HATS OFF to "the men behind the men manning the ships!"... the civilian shore-workers of the Navy! They are the men and women who build and maintain Uncle Sam's great fleet. Their battlefields are blueprints... their weapons the calipers of the drawing boards... their bullets, rivets. BUT THEY DON'T STOP AT BUILDING - THEY HELP BUY THE SHIPS AND IMPLEMENTS OF WAR THEY BUILD! Besides working long hours and as fast as possible, they're buying Defense Bonds and Stamps regularly, every payday.

The Voluntary Payroll Deduction Plan for the purchase of Defense Savings Bonds, Series E, as sponsored and adopted by the Navy for the use of its civilian employees is rapidly being followed by commercial firms throughout the nation. Thousands of employees of the Navy have realized that a systematic savings plan for buying Defense Bonds regularly brings better results than haphazard purchases.

The Virginia Electric and Power Company has adopted the Payroll Deduction Plan for the purchase of Defense Bonds and hundreds of Veeco employees are now using this means for making their contribution toward bringing about Victory.
