**PRUNE AND SPRAY WITHOUT DELAY**

The dormant spray should be given at once unless you have already sprayed your trees. We advise that all trees on your premises of the fruit and nut type be sprayed. This dormant spray will help to make your trees shed and look smooth. Then every 18 days, beginning with the spray at blossom time, should be followed for seven or more sprays. There is perhaps someone in each community who has studied spraying. We mention two who we know have studied this: Captain R. W. Jones of Fairfield and Mr. Bennie Statesbury of New Holland. Through spraying, many nice peaches and apples are being grown in Hyde County. Your county agent, too, will help. Prune and spray your trees at once.

**NOTICE!**

The Board of Commissioners will sit as a Board of Equalization at the Court House in Swanquarter, N. C., for the townships as follows:

- Ocracoke Township—March 17 through April 7.
  - Lake Landing Township—March 17 through March 22.
  - Swanquarter and Fairfield—March 24 through March 29.
  - Currituck Township—March 31 through April 7.
- Ralph L. Roper,  
 Tax Supervisor for Hyde County

Among the Albemarle School boards certified were:

- Hyde—N. Forest Sears, James W. Miller and George C. Cutrell.

**Go Ye Into All The World And Preach  
 The Gospel To Every Creature**

**Somewhere Your Church  
 is  
 Preaching-Teaching-Healing-Serving**

*May we count upon you?  
 Only so is it possible.*

Bring a proportionate part of your earnings to the Lord's house each Sunday. Give regularly, systematically, freely and individually. Plan to give something. Lay aside the Lord's and give it through the church. Help support the orphanage, the hospitals, the schools, the aged ministers, Christ World-Wide Mission program. Be a co-operative Christian.

The Sunday school is for the entire family. Come and bring your family next Sunday and on and on.

**IT PAYS TO ADVERTISE**

Why do hen eggs sell better than duck eggs? For the same reason that one company gets more business than another!

When a duck lays an egg, she simply gets up—and waddles away. No fanfare—no demonstration.

But when a hen lays an egg, she cackles and cackles, and stalks proudly around, calling attention to her accomplishments. She knows what she has—and she advertises it.

If you have a business worth-while, advertise your goods.
