### Mrs. Johnson Sends Thanks

The campaign to secure money for the draperies for the Elementary School auditorium has gone over the top. The Committee in charge, of the P. T. A., would like to thank everyone who has had a part in making this possible; the boys and girls themselves, their parents, the American Legion, the Rotary, and Kiwanis Clubs, the Chapel Hill Weekly, and numerous other friends of the school.

The order will be placed immediately and the curtains will probably be installed by the opening of school in September.

This will be of benefit to the high school as well as to the Elementary school, until the high school secures an auditorium of its own.

MRS. CECIL JOHNSON,  
*Committee Chairman.*

### ADDED NOTES:

We were riding to Hillsboro the other day and on the way were trying to explain to Manager Donny Carroll how to score baseball. During the conversation Donny happened to ask how you signify that a man has stolen a base. "Well," we replied, "you just write the letters "SB" besides his name." Replied another member of the party, "That's not a very nice thing to call a fellow just for stealing a base." . . . We were out with our girl the other night and during the evening the conversation shifted to socks. "Are those bobby socks you have on?" we asked coyly. "No," replied Bootsie, "these are the ones Joe gave me." . . . We wonder who Joe is? . . . On same date our journey carried us in the course of events to the *Scuttlebutt*. On our arrival there, we found the place to be closed and only by the use of our skeleton (the closet's full of them) key and our traveling salesman's personality were we able to gain entrance. "Hey, Clem," we asked on reaching the inside, "what are you closed for? It's not ten o'clock yet." "Well," replied Clem, "what's the use of waiting until the last minute?" . . . Latest M. F. Teague joke:

1st: "Why does everybody say Teague has a Roman nose?"

2nd: "I guess because it's roamin' all over the place."

We see by last week's paper (yes, we do read it) that another columnist who writes for this paper and whose stuff appears about two pages back doesn't like the fact that the baseball team sticks up for itself when it thinks it's getting a raw deal. It seems that said columnist believes the whole affair in Hillsboro was rather silly. How does she know? She wasn't even there. The story she heard about the game must have been like most of the material in her column—second hand. We think it would be wise in the future for such writers to check their information before making such statements. . . . Motto of the Junior boys: If you got to go, Goehagen. . . . According to the Chapel Hill Chamber of Commerce it never rains in Chapel Hill. That wet stuff you see is mist. We'll never forget the week the mist washed away three bridges. . . . And then there's the fellow who asked a resident of the town if the snow in Chapel Hill was wet snow or dry snow. Replied the resident, "I don't know. I've only lived here twenty years and I was sick both days." . . . As far as we can see there's nothing wrong with Chapel Hill weather. You just have to pump it out of your basement now and then. . . . And speaking of weather, we were up in the grammar school the other day when one of the teachers asked a little boy to spell the word "weather." Well, the little boy tried his best, but the result was by a long shot wrong. As soon as he was finished the teacher paused for a moment and then remarked, "You know, Johnny, I've been teaching school for twenty years, but I think that's the worst spell of weather I've ever seen." . . . We don't know whether or to believe that. . . .

This is station KYHE bringing you news and views of personalities around Chapel Hill.

Cupid still has us guessing who took Faye Jones to White Lake last weekend?

Another quite complicated matter is the affair of Hilda, John, Blake and Earl. First, she (meaning Hilda of course) going with Blake. "No," says John, "with me." But it finally ends up with Earl being the lucky guy. *Ho Hum* will she ever make up her mind.

Since when can Senior boys (B.C.) date Freshmen girls (M.C.)? Draw your own conclusions.

Mr. Frank Pittman says he's quit Dot Hogan, but we think not. Frank is not a man about town except when he is around Dot.

Smitty Lineburger is a very handsome boy according to reports received from certain Freshman and Sophomore girls. Since Mr. Lineburger has come up in the athletic world women have flocked to see him. Personally, we still think he likes Nancy Cobb!

The other day your announcer received a wire from Mr. Houston Teague. In this wire were these historic words, and I quote, "I love them all."

The Freshman girls certainly do get around a lot.

We wondered why Elizabeth M. made so many trips to the candy counter at the Carolina Sunday night. The reason!???

Joyce Boone certainly goes to visit her aunt in Durham quite a bit. Joyce, who is this boy named "Buck" Roberts?

Bill Lindsay really had fun explaining Army tactics to Nancy Bailey Sunday night. Bill, if at first you don't succeed, try, try, again.

Colleen Hackney broke up with Harry Phillips. Wonder why she is trying to win him back now?

Tom Lane has established a beachhead on Hamilton Island and the situation is well in hand!

A certain freshman girl wants more people for the Junior class to join the choir—*preferably boys*. Could this be because of Houston Teague—? Could be.
