Roving Around

Chief of Police Floyd Whitman, Jr., tells us that the Fourth was very quiet around Wake Forest. There were no auto accidents, no drownings, no fireworks reported, and no more than usual Saturday night activity, he said. It sure ain't like the old rootin' - tootin' Fourth we remember.

Any Red Bananas Today? Is the call at Hollowell's Food Store, where they got in a shipment of the red-skinned fruit. We had several, and can tell you they are good — have more real banana flavor than the yellow kind.

In case you happened to be in Forest Furniture Store, you may have seen the Republican Convention on television. We saw it and suddenly wished that we had a set at home.

Electric Refrigerators seem to be in short supply, according to several of the appliance dealers in town. This must be the indirect result of the current steel strike.

Speaking of the Steel Strike, reports are made of the people who are out jobs in allied industries, etc., but ou never hear anyone say about the poor weekly publishers who have their auto advertising cut off, or lowered, because of the lack of steel. It goes right back to you readers, because the less advertising, the less reading you do in your hometown newspaper, The Wake Weekly.

We had an ad cut this very week, solely because of the strike.

The American Legion post 187 is sponsoring the Foggy Mt. Boys on stage at the Wake Forest Hi School on Thursday, July 24. Admission: adults, 75c and children under 12, 25c.

Boy Scout Troop 307 of Glen Royal, will give a Barbecue Supper in the Community House on Friday night, July 18, at 7:30.

The troop is under the direction of Scoutmaster Clyde Coppedge.

The boys are trying to make camping expenses through the barbecue, so you are helping to promote scouting, as well as getting a good barbecue supper. The price is only \$1.25, and you can be assured of good food.

Anybody got any ripe garden tomatoes? We have been looking at gardens in the area, but haven't noticed ripe tomatoes. How about telling us about your "firsts"?

Anybody who says we need rain now — sure doesn't live around Wake Forest. The official rainfall is probably only a couple inches, but the soil in my garden is saturated through and through.

We're not betting any money, but we hope that Eisenhower will be named Republican party candidate by the time that this paper reaches you. If Ike is not nominated, in our opinion, any other candidate will have slender possibility of taking the general presidential election in November.

Ike seems to be the only Republican possibility who rates any real popularity with the South. And the South will determine who wins the presidency in 1952.

Don't forget the Civic Club - Home Demonstration Club Joint Picnic at Forbes' farm out Neuse way. On Wednesday, July 16, at 6 in the evening.

The clubs will provide plates, cups and drinks, Civic Club President Bond says. Everybody Invited

LAUGH AND LIVE

Absent-Minded Professor: (leaving Church) — Who's the absent-minded one now? You left your umbrella back there, and I not only remembered mine but I got yours, too.

Wife: (gazing blankly at him) But neither of us brought one to church.

A communist is a fellow who takes your pot to cook your goose in.
