# People You Know

Lancey Winstead of the Caromount Finishing Department came to work here in October, 1945 shortly after his discharge from the United States Army.

Lancey was born in Nash County on March 16, 1921. He attended Nash County Schools and worked on his father's farm until he entered the Army on September 2, 1942.

He had quite an interesting Army experience. He trained in the mountains of Colorado with a service supply Company using pack mules to carry supplies in mountainous country where it was too rough for trucks to travel. He put this training into practice in the mountains of Italy where they moved supplies by pack mules. He was awarded three campaign stars. One each for the North Apennines, Po Valley, and the Aleutians Campaign.

On January 4, 1944 he was married to Mary Estelle Murray, also of Nash County. They have one daughter, Carolyn Jeanette,

4 years old.

For recreation he especially likes bird hunting. He has four good dogs, two pointers and two setters. He is looking forward to a good season this year. He also enjoys fishing and just recently he and his wife hauled in more than 100 pounds of spots in one day's fishing.

Lancey works second shift and has time to care for a good garden during the morning. He and his wife have also canned quite a bit for the winter months.

Lancey stopped school before completing high school but is now making up for it by taking a correspondence course.

His wife, Estelle, is employed in the Caromount Weaving De-

partment.

# Working With Friends

This series of articles which appears in THE CAROMOUNT NEWS are reprinted from the employee hand book, "Working With Friends." Feel free to ask your foreman or the Personnel Staff any questions concerning these

SUGGESTIONS. The mangaement welcomes new ideas and suggestions. If you have an idea which will improve the quality of our cloth, or its manufacture, pass it along. Place your suggestion in a sealed envelope and place it in the Sug gestion Box, or give it to your foreman. It will receive every consideration by the suggestion committee and if it proves practicable, a suitable reward will be

RECREATIONAL PROGRAM. In line with a recreational survey a comprehensive program is under way including bowling, baseball, tennis, volleyball, horseshoes, basketball, and music. Many of the teams participate in the city recreational program. This program will be expanded as employee interest increases. You are invited to participate in this recreational program and your foreman will aid you in getting into these games.

General Rules
