THROUGH THE YEARS

The close of the 1961-62 school year ends the high school career of our graduating seniors. Through the years, we have collected many cherished memories - our first impressions, getting adjusted to the new daily routine of changing classes, mastering the new field of Latin and algebra. How we canvassed the town for subscribers for our sophomore magazine sale! How we prepared to get our drivers' licenses! When we realized that our junior year had approached, our hearts leaped up at the thought of the Junior-Senior, the junior play and attending College and Career Day activities. Finally came "The" year with the realization that some of us had not taken advantage of our opportunities as we should have and much had to be done in order to share in the senior tradition - class rings, graduation invitations, caps and gowns, and a diploma.

It is with mixed emotions that we come to the close of our high school days. Intermingled with our memories are the spaces in our hearts filled with love for those who have helped prepare us for molding our future.

A WORD OF APPRECIATION

Another year of hard work and many memories has come to an end for the students of S.H.S. To the seniors, who have been such wonderful friends and guiding lights, I would like to say thanks for all they have done, each and everyone of them, in making this a year I will never forget.

Best wishes for a future filled with happiness and success are extended from all who remain to you, the seniors of '62.

To Carol Ann Wickham, this year's editor of the High Times, I would like to extend my deepest appreciation for her kindness and help to me, as well as the other members of her staff, as we worked together attempting to publish a school paper the students would be proud of. Many things go into the making of a good paper and Carol Ann has certainly put forth her best as editor of the 1962 High Times. Your staff thanks you and wishes for you the successful future you so richly deserve.
