

SMITHFIELD HIGH TIMES

Shocking everybody with his electrifying party tricks, Wayne "The Brain" Hildebrand turned the reunion into a real blast.

Roy Hartley was seen dropping cyanide tablets into the punch bowl. "Anything to perk up a dying business," explained Roy, the friendly undertaker.

Nancy Moore, now wed to "The Rock", was telling everybody about the patter of tiny pebbles around the house. She even uses the eyelash psychology on the children. It seems to work as well as it did on her husband.

Also excited about the patter of tiny feet was Norma Kistler, who has proved they are "cheaper by the dozen". Explained Norma, "I was trying for a new kind of baby--A Sta-Dri."

General Billy Lynch, most decorated soldier of the Fort Bragg summer camp, was trying to recruit some of his old classmates for the marines. Among those he talked to were theatre magnet and expert popcorn popper, Donald Johnson; international playboy, Norman "Sexaro" Underwood; and dare-devil Bobby Bryant, famous for his death defying feats in a pick-up truck.

Ann Stallings known far and wide for her crowning glories was recently selected to reign over the Azalea Festival in Wilmington.

Thus ends the prophecy of the Class of '57.
