## 2ND ANNUAL FLOWER SHOW

### Of The Woman's Club of Weldon.

Last Friday, October 31 in the new City Hall, from 2 to 4 and 8 to 10 P. M., was held the second annual Flower Show of the Woman's Club of Weldon. The City Hall has just been completed and this was the first use or opening of it which proved a most beautiful and enjoyable occasion. The room seemed especially well suited for the flower show in size, lighting and location, as every one passing between Weldon and Roanoke Rapids could see it.

As a background for the beautiful flowers and plants fall foliage was most effectively used and the grounds in front of the City Hall were very attractively landscaped with pines and foliage. The room was filled with spectators during the entire period and a pleasant sociable time was enjoyed as well as inspecting the flowers. Tea and cheese wafers were served which added to the hospitality of the occasion.

The president of the club, Mrs. J. P. Holoman and the chairman of the different departments, Mrs. M. E. Bounds, civic, Mrs. N. J. Shepherd, music, Mrs. C. P. Bounds, child welfare, acted as hostesses and Mrs. C. R. Emry presided at the tea table.

The following efficient committee together with the exhibitors made the flower show a decided success: Mrs. T. C. Harrison, chairman; Mrs. J. B. Zollicoffer, Mrs. W. L. Knight, Mrs. W. J. Ward, Mrs. O. W. Pierce, Mrs. R. P. Morehead, Mrs. H. V. Bounds, Mrs. C. J. Owen, Mrs. R. A. Harris, Mrs. H. D. Allen, Mrs. L. C. Draper, Mrs. W. L. Scott.

The club wishes to sincerely thank the committee, the exhibitors, patrons and every one who helped to make the occasion a most enjoyable and successful event in the history of the club and community. So much pleasure and profit is gained by the flower shows that it is earnestly hoped that each year they will grow larger and better if possible, but in some respects that would be hard to do as many of the exhibits equal those of professional florists.

The following prizes, which consisted simply in the awarding of ribbons were as follows:

#### WHY ADVERTISE?

It is the everlasting cry of the small town tradesman, "Oh, I have been here for years and everybody knows me." Yes, everybody knows that church starts at 11 o'clock on Sunday morning, but they ring the bell at 10:30 just the same. Persons must trade somewhere and the local paper is invariably their guide. Old patrons are induced to increase their purchases through the appeal of the printed page.

Trying to do business without advertising is like winking at a girl in the dark. There is more truth than poetry in the following verses:

One step won't take you very far, you've got to keep on walking; One word won't tell folk who you are, you've got to keep on talking. One in won't make you very tall, you've got to keep on growing; One little ad won't do it all, you've got to keep them going. A constant drop of water wears away the hardest stone, The constant gnawing tower masticates the toughest bone, The constant cooling lover carries off the blushing maid, And the constant advertiser is the one that gets the trade.

THE most hateful alien is the one who accumulates money faster than we can.

#### Just That Quickly, They Help.

Do you not feel good? Very likely your liver is at fault. Won't you try Chamberlain's Tablets? Just one or two at bedtime, sleep well at night, feel better in the morning. Never any unpleasant "next day" effect. Try them, only 25c.

Knight, of Edenton, on Bible Study.

#### WALKED INTO TRAP.

One day last week, Mr. Hugh Shepherd while on a visit to his brother, in South Weldon, happened to be in a store, when a colored man walked in and offered for sale a wheel belonging to a Ford car. Mr. Shepherd told him that he did not want to purchase, but that he knew a man down town that would buy. So he got in the car with the darkie and drove down to police headquarters and turned him over to Chief Crew. The Chief was not long finding out that the car had been stolen from Pender's grocery store in Norfolk.

## WELDON U. D. C.

### October Meeting Held at Home of Mrs. N. S. Barnes.

T. J. Daniel Chapter U. D. held a very interesting meeting Wednesday, October 29th at which a large number responded to call with name of some Confederate General. At the opening president stated that since the meeting four weeks ago the chap had lost one of its honorary members, Mr. P. H. Howell, a Confederate veteran who died October 27, and that the press that day rided news of the death of Genl W. H. Hamerman, command-in-chief of Confederate veterans and asked that the chapter send for a silent moment in honor of these men. She then read verse of Kipling's immortal hymn "Lest We Forget," and in speaking the "Lord's Prayer" in concert.

Treasurer reported 56 paid up members, an increase of ten in the past year. The chapter was well represented at the recent convention at Rocky Mount as there were members who were present and gave fine reports of the convention as a whole.

The chapter committee reported work begun on the restoration of the Confederate cemetery on the mks of "the Chockoyotte" in West Weldon, where 150 unknown Confederate soldiers were buried. This work is in charge of C. I. Gore, Superintendent of Highways for Halifax county and is being done by the Commission for the Junius Daniel Chapter.

At the close of the business program Miss Eleanor Chittenden recited a cute little story of how people are "in Grandmother's day." Mrs. R. T. Daniel sang in her usual sweet way "Carry Me Back to C. Virginia." Mrs. Woodall gave reading "Moriah's Moan" in which her adaptation was ne. Miss Chandler gave an exquisite piano selection and ended up with Dixie when the chapter adjourned with their motto.

The meeting was held at the home of Mrs. N. S. Barnes where she with Mrs. W. T. Shaw, Mrs. C. I. Gore and Mrs. L. C. Draper as a group entertained for the month. The Halloween idea was carried out in the decorations which were elaborate and beautiful, and an ice course with coffee and cheese wafers was served to more than fifty "Daughters" and guests, who were more than pleased with the charming hospitality of these ladies.

#### THE BOOK CLUB.

One of the most delightful fall meetings of the Weldon Book Club was held on Tuesday, October 1st, with Mrs. W. J. Ward as hostess. Mrs. E. D. Poe presided of the club, presided. The secretary called the roll to which the guests responded by naming some of the wonders of Egypt.

