

SPRING CONFERENCE ELECTIONS

Spring Conference means elections for new NCCCAEA Officers and selected Board Members. During the upcoming Spring Conference a ballot listing all candidates desiring to run for available positions will be announced at the opening session on April 15, 1998. Any member of the association who meets the eligibility criteria for a position and chooses to run during the opening session may be nominated from the floor.

Candidates nominated from the floor will have their names included on the official ballot. Voting will take place during the conference and the winners will be announced during the business session on Friday, April 17, 1998.

Please take some time during the conference to cast your ballot for the candidates of your choice!

Bi-Regional Basic Skills Instructor Training

The Adult Basic Skills Coastal and Central Regions have joined together to present a one-day workshop dealing with math. The training will be held at Lenoir Community College in Kinston on Saturday, March 14, 1998 from 8:00am-3:00pm. The main emphasis of the six sessions will be various topics in math. Presenters will be community college staff and Appalachian State University professors.

Following is a list of workshops and presenters:

Math Instructional Strategies

Dr. Cheryl Knight, Minda Harris, Kathryn Gillenwater

Creativity in Teaching Math

Joyce Bryant, Cornelius Warren

Word Problems . . . Debbie Woodard

Planning Math Curriculum.....Dr. Pat Knight, Patricia Webber, Dianne Arvisu

Assessing Math Needs.....Mae House, Anita White, Beth Nancetti

Using Technology to Teach Math.....Diane Barber

If you would like additional information on this program, please call Vivian Roach at Pitt CC (919) 321-4344.
