

**LAST WILL & TESTAMENT**

We the Class of 1962, in sound mind and healthy physique, do make this our last will and testament. Each article here described is bequeathed severally to the below mentioned individuals according to the terms of this Will and Testament.

To our principal Mr. McDougle, the architect of our dreams, we leave our tools of learning that he may use them to help others plan their futures.

To Mrs. Turner we leave an eye opener so she can keep up with certain seniors in French and English next year.

To Mr. Smith we leave our many points of views in hopes that he can use them in teaching the Seniors next year.

To the Juniors we leave you with our dignity, poise, intelligence and will to move forward in our footsteps as you climb your steps to success.

To the Student Body as a whole, we leave our yesterdays which are filled with bindsights, insight, and foresight mixed up with our dreams, but we plan to take our tomorrows with us.

I, Bessine Baldwin, do hereby bequeath the following things: To my sister Charmain, my ability to make A in conduct. To Ofledta Rankin my position in the glee club. To Lucy Nevilles my ability to keep time to the music and dance with rhythm.

I, Vera Cordal, will my legs to Lenora Farrington; my small feet to Peggy Jackson; my ability to talk but not on the subject to Ruth Farrington.

William Webb, leaves to the Sophomore boys good understanding with all of the teachers.

**SCIENCE, ART EXHIBIT**

Northside Elementary School held its annual science fair May 2 in the school auditorium. The fourth, fifth and sixth grade students were the participants. Each class was well represented. The students performed their experiments and exhibited their projects with great skill, under the direction of their teachers.

4-C taught by Mrs. C. A. McDougle had projects such as rockets and airplane models, reproduction of a chicken, air-pressure electricity and other interesting projects.

6-A taught by Mrs. Gerald had experiments on sound, chemicals, simple machines and others.

Miss Bowser's class had experiments and projects on animals.

How salt helps objects to float, and Importance of air were projects given by Mrs. Caldwell's fourth graders.

Class 6-B taught by Mrs. Joyner had projects on conversation, circulation of blood and machines.

Mrs. Peace's class presented experiments and units on sound, the Solar System, starches and the human body.

Mrs. Barber's class showed the digestive system.

Miss Harris, teacher of the fifth grades, presented the parts of insects body and its functions.

After the parents viewed the many science projects they were invited to view the Art Exhibit given by the primary class.

On display were art drawings done with ceramics, fingerpaint, crayon and waterpaint.

The P. T. A. gave its annual supper in appreciation of the wonderful services rendered by the faculty and student body.

La Verla Peace
