

Weak Nervous

"I was weak and nervous and run-down," writes Mrs. Edith Sellers, of 466 N. 21st St., East St. Louis, Ill. "I couldn't sleep nights, I was so restless. I felt tired and not in condition to do my work. I would have such pains in my stomach that I was afraid I would get down in bed. My mother came to see me and suggested that I use

CARDUI

The Woman's Tonic

I felt better after my first bottle. I had a better appetite. It seemed to strengthen and build me up. I am so glad to recommend Cardui for what it did for me. I haven't needed any medicine since I took Cardui, and I am feeling fine."

Nervousness, restlessness, sleeplessness—these symptoms so often are the result of a weak, run-down condition, and may develop more seriously if not treated in time.

If you are nervous and run-down, or suffering from some womanly weakness, take Cardui.

KEEN LINES THROUGHOUT

T-5 WASHAKIE—DESIGN A722

This charming brick home has had results. Brick from local "clay" in every line. It is one of those rare combinations which appearance.

The Washakie lends itself to any number of exterior effects. It will appear artistic with almost any color of brick, depending upon individual taste. The room arrangements leaves little to be desired. The room sizes on the first floor have been very carefully worked out, giving a living room, dining room, den, kitchen and hall which are all comfortably roomy and easy. One very convenient feature is that the three bedrooms all have easy access to the bathroom through a well arranged hall.

7220 brick required, and 2000 white and 27,000 for heat will make the total cost of brick at 15 cents each, \$182,000 and \$27,000 respectively. This includes the brick for foundation, walls and fireplace also. Fortunately for the pocketbook the only difference in cost between a home of permanent construction is the exterior walls above the grade.

The Common Brick Manufacturers' Association, Cleveland, Ohio, has found complete standards for the grade. Each of their construction sets upon exact
