

Roving Around

Town Commissioner G V Barbee tells us that the Town is paving Pine, Vernon and Wingate streets. Work has already started; the cost is said to be about \$35,000 total. It should be finished by school starting time.

Have you been down to Luther's Food Center to register your guess on the bag of flour he has? If you come the closest to it, you get the flour. Judging will be on Aug. 2

We got a response to our call last week on who has tomatoes in their gardens. Mrs. Ralph Cruser told her husband to tell us that he has had big, red ripe tomatoes in his garden since the Fourth of July. He said he had corn, too. Who else, huh? Call us, please.

E G Macon tells us that he expects to make about 3/4 of his tobacco crop. The dry weather hurt it, but the recent rain brought it out. Hopes to start priming in a week or so, he said.

Buddy Holding says that there is one crop that likes hot dry weather — cotton, and that the crop expectations look good.

Tom Holding's Drug Store is our nomination for coolest spot this week. Went in there and near froze with only a tee-shirt on.

Ben's of Wake Forest has good news for you men — he is starting his summer clearance sale. He lists lots of real bargains. See his ad in this issue.

If you like barbecue — and who doesn't — Scoutmaster Clyde Coppedge of Troop 307 invites you all out to the Community House on Friday night at 7 for a real barbecue supper. (We have already bought two tickets.) The boys are using this project to help pay their expenses to camp, and you can help them to camp — and get a good supper, too.

If we don't get some oil put on our dusty street by this newspaper shop, we may not be in business next week. Truly, the dust is really terrible — and we have to spend a large part of each week cleaning machinery, when we could be working on printing news. We hope some kind Town Father will read this plea, and come to our rescue. We are really serious.

Mrs. Inez Keith Black and Mrs. Donald Gulley tell us that they have bought the insurance business of the late Mr. John M. Brewer. All persons who had accounts with Mr. Brewer are asked to please contact either Mrs. Black or Mrs. Gulley at the Wake Insurance Agency office over The Coffee Cup on White Street.

We notice something down here in Carolina that is lacking where we come from in Virginia — the beautiful Crepe Myrtle bushes, that are now coming into full bloom. Particularly nice are the bushes on Jones street right in the center of town, and the others around the area.

H B Jones, out Wake Cross Roads way, tells us that the Revival they had out at their church was a real success — last Sunday for Sunday School there were 295 in attendance, and considerably more came to church. These are reported to be record attendances for the church there. The Rev. Richard T. Bray, Jr., is pastor.

Mrs. B R Page has informed us that she, too, has ripe tomatoes in her garden. She got the first on Monday, and several more are just about ready. Her okra and butter beans are ready, and she has been eating them.

Frank Smith at Smith-Hill Furniture company was telling us that he is having a photographer come to his store next Friday and Saturday, July 25 and 26.

This man will take FREE pictures of all children brought in between the ages of 8 weeks and 8 years. A grand award will be made to some lucky child of a large oil full color portrait.

BOY SCOUT FINANCE COMMITTEE MEETS TO DISCUSS MAKING LARGER 1953 BUDGET

A group of Scouting men representing Occoneechee Boy Scout Council met to discuss the 1953 budget. They held the dinner-meet at the Raleigh S & W Cafeteria.

Included at the meeting were Dr. C T Wilkinson and his guest, W S Allen, of Wake Forest.

The purpose of the meeting was to co-ordinate a report to the Community Chest for incorporating the Boy Scout fund in the Drive.

Harold Makepeace, chairman of the Council finance committee, led the meeting. It was pointed out that each of the 12 counties in the Council must bear its proportionate share of the expenses. It was further pointed out that this county (Wake) in 1952 made only 82% of its quota, while one other county went over its quota by a large percentage. Wake is asking the Chest for \$25,000 this year, it was reported. This is more than has been asked for in previous years, because of necessary expansions in procuring field workers.

Mrs. J. H. Carroll

Funeral services for Mrs. J. H. Carroll, 78, of Wake Forest, who died Tuesday morning, July 15, at her home following a heart attack, were held Wednesday at the Beddingfield Funeral Chapel. Dr. Glenn Blackburn and the Rev. C. H. Norris officiated and burial was in the Wake Forest Cemetery.

Mrs. Carroll was a lifelong resident of Wake County, and had lived in Wake Forest for the past 40 years. She was a member of the Wake Forest Baptist Church.

Surviving are a daughter, Mrs. C. J. Kittrell of Elizabeth City; 3 sons, John H. Carroll, Washington D. C., Robert Carroll of Los Angeles, California, and Tommy Carroll of Wake Forest; two sisters, C. J. Honeycutt, of Wake Forest, Route 1, and Mrs. C. P. Arnold of Raleigh, Route 5.

Six grandchildren also survive. The active pallbearers were: T. E. Holding, Jr., F. R. Keith, R. E. Frye, S. W. Brewer, H. L. Miller, and I. O. Jones.

BRIDGE PRESIDES AS NEW LION CHIEF

New Lion President M P Bridge presided at his first meeting at the regular weekly meeting held in the banquet room of Bob's College Inn on Monday night.

He had two Lions, Clyde Coppedge and W S Barbour, as his left hand men for the evening.

