

THE HOWLER

Published Semi-Monthly

Editor-in-chief...Edwin B. Hunt
Associate Editor....Ruth Barrs
Business Mgr.....H. F. Leonard

EDITORIALS

Every boy and girl in this school should be a subscriber for our school paper, The Howler.

This paper is supposed to be a mirror reflecting the work we do in school.

If all of us show the proper attitude toward our school, then we will be ever ready, and willing to do anything for its good.

The school paper is not only a reflection of what we do in school, but is one of the best ways to advertise our school.

We should have contest often to see who can write the best articles for our paper.

If a student is very enthused over his school work, and the work that others are doing in school, then he will be anxious to put his shoulders to the wheel and push. He will be glad to see in print anything composed by one in our school, and especially will he be anxious to see an article written by himself.

All of us know that it requires finance to do almost everything. And it requires finance to have our paper printed. Why not save that five cents that you would spend for candy or something else and buy a school paper? It is true that we can get some ads to help defray the expenses, and perhaps might be able to secure enough to pay for the publication, but now, honestly, don't you think it hurts the look of the paper to have so many ads? Surely it does. Then let's cut out part of the ads and have more reading matter. We can do this if you will bring your money and subscribe to our school paper.

Our paper speaks well for our school, and we have the honor of being the first rural school

in Davidson County to edit a school paper, and present it to the public at large.

Don't you have a little feeling of pride over this- If you retain the feeling you should, you will certainly be glad to know this, and have more pride in your school.

So come on! Let's go! Boost "The Howler," Boost your school Let's make old R. H. S. shine!

EDITORIALS

Do your duty--Subscribe for The Howler.

The Howler should be in every home in Reeds District--not only the homes represented in school but those that are not represented also.

We appreciate the hearty cooperation of all the merchants, firms and other business houses who have made the publication of The Howler possible by advertising in it. Yet we pity those who would not part with a few cents for the support of something that belongs to every resident of Reeds Consolidated School District.

The Basketball team appreciates the attendance of the faithful few," and now, that the tide has, seemingly, turned they hope to add laurels to R. H. S.

Come on students, parents, let's make our school worthy of the support of every citizen of Davidson County.
