mean 'Pinwheel' Smith!"
