### 'OUTWARD BOUND' IS BEING PRESENTED TONIGHT AT THE W. F. HIGH SCHOOL

"Outward Bound", a three-act play by Sutton Vane, will be tonight by the Wake Forest High School Dramatics Club. Time is 7 o'clock in the High School Auditorium. Admission is 35c and 50c.

The plot of the play is very extraordinary and provides the audience with many mysterious thrills. A strange company of shipmates, mystified by a vaguely oppressive feeling of unreality and uncertainty, suddenly discovers that every last one of them are dead.

Stelia Prior, is played by Jane Hancock. Jane starred in "A Date with Judy" and "Junior Miss", but this is her first appearance in drama.

Larry Harris and Sally Patterson, play as Henry and Ann, devoted newlyweds. Larry has been active in Dramatic Club work and co-starred in "A Date with Judy". He also played in "Mother is a Freshman". Sally is a veteran of two stage appearances, "Night Must Fall," and "Mother is a Freshman".

Virginia Sabiston is Mrs. Cliven-Banks, an aristocratic snob. Virginia is a seasoned actress having played the lead in "Night Must Fall," and a minor roll in "Night of January 16th". She also co-starred in "Mooney's Kid Don't Cry", one-act play presented in the Dramatics Festival in Chapel Hill. Jimmy Green portrays Duke, the young preacher. This is his second appearance on the stage. He played in "A Date with Judy". Murray Greason portrays Mr. Ingle, a high-strung businessman. Murray played a supporting role in "A Date with Judy".

Dixie Smith is Mrs. Midget, the dignified simple old lady. This is Dixie's second appearance on stage, she played in "Mother is a Freshman".

Tolbert Wilkinson, examiner, played Randolph in "A Date with Judy".

Scrubby, the bartender, is played by Billy Lyman. This is Billy's age debut.

The play is directed by Mr. T. H. Johnson, English teacher and the Dramatics coach at the school. Assistant directors are Jacque Hall and Kappy Stroud.

This is the sixth three-act production of the Wake Forest High School Dramatics Club and we are sure it will not be only equal but superior to previous shows.

### THE NEW PRESIDENT AND VICE PRESIDENT OF THE UNITED STATES

SEN. RICHARD M. NIXON

GEN. DWIGHT D. EISENHOWER

## Eisenhower Elected President In Landslide National Vote

General Eisenhower and Sen. Nixon are the next President and Vice President by a total vote of 31,024,749 to 24,948,749 for Stevenson. The total vote was 55,973,190, with Ike carrying 39 states.

Called a Republican landslide, the followers of Eisenhower turned out en masse at the polls to register the biggest popular vote ever cast in the country. While Ike led Stevenson, his opponent, by about 6 million popular votes, he completely outclassed Adlai in the electoral votes, carrying most of the states of the country, including Texas, Florida, Oklahoma, and Virginia of the "Solid South."

While Ike was busy getting votes in other places, Adlai Stevenson was polling a nice bunch of popular votes in North Carolina and Wake County.

Unofficial tabulations gave Stevenson 23,070 to Eisenhower's 14,934, a resounding victory for the Democratic nominee.

North Carolina's 14 electoral votes went to Stevenson. He had an unofficial tabulation, with all but 200 precincts reported in, of 592,939 to Ike's 502,803, about 90,000 plurality.

Well over 1,000,000 voters cast their votes in the Tarheel state on Tuesday; probably more than 1,100,000 votes will have been cast when final counts are completed.

This will be almost 300,000 more than ever cast previously. Wake Forest for Adlai

Wake Forest, Wake Forest, precinct gave Stevenson 810 to 403 for Ike. Rolesville gave Adlai 307 and Eisenhower got 64. Neuse ran 287 to 205 in Stevenson's favor. Eisenhower won in nine of Wake's 55 precincts, however, all but one being in city of Raleigh.

Governor - Elect Bill Umstead got a resounding victory in his fight for the highest office of the state. It wasn't close at any time, and once he had a lead of 8 to 1 over Seawell.

### Roving Around

Now that Eisenhower has won the presidential election — there's only one thing more that we want to hear — Old Harry referred to as EX-President Truman.

The results of the election was actually a surprise to me, though I knew that Ike was bound to get a good popular vote throughout the nation. N. C. was one of the few states giving Adlai its electoral votes; and he probably got a bigger plurality here than in any other state in the nation.

The strong Democratic vote in N. C. shows to me the powerful and efficient organization that is functioning throughout the state.

And Va. went strongly for Eisenhower, at Sen. Harry Byrd's request — so that also tends to show the organization on the other side of the political fence.

Tuesday, Nov. 4, marked the end of an era in American history. Exactly what we can expect is not fully known — but apparently, the better parts of the "New Deal" regime will be combined with the American tradition of "Free Enterprise" to give the entire populace a better rounded out economic, political and spiritual diet.

The Rock-Bound Republicans have lost the election, just as surely as has Stevenson — and this means that the great mass of people who think in the "middle of the road" are taking over the government.

The Eisenhower landslide points to the fact that the "solid" people are back in the harness — and the extremists in both directions, radical and reactionary — must take a back seat and let the people run their own government for a change.

Stevenson's speech of concession early Wednesday morning was its usual masterpiece. He appeared to be taking it quite well, but I'll never forget the ending to his talk: he told another little story-joke.

Attributing the story to Abe Lincoln, Adlai said he felt like the little boy who stubbed his toe in the dark — too big to cry and it hurts too much to laugh. This, I think, is indicative of the greatness of the man who lost the election — a great man in his own right, but too saddled to the Trumanism to win over the wishes of the people.

The best news of the election is that Eisenhower will be assured

The people of Wake Forest are responding generously to their Community Chest this year, reports Drive Chairman J. E. Anderson, but the fund is still short by \$1500 of making the much-needed goal.

This goal of \$4550 MUST be made if the needed projects are to be carried out. Please do your part. Contribute now!

The shortage of funds will force those in charge of distribution to cut appropriations to each endeavor, but, worst of all, the fund for school lunches for the kids who need food will also have to be cut down greatly.

The workers have done a fine job of soliciting, but there are still some people in Wake Forest who have not been contacted, for one reason or another. Anderson, in a statement to The Wake Weekly, says:

"May I ask that you who have not contributed, mail a check to me or drop by my office (at the Seaboard station) and give me your contribution by the end of the week?"

If you haven't given yet, or if you would like to give more so that the drive will go over the top, then please see either J. E. Anderson or Raymond Keith, or any worker for the drive. Your contribution will be more than appreciated — it is needed!
