A Bad Name?

Last Tuesday in assembly C. H. H. S. students were told that tickets which for several years have been available through the Playmakers at half price, would be canceled because of misconduct.

It started us asking questions about the source of this information and about the true basis for this accusation. The high school has had black marks on its conduct record in the past, but the best reasons advanced have given small justification for the threatened cancellation.

It is true that at University pep rallies paper airplanes and toilet paper have been thrown, but so far as the staff has been able to investigate, no evidence of misconduct at Gilbert and Sullivan productions has been uncovered.

We hope that if C. H. H. S. students are responsible, they will remember that the whole school suffers for their misconduct; however, we feel that we are due a more complete explanation from the authorities concerned with dispensing the tickets before so drastic a step is taken.

SILO—"Full of Corn"

THE LATEST NEWS:

Flash—It has just been announced that the leading columns of Field Marshal von Vith-thevind's powerful army have smashed through the V-12 defenses west of Carrboro, N. C., and are now rolling unmolested into the strategic road junction of Chapel Hill, N. C. Only a miracle or Ernie Pyle can save that town now.

Flash—V-12 headquarters in Chapel Hill, N. C., the strategic road junction at which the invading forces are aiming their spearheads, announced late today that the advancing enemy forces have been stopped between the stop-light and the Carolina Theatre. A great battle is being waged at this point although it cannot be determined at this time whether or not this action is being caused by the heavy V-12 resistance or by the crowd trying to get into the midnight show.

Farther down the street an even fiercer battle is raging between the men of the Wildcat Division under the command of General Dwight "Little Ike" Wright, trapped in the Cone House, and a large body of enemy soldiers. The enemy at eleven yesterday asked General Wright to surrender, but were met by the reply of "Go to Razzberries."

House-to-house fighting has been going on throughout the town for the past day and night, especially in the vicinity of the Varsity, a place which has changed hands several times in the past few hours. At present the soda fountain is reported in enemy hands because the V-12 forces defending it were forced to retire earlier in the day when the supply of Pepsi-Cola ran out.

Enemy losses until noon today have been very high. Accounting for many of these casualties were the number of invaders who were put out of commission by the booby-traps in Sutton's.

Much credit for bringing the enemy armies to a standstill is due to the well-known V-12 agent, Mrs. Mati-Hari Lawson.

Across the battlefield from town, an invading column attempted to outflank the Pre-Flight School with the surprise attack through Kenan Stadium. The advance was discovered in time and Pre-Flight forces put up a terrific goal-line stand, digging in on the five-yard line. Four times the enemy attacked and four times the Junior Birdmen, under the command of General "Go-Get-'Em" Gleasner, rose up to stop them before taking the initiative. Another enemy attack developed south of the Med Building. All available manpower, including the stiffs in the basement (representing the 4th, 5th, and 8th corpses) were thrown into the fray in an attempt to stop this enemy thrust. At last word the situation was extremely critical.

This news was brought to you by Esso Marketers, makers of Esso Oil Products. Remember, Esso spelled backwards is Osse. Do you know that your Osse comes from a hole in the ground?

Due to the lack of entertainment after those (hmmm-mmm) exams, we flipped through our telephone directory and our mysterious instincts got the best of us. Here's hoping this drives you crazy!

We noticed that 5581 got left on the Efland trip, which completely changed 3151's plans for the evening.

It seems that both F-3101's, Cotton and J. D., got a little irritated at the many factors which disturbed them coming back from Efland, mainly the bumpy road and Johnny's fast driving.

7706 waves faithfully at 7326 every morning when he passes her as she waits for 5451.

We suggest to the freshman girls that after this they go along to protect their interests in 7621. Seems those Efland girls thought he was "just precious."

8516 and Preston have been seen here and there lately. 'Nuff said!

We noticed that 4946 couldn't seem to make up her mind between 5976 and F-2806 at Efland Tuesday night. Ain't women fickle??

We just discovered a new couple we want to get together . . . 5891 and 4941. (Betcha can't find this one.)

We haven't been hearing from 8831 lately . . . What's wrong, kid . . . won't Energine give you a tumble???

Heck, this is driving us NUTS!!

SEEN AROUND TOWN

Ward Peacock driving his jalopy around . . . trying to impress someone, Ward?? (Maybe she is!!)

Seniors exchanging pictures . . .

Bill Sonntag really getting into the swing of things . . . and we mean in more ways than one . . .

Jean Farrell sportin' her wings around in full fashion . . .

Betty Ward, Lyndal and Wilda looking pretty dreary since the Navy left town . . .

CAROLINA THEATRE

SUNDAY and MONDAY

"HERE COME THE WAVES"
