BARBER WINS FIRST PLACE - THE FIRST WEEK OF CCA CAMPAIGN

(Continued from page one)

Mrs. Bryant, our Librarian is our local CCA chairman. She is encouraging all students to participate in the effort.

The campaign lasts 17 weeks and awards are made weekly between January 8th - April 23rd.

We are very proud of the fact that Barber won the first prize of \$30 the first week of the campaign.

We will win often if everyone supports our efforts.

FANNIE DANIELS NAMED CO-ED CORRESPONDENT

(Continued from page one)

conomics students, contains articles on fashion, food, beauty, and home furnishings, and fiction.

Miss Daniels is the daughter of Mr. and Mrs. James Daniels, and a sophomore at J. T. Barber High School. She was appointed Correspondent by Mrs. Polly O. Richards, her home economics teacher.

Selected for qualities of leadership, and enthusiasm for home economics, Miss Daniels will serve as junior advisor to Co-Ed editors. Like the other Co-Ed Correspondents throughout the United States and Canada, she will help keep the editors informed of activities of her school.

Presentation of a special Co-Ed Correspondent Certificate will be made to Miss Daniels during Award's Day activities.

BRIDGE THE GENERATION GAP

(Continued from page one)

the discussion were:

1. The gap is between parents and teenagers.

2. The gap was caused because of

a. Teenagers want more freedom from their parents.

b. Parents and teenagers don't have the same ideas on subjects

such as: type, of dress, style of hair, and curfews when dating or attending social affairs.

c. The gap may have been caused by incorrect rearing of a child. In order to bridge the gap both the parents and the teenagers agreed that the best way to approach the situation would be for the parents and their children to sit down, talk and try to reach an understanding of each other.

About forty persons were present and refreshments were served after the discussion.

REV. JAMES C. WHITE ADDRESSES STUDENT BODY

By Eva Fields

We, Barber's family, were recently honored to have Rev. James C. White, a graduate of J. T. Barber High School, to come and speak to us on the subject, "If I ~~can~~ Change Your Thoughts, I Can Do Anything." It was very inspiring and everyone seemed to enjoy it.

While a student at Barber he as president of the Student Council for two years. In his speech he warned the students what would happen if they followed the wrong crowd. He spoke of love, hate and anger, joy, jealousy and about which road will be the right or correct road for an individual to take.

Rev. White says, during his two years from Barber, he has attended North Carolina College at Durham, North Carolina, Kittrell Junior College for Theological background and that he is now studying Neurology at Duke University. He also says that he is now an Electro-encephalograph Technician," and an assistant pastor of an AME Church in Durham.

On his visit, he was accompanied by his wife.

N.Y.C. ENROLLEES HERE AT BARBER

By Mittie Smith

On January 6, 1969, a group of efficient skilled students were placed on the employees list here at Barber by the Neighborhood Youth Corp. This group of students are working in different areas of the school so that they may develop good working habits. They are working under the supervision of the principal and many department heads. These enrollees are developing a sense of responsibility within themselves and to others. They are also using these experiences to improve themselves in many ways to help them prepare for the future.

NATION'S SPACE EFFORT EXPLAINED

Students and faculty of J. T. Barber High School learned more about the Space Age in a demonstration presented by the National Aeronautics and Space Administration on January 22, 1969 in the Barber Auditorium.

Accompanying the Spacemobile and presenting the demonstration as Mr. Wilson M. Cole.

Models of launch vehicles and spacecraft, mechanical and electronic devices, and other audio-visual materials and experiments are a part of the Spacemobile demonstrating equipment. These aids are used in demonstrating basic scientific principles and how these apply to the programs of NASA.
