## SAFETY

(Continued from Page One)

low employees, friends, neighbors and families.

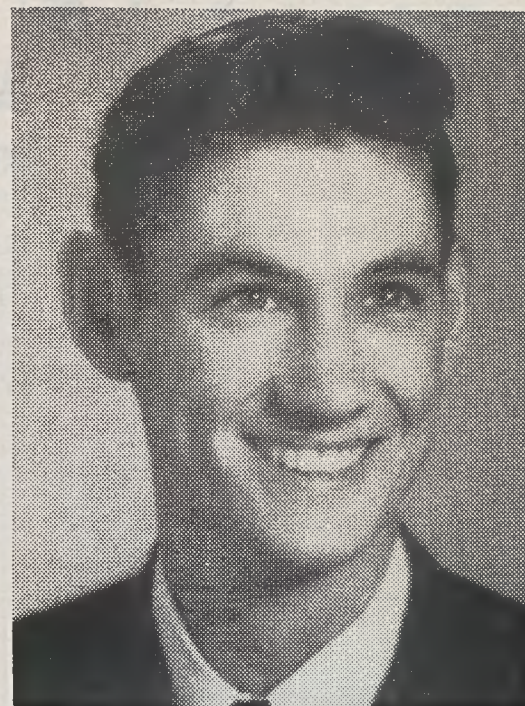

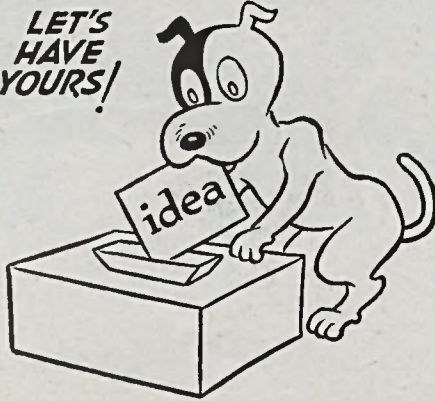

Safety-consciousness is not just a surface gesture. It comes from reality. The stakes in Safety are too high to bluff. In poker there is always the possibility of regaining monetary losses, but it is impossible to win back an eye, a leg or a life.

No one wants to cash in his chips so let's not get caught bluffing in Safety. Let's not bluff.

It's your deal, partner.

## SAFETY SUGGESTIONS ARE ALWAYS WELCOME

LET'S HAVE YOURS!

Edward Williams, shown here, is the son of Lacy Williams of the Shipping Department and Mrs. Ruby Williams of the Weaveshed. Edward is a senior this year at Rocky Mount Senior High School and plans to continue his studies in the ministry after graduation.

## WHAT DO YOU THINK?

Suppose that someone from some other country were to ask you: "What is the one best thing about being an American citizen?"

What would you say?

Just to give you an idea about what other Americans are replying to such a question, which was put to them in a recent nationwide opinion poll—

One out of every seven men and women who were asked the question replied that they thought "economic opportunity" was the one best thing about being an American citizen.

By that they said they meant ours was "a land of plenty—I can make a good living;" that they were "unrestricted—we can do as we please"... In other words, they believed that our American freedoms in general were, in one bundle, the one best thing about being an American.

## WHAT DO YOU THINK?

There are ten good things for which no one has ever been sorry: for doing good to all; for speaking evil of no one; for hearing before judging; for thinking before speaking; for holding an angry tongue; for being kind to the distressed; for asking pardon for all wrong; for being patient toward everybody; for stopping the ear to the talebearer; for disbelieving the most of the evil reports.—Exchange.
