Devotional Thoughts

Divine Partnership

Jobe 5:17—My Father worketh hitherto, and I work.

Jesus knew a relationship with God that was personal and powerful. His life was joined with the purposes of His Father in a Divine Partnership. And He invites us to share in that Partnership.

For His part in this Divine Partnership God has given us material resources that are limitless in extent and value, amazing mental powers to make use of these resources, and a spiritual nature designed to keep us aware of and in touch with the Eternal Source of all.

For our part in this Partnership God desires two responses. In the first place, He expects us to be something. That is, He wants our lives to reflect something of the "image of God" with which He has endowed us. He has a right to expect us "to do justly, to love mercy, and to walk humbly with our God."

And He expects us to do something. We are given hands and minds and will to be used to make a productive contribution to the welfare of mankind. The nature of the job itself is not so important—our attitude towards it makes a significant difference. God would have each of us feel we are working with Him as we engage in whatever location we have chosen.

Divine Partnership! "My Father worketh hitherto, and I work."
