

# -New Store in Trenton.-

The Trenton people now have an opportunity of buying from large assortment of DRY GOODS, NOTIONS and SHOES, at New Bern prices. It's a New Store we have opened, and we are going to keep a complete assortment of goods and sell them at as LOW PRICES as any house in the country. The Dry Goods business has been our daily study. The stock is selected accordingly, so are our prices. We can afford and will sell cheap. We are not running a fancy toy store, but keep the goods the people want. Our great buying power enables us to secure goods at very low prices. You shall have the benefit.—What you want is the lowest prices we can offer, then your interests are the same as ours, it's the values we give, is where your benefit comes in. We have not come just to run off somebody else's stuff, but have come to stay, and if you will give us your trade, we promise to do our part by selling the stock way down in prices.

Bring this paper along with you and you will find everything just as we say. We name prices on some of our Dry Goods, Shoes, Clothing, &c.

## Things Worth Knowing

A barn belonging to Mr. Thos. M. Clerk, of Orange county, was destroyed by fire Monday night. A horse was burned up in the barn, and a mule was so badly burnt that it is expected to die. Cause of the fire unknown.

Ex-Sheriff W. A. Bailey, of Davie county, says he raised wheat enough this year to last, Mrs. Bailey and himself the balance of their lives. He only threshed out 2,780 bushels.—Winston Sentinel.

We are informed that one gentleman in Holly township has had the misfortune to lose a drove of sheep containing about fifteen head; all died for want of water, there being none in the creeks and branches and but very little in the Northeast river.—Pender Star.

The cotton crop in this and adjoining counties is about all gathered. Reliable and conservative farmers say there will not be more than half a crop. In many sections fully matured bolls that appeared just ready to burst have withered and dropped off on account of the exceptionally protracted drought during the summer.—Pender Star.

Lewis E. Hill, of Buffalo whose body was found in the river at Chicago, was formerly paying teller in the Ellicott Square Bank, Buffalo, N. Y. He disappeared a week ago with \$2,000 of the bank's money. Half of this amount Hill subsequently returned to the bank and his brother made good the balance. The bank authorities had not asked for his arrest, as they had not suffered any loss.

There are some swift cotton pickers in Robeson county, but the champions picker is probably Dud Stevens, colored. Last week on the farm of J. C. Atkinson, he picked out 404 pounds in one day. There were some others good pickers in the field with him. Edward Atkinson picked out 331 pounds and Pat Stevens picked \$25 on the same day.—Lumberton Robesonian.

Governor Russell has suspended the two Wilsons, Railroad Commissioners, and appointed L. C. Caldwell, Populist of Statesville, in place of Major Wilson, and John H. Pearson, Democrat, of Morganton, in place of S. Other Wilson. It is claimed that they are really Butler's appointments, both being under his dominion. Pearson claims to be a Democrat, "but has been awful wobbly." The courts will have to decide the matter, and the action of the Governor will be submitted to the next Legislature. It is generally believed that Governor Russell has done what he intended to do from the beginning. We will be very much surprised if the partisan Governor is sustained either by the courts or the Legislature. Gov. Russell may have done what he thought was right, but wasn't he controlled in his action in this matter by his prejudice against the Southern Railway, rather than the guilt of the two Railroad Commissioners he has attempted to remove? It will be difficult for him to convince the people that he was not deeply prejudiced in this matter.—Orange Co. Observer.
