Happy NEW YEAR 1945

It was hope that sent the Spanish galleons plowing through uncharted seas... hope that kept them on their course until they sailed between the Virginia capes. It is hope that "springs eternal in the human breast," hope that gives to New Year its magnificent spirit and the will to do.

Hopes are stronger than wishes. We hope for you in 1945 the fulfillment of all you plan for today, the best twelve-month that Father Time has ever meted out to you. And for right now, the happiest of New Years.