Chairman of the Program Cimmittie Bob Loveless turned the program over to President Bridge, so that he could point out the progress of the club in the past, and explain the future aims of the club for the coming year.

Bridge expounded on the duties of each Lion member and the things that Lionism stands for.

New Budget Being Worked On

A new budget for the year is being worked up by the committees, and reports have been submitted for approval by the Board of Directors.

Secretary Tom Arrington gave a report of condition of the treasury, and then turned over the fund to newly-elected Treasurer M E Delgado.

A roll-call of each member was made, with each one giving his name and business. Several reported that they were unemployed. If you know of any good jobs open, with high pay and no work to them, please call the Wake Forest Lions Club.

PERSONALS

We are glad to learn that Mr. J. T. Thomas is improving. He is still in the hospital.

Friends of Mrs. S. P. Holding will be delighted to learn that she has been able to leave the hospital and is now with her son, Edwin Holding, of Rich Square.

Scouting On Uptrend

Several contributing factors are forcing scouting on an uptrend, it was stated; including, the "war-babies" coming of age. Thus, new field workers are necessary if we are to see scouting progress in this council, it was stated.

Wake county, with a population of 136,450, has 1949 boy members, with a percentage of council population of 22.1. Also, it has a percentage of 27.7 of council membership, and a proportionate share of the budget of almost \$25,000. Chatham county is the smallest with 165 scouts and a budget of almost 3,000. Wake is definitely the largest, with Durham next.

People Must Support Scouting

The importance of Wake's making its proposed budget was stressed if scouting is to be continued and expanded in the Council, it was pointed out. The peoples support in the fall Community Chest drives will make it possible for scouting to progress.

WFC Little Theatre Gives Play At College Chapel

The Wake Forest College Little Theatre is presenting on July 24 at 8:00 p. m. a summer production that will prove to be interesting and entertaining to all members of the family.

It is "The Late Christopher Bean" by Sidney Howard; a comedy about an artist whose talent is not realized until after his death. The scramble for his paintings involves many humorous episodes as human emotions come to the surface in three acts of hilarious pandemonium.

The play is unique in that it stars two of Wake Forest College's faculty in the leading roles; Mrs. Overby and Prof. Clyde McElroy.

If you're looking for an evening of real entertainment to break the monotony of these summer days, be sure to see "The Late Christopher Bean", at the College Chapel. Admission is 50 cents.

Pvt. Smith Is Training In Infantry In Germany

WITH U S FORCES IN GERMANY — Pvt. Oscar Smith, Jr., whose parents live at 413 Briggs Avenue, is now training with the 1st Infantry Division in southern Germany.

His unit won fame during World War II for its part in the North African, Sicilian and European campaigns. The division has been on continuous overseas duty since landing in Scotland in 1942.

It is now part of the NATO force preparing the defenses of Western Europe.

Private Smith, a wireman in Battery A, 7th Field Artillery Battalion, entered the Armp in November, 1950.

You should really see some of the work being done in the Arts and Crafts program. Many have made bracelets, ear rings, lanyards and many molds of plaster paris. In addition to these activities they have done some finger painting and painting of the molds.

The small children have been doing some nice coloring work. We still would like to have different kinds of molds if you have some available. Don't forget the playground is still open even if the beginner swimming lessons are over.

Intermediate Swimming

About 40 students showed up Monday morning for the intermediate swimming lessons. Junior Life Saving will start Monday morning, July 21 for those interested in this phase of the program. Mrs. Shirley Greene will instruct these students. The only requirement is that you be twelve years old. We hope that there will be a large number of students to avail themselves to this. The intermediate program will run for three weeks. We hope every one will learn the seven different strokes and be able to use at least four of them with efficiency. Also the fundamentals of diving will be taught.

Beginners

We would like to say a word of thanks to the many instructors supplied by the Physical Education Department of the college. Also to Mrs. Greene, Mrs. Pike, Mrs. E. J. Parrish, and Miss Gretchen Clement. Without their aid the program would not have enjoyed the success that we feel it has.

Teen Age Club

Much to every one's delight a ice cream party was enjoyed last Thursday night by the members of the club. Most of the club members went swimming first and then ice cream was served. Mrs. Wilkerson has consented to come this week and do some instructing in dancing. We have planned also in the future a skating party, a dance (square), and a scavenger hunt. The attendance has been very good and it is hoped that the attendance will grow from week to week. The Recreation Commission has secured new loudspeakers and a turn table for our use and we sincerely appreciate this.

Softball

With only one game being played between each team last week, because of bad weather, the action in the adult league was slowed down somewhat. Of those games played we saw Royal beating Bur-Mil, REA beating Faculty (1st game faculty has lost) and Lions winning by forfeit over the Legion. This week should really decide who is going to be the winner of the league this summer. Don't let the summer go by without you seeing at least one of these softball games. We believe that if you see one you will come back for more. They play on Tuesday and Thursday evenings at 6:00 p. m.

Junior Softball

The junior softball team beat Louisburg 14-3 on the local diamond last Wednesday afternoon. The game was called after the fifth inning because of rain, but it was enough to be counted as a game. They play Franklinton here this Wednesday afternoon at 2:30 p. m.
