Keith's Supper Market of Wake Forest held the Grand Opening of their new store on Wednesday, Thursday, Friday and Saturday, March 12, 13, 14, 15.

They have taken over the store formally occupied by The Parker Hardware Company and combined it with their store, giving them twice the floor space they formally had. Two large openings between the two stores have been made thus facilitating easy flow of customers through the store. New refrigerators have been installed and new gondolas, or shelves for merchandise, which place items within easy reach of the customer have also been installed in both stores. A fresh coat of green paint has been given the whole store and everything looks spic and span.

Jones Sausage Company held a demonstration on Friday in the store and gave away sausages and hot dogs.

On Saturday The Pine State Creamery gave away 375 Dixie cups of ice cream to customers.

During the drawing, Radio Station WFDD carried a 45-minute program, holding interviews with customers and conducting a quiz program. Cartons of drinks and other prizes were given those giving the correct answers.

About 1500 people registered and during the drawing the store was full of customers. Mr. Keith stated that the response was more than they anticipated.

Baskets of groceries valued at \$10.75 each were received by the following persons who held lucky tickets: Mesdames W. E. Spears, Ella Britt, J. E. Every Christian A Missionary

By W. R. Cullom
Those who have heard me preach regularly for length of time will recognize at once in my heading one of the main threads of my regular teaching. The last of the direct commissions of our Lord to his Apostles (Acts 1:8) bids them to be "witnesses" in their own community and to the ends of the earth. If this does not say explicitly that each Christian should incarnate in himself and express in his daily routine the spirit and purpose of God as these are revealed in Christ, what does it say? Another way of saying this is to say that any-and all worthy service rendered to a fellow man in the spirit of esus is as truly carrying out the purpose of God as if it were directed and backed by all the mission boards. I have been told that a woman in eastern North Carolina many years ago was going to the foreign field as a missionary. Some one inquired as to whether she had been ordained. "No," said she, "but I have been fore-ordained." What we speak of as "the great commission" (Matt. 28:19-20) is not far from where our Lord speaks of people as being judged at last by the way they have treated those right by their side who were in need (Matt. 25:31-46). Dr. John A. Broadus used to tell his classes of a young woman who made application to her Foreign Mission Board to be sent to China. When she came before the Board to be examined, someone asked her as to what she had been doing in her home community. "Oh," said she, "I'm so deeply concerned for the poor heathen that I can't give much attention to those in our neighborhood at home." All will understand when I say that the vote on her application was wholly negative.

To Speak Here Dr. Rankin

Dr. M. Theron Rankin, executive secretary of the Foreign Mission Board of the Southern Baptist Convention, will be the principal speaker here Tuesday, April 1, when Southeastern Baptist Theological Seminary observes Missionary Day.

A widely known leader in the mission field, Dr. Rankin was elevated to his present position in 1945. From 1934 to 1945 he served as secretary of the Orient.

Dr. J. B. Hipps, professor of missions at Southeastern Seminary, who made the announcement that Dr. Rankin would be the Missionary Day speaker, said that this would be the final observance of the mission day programs for the present school year.

Seminary classes will be dismissed for the summer on May 2. A large number of persons from this area are expected to attend the Missionary Day exercises which will be held in the chapel of the Music and Religion building at 10:00 a. m. on April 1.

Wake Forest Starts Campaign

James Anderson of Wake Forest has been announced as "major" in command of the Wake Forest area in the Wake County Chapter, American Red Cross Fund Campaign, according to Karl Hudson, Jr., County "Colonel."

The county-wide campaign was "Kicked Off" at the Woman's Club in Raleigh on Tuesday, March 18, with a second report meeting on Friday, March 21. To date the campaign has reached 66.7 per cent of its goal of \$59,800.

