## Devotional Thoughts

### "Rejoice With Joy Unspeakable"

I Peter 1:8

Happiness, love and joy are always essentials to a full and glorious life. Perhaps one of the really great needs of our day is the one something we call HAPPINESS! Are you, dear reader, happy — really happy? Not long ago the writer spoke to a teen-age girl after the mother had requested prayer for her, and asked her if she was happy. The girl answered the pastor back: "No." There is the secret of many of our physical ailments these days. We are not happy and so we are often sick.

The Bible insists that the saints shall rejoice; rejoice always — again I say rejoice in the way the Book leads us to do! Joy and goodness will do much for the individual. So if we will develop the habit of being full of joy and giving full expression to it, we will discover that life is radiant and abundant.

Someone said it takes about 64 muscles of the face to make a frown and only thirteen to make a smile. That is a small way of seeing how much it pays off to be full of joy and good-will towards others. So, let us be happy and bright; let us wear a smile and always have a warm hand-clasp for others, and when we do that we will be following Christ in a noble way.

"I shall pass through this world but once. Any good thing, therefore, that I can do, or any kindness I can show to any human being, let me do it now. For I shall not pass this way again."