The subject for the afternoon was Ancient Egyptians. Mrs. W. L. Knight gave a very interesting reading on Tomb of Tutank-Amen, giving some of the great wonders that have been revealed to the world since the excavation of this tomb.

A paper by Mrs. O. W. Pierce, showing what Egypt means to the world in a historical and commercial way.

A diary containing the travels in Egypt was read and also some curios and kodaks were shown which were very interesting and made the life and customs of the Egyptians more real to each individual. Mrs. Bathart added much to the enjoyment of the club by giving two beautiful voice numbers.

Our hostess, assisted by Mrs. Margaret Green and Mrs. Harry Smith served cream chicken, tomato bisque, hot rolls, bon bons with coffee. The beautiful chrysanthemums added much to the beauty and charm of the occasion. Guests of the club were Madames Woodal and Barnhart.

#### CARD OF THANKS.

To our brethren and sisters in the church and our other friends and neighbors. We wish to hereby express our appreciation of the many tokens of love and sympathy shown our father in his last illness as well as for the kindness shown us in our family besides, during his illness and death. MR. AND MRS. D. B. HOWELL.

## REVIVAL CLOSED.

### The Series of Meetings At The M. E. Church Came To A Close On Thursday Night.

The revival services held at the Methodist church for the past two weeks came to a close on Thursday night with a most enjoyable service and a large crowd present. Rev. J. Vincent Knight, of Edenton, who did the preaching, spoke in a pleasing way of the fine co-operative spirit shown by the other churches of the town and said he had never in his life preached to so large a congregation where there were so few who were not professing Christians and members of some church. Mr. Knight has greatly endeared himself to the Weldon people who have enjoyed the services from first to last. On Tuesday evening a special service was held for the young people and the Sunday school orchestra gave the introductory song service in a most pleasing way. The choir was ably assisted by members of other churches and the faculty of the graded school.

These services were finally concluded on Sunday last. A large crowd attended the morning services and partook of the Holy Communion, after listening to an inspiring sermon by the pastor and at the evening services eight persons were received into the church by profession of faith and two by transfer. The pastor, Rev. G. W. Perry, while regretting that there are some who he would love to see come into the church who did not seem to be at all moved, is pleased with the conditions which attended the close of his first year's work in Weldon. He had planned well for the series of services, had in spite of the fact that the county fair was in progress and many other interruptions, held daily prayer services before the meeting really began. At these the attendance was good and the membership of the church entirely in sympathy with him in his work. The co-operation of the other churches was beautiful and Dr. Poe while compelled to be absent part of the time, while here, gave earnest and helpful interest. Mrs. W. T. Shaw, Mrs. W. A. Pierce and Miss Mary Anderson were faithful in their appointed places with the music which was well chosen as well rendered and much enjoyed. As the conference year draws to a close pastor and people are in love and complete harmony with no fear or wish for removal or change.

#### BEEN TO SCHOOL YET?

The season is now fairly well advanced in school work, and the children are well settled in their daily routine. This leads us to wonder if our readers are carrying out their duties toward educational work fully by paying a visit to the school. The teachers will welcome you, and the pupils will feel glad that you are interested in their work to the point that you want to show it by your presence. You can't find a more interesting place than a schoolroom when "business" is going on and your very presence gives new ambition and new confidence to the children. Not only that, but you may see something that will suggest an improvement worth considering. You'll also have memories of other days called up, your own school days, that will be pleasant. In fact, there are scores of reasons why you should visit your school without postponing it any longer by telling yourself that you will do it next week.

#### CAME NEAR BEING A SERIOUS ACCIDENT.

On last Sunday Mrs. A. M. Rabil and daughter, Miss Nazha, together with two small children were returning from Halifax. Just ahead of them was a car running slowly. Miss Rabil who was running the car, blew the horn for the party in front to give her the road, which he did, but before she could pass, he cut his car in, striking the car driven by Miss Rabil, turning it completely over, severely bruising Mrs. Rabil, and completely demolishing the Rabil car. They were fortunate in being able to get the number of the car and it is hoped the guilty party may be made to pay full damages. It is very fortunate that some of the party were not seriously injured.

#### EPISCOPAL CHURCH.

Arch Deacon Bethea will occupy the pulpit at the Episcopal church, in this place, next Sunday morning and evening.

#### PREDICTS A HARD LONG WINTER.

Now comes a prominent weather prophet and predicts that the coming winter will be a long, hard one. He says snows will be deep and severe and will continue until late in the spring. So to be on safe side, you will do well to buy a few more loads of wood and several tons of coal. Get ready for the worst. The winters have been mild for the past several years and we would not wonder if we had an old-fashioned winter this time. At any rate, it will be well to be prepared. Call up Harry Smith and J. S. Turner & Son. They will look after your wants.

## SPRITLY SPARKS.

### Gathered Here and There and Everywhere.

In some families the only difference between a flapper daughter and her mother is their age.

What does it profit a man to be able to speak seven different languages if his wife does all the talking?

A lot of people lost interest in Mars when they learned that even if it is inhabited we can't sell them anything.

The average Weldon girl's idea of a man's business suit is the one he wears to see her when he means business.

If you want to teach a boy to be a fighter make him wear curls and knee pants until he is about 15 years old.

It strikes us strange that the nation with the reputation for being the most lawless has the greatest number of laws.

Education is great stuff, but the Weldon man who writes dollars with one "1" may have the biggest bank account.

We've noticed that once a Weldon man gets started on the downward path he never thinks to use the emergency brake.

Old-time Weldon fishermen used to boast about what they brought back. Now they boast about what they're taking along.

We don't know how to feel about it, but to us France acts like she licked Germany without any help from the outside.