"The areas outside of Raleigh are responding to the 'Call' this year better than ever before," Holleman stated, "because they have been made more aware than ever before of the broad county services of their Chapter. Our citizens are being made aware of the county Nursing Service of Red Cross, the classes in Simple Care of the Sick and Mother and Baby Care that are being conducted in our county schools. The Life Saving and Swimming Instruction given by Red Cross throughout our county has, no doubt, saved many lives in Wake County alone. The Blood for Defense program in Wake County and the countless services that are going on for Wake County servicemen and their families, every week in the year, make us realize how valuable and necessary our Wake County Red Cross is right here at home as well as over the nation and world."

Young People To Go Overseas

At least three young North Carolinians will go abroad in 1952 as "grass roots ambassadors" under the International Farm Youth Exchange program, according to L. R. Harlan, state 4-H Club leader for the State College Extension Service.

Young people from 20 to 28 years of age who are interested in making one of the trips should apply to the local county farm agent or home demonstration agent, or write Harrill at State College.

On a national scale, a grant of up to \$150,000 has been made by the Ford Foundation to the National Youth Exchange program to continue and expand the International Farm Youth Exchange project this year.

No government funds are used in financing the program, which is dedicated to the belief that understanding is the foundation of world peace.

The IFYE program seeks to further international understanding among rural people. Delegates from farms in this country live and work with farm families in other countries for four to six months. At the same time, rural youth from cooperating countries come here for similar experience.

Last year, 75 American young men and women visited 29 foreign countries, while 45 exchanges from abroad came to the United States. With the assistance of the Ford grant, this year's program will be expanded to 135 two-way exchange with some 40 countries in Europe, the Near and Far East, Latin America, the South Pacific, Asia, and Africa.

Sue Nichols, 20 Wake County 4-H Club girl, is now in Australia under the IFYE program.

When I entered Wake Forest as a student in 1886 I went to board with a good woman who had come from Warren county. This woman had a beautiful young daughter who was about ten years of age the time. A year or two afterwards this woman moved back to her old home in Warren county, the daughter grew into young womanhood, felt the urge within her to go to China. Our Foreign Mission Board in Richmond sent her to China as a missionary. No missionary ever applied herself more faithfully to her task than did this young woman. A breakdown in health made it necessary for her to return to America. For a good many years now she has been a patient in our State Hospital at Raleigh. For sometime she has been thoroughly normal. I go to see her as often as I can make it practicable to do so. One day I went to the "hill" and found myself at the wrong building. One of the attendants very kindly piloted me to the right place. Wm. S. Allen New Weekly Publisher

Print Shop To Be Installed Here

William S. (Bill) Allen and his wife, Mabel Mathews Allen of Wake Forest, formerly of Narrows, Va. have recently purchased The Wake Weekly from Mrs. Inez K. Black and Mrs. Sibyl B. Gulley and will assume the work of publishing the paper on April 1, 1952.

Mr. Allen was born April 12, 1919 in New Jersey but spent most of his life in Florida at Lakeland. He spent three and one-half years in the Army during World War II—three years in the European theatre, two of which were spent in Italy.

After the war he attended Washington and Lee University at Lexington, Va. and graduated from the institution in 1948, receiving an A. B. degree in Journalism.

Following his graduation he taught for two years and edited a weekly newspaper at New Castle, Va. From there he went to Narrows, Va. and started a weekly newspaper, a project of the Kiwanis Club. Last fall Mr. and Mrs. Mathews decided to sell their newspaper and do other work. But the old saying, "Once you get printers ink on your hands, you can't ever do anything else," applied to them. So they traveled around a bit trying to find a paper and town that they would like to settle down in. They came to Wake Forest and fell in love with the town and think it is a place where people they have met so far have been just wonderful to them. They talked Mrs. Black and Mrs. Gulley into selling them The Wake Weekly.

Mrs. Allen is a native of Rocky Mount, Va. and a alumna of National Business College in Roanoke, Va. She began working in a printing shop in 1948 with her husband and has learned to like the newspaper business very much.

They are installing equipment in the building on the corner of Brooks and Elm Streets, formerly occupied by Guest's Cabinet Shop. They will be equipped to print The Wake Weekly right here in Wake Forest and will also do job printing.
