PEP Planning Meeting - Presidents, Business Reps., Director of PEP

OBJECTIVES: 1) Replicate Piedmont Community College's (PCC's) workplace model developed for Burlington Industries (BI) and Collins & Aikman (C&A) Corporation to four additional BI and C&A sites within NC; 2) maintain and expand the model developed for BI and C&A located in Person and Caswell Counties.

Piedmont Community College serves as grant administrator of this workplace consortium which consists of three additional community colleges and six textile industrial sites. PCC will continue to serve as project coordinator for its BI and C&A sites developed in the original model (1990-91) while also expanding and improving that program within Person and Caswell Counties. In addition, PCC will serve as resource center for the other partners in the project providing training, technical assistance and project monitoring to Alamance, Randolph, and Central Carolina Community Colleges.

Cathy, Higgins, Alamance CC - Angela Moore, Randolph CC., review instructional materials during PEP Pre-Service.

OUTCOME/RESULTS/PRODUCTS: Each community college will produce a customized basic skills program for their industry based on PCC's model.

EDUCATIONAL LEVEL: Adult Basic Education through high school completion (CASAS scale scores 180-245).

TARGET POPULATION: Adults who have not completed high school or who lack basic skills.

PLANNED NUMBER OF TRAINEES: 710 textile employees

Debra Harlow, Angela Moore, Suellyn Dalton, Charles Smith, Shea Henson - PEP Director and Coordinators.
