WHERE IT'S THE SURVIVAL OF THE FITTEST... Their Outfits are COTTON

IN THE HOT, INFESTED JUNGLES OUR TROOPS ARE BEING OUTFITTED WITH THE U.S. ARMY QUARTERMASTER CORPS' NEW **ALL-COTTON** ONE-PIECE UNIFORM, WORN WITHOUT UNDERWEAR. SUSPENSORS HOLD UP GRENADE LADEN PANTS POCKETS AND ELIMINATE THE BELT, HELPING PREVENT PERSPIRATION IRRITATIONS...
EVERYTHING THESE SOLDIERS WEAR, FROM PLASTIC HELMET LINERS DOWN TO MOSQUITO GLOVES AND ROT PROOF SHOES, HAVESACK, WEBBING, GUN SLING, PURE-WATER BAG AND EVEN THE TAPE TO MUFFLE CLASHING IDENTIFICATION TAGS ARE MADE OF **COTTON**.

THE ALL PURPOSE JUNGLE HAMMOCK DESIGNED BY THE QUARTERMASTER CORPS IS MADE OF **COTTON** TIRE CORD, AND IS THE MOST COMFORTABLE HAMMOCK MADE... IT WEIGHS ONLY 22 OUNCES, YET CAN SUPPORT THE WEIGHT OF 5 MEN.

IT IS USED AS A CARRYING BAG... AS CAMOUFLAGE IN OPEN TERRAIN... AS A HYGIENIC SUSPENSION OVER MUD IN FOXHOLES... WITH ONE SOLDIER RESTING WHILE ANOTHER REMAINS ON GUARD... AND IS EVEN USED AS A FISHING NET!

COTTON also is FEED.

The 1942 cotton crop yielded enough cottonseed meal to supply essential protein for 6,829,000 dairy cows producing 14 billion quarts of milk—or for fattening 11 million beef cattle producing 2 billion pounds of beef.

Cotton's 2,050,000 tons of cottonseed meal represented approximately one-third of total U. S. production of protein feed meals.

In addition to protein meal, the same cottonseed yielded one million tons of hulls for roughage—the equivalent of more than 2,000,000 tons of corn or sorghum silage.

(NEXT: Cotton Linters are Fighting Equipment)

Because of the tremendous importance of the Cotton Crop in The War effort of The Nation, it is incumbent upon every Farmer to watch his crop from the start until he takes it to the Gin, and to do everything in his power to raise a full crop. Self-interest indicates that this be done because Cotton is selling for a Good Price--But over and above all, it is the call of Patriotism to the Farmer.

EVERY U. S. Fighting Man Uses Cotton EVERY DAY

Serve your Country in the U. S. Crop Corps!

In many areas, men and women, boys and girls, will be vitally needed for work on farms and in food-processing plants... to help save American crops for Victory. Be ready to volunteer for service in the Government's official U. S. CROP CORPS!

- Q. When will the Crop Corps recruits be needed?**
A. Anyone with the entire summer free should volunteer now. Consult your local County Agricultural Agent or U. S. Employment Service.
 Anyone with only a few days or few weeks free will still be able to help during local harvest and food-processing seasons. Volunteers for such help will be solicited by a Community Committee. Watch your newspaper and listen to your radio for local information.
- Q. Will the Crop Corps recruits be paid?**
A. Yes. Crop Corps recruits who qualify for service will be paid at prevailing rates for the kind of work they do.

U. S. DEPARTMENT OF AGRICULTURE and THE WAR MANPOWER COMMISSION
