**Stacy Family Moving This Month**

Wake Weekly  
Wake Forest, N. C.

Enclosed is my check for the past year's subscription to the Wake Weekly. At the same time, I need to cancel at the time this period expires. We have enjoyed the paper and admire the contribution it makes to the community spirit. We feel that Wake Forest is a fine community, one excellent in kindness, growth, and a feeling of home for its members. We are sorry that our move this coming summer necessitates leaving a place we like so much.

Dr. Stacy will assume his new post in the Dept. of Surgery at the University of Carolina on July 1, which means that we shall be moving to land near Chapel Hill so soon as we can build our new home. We shall always feel that Wake Forest is a home town we have left for another community and that the Wake Weekly is a true representation of the essence of the place we shall always love.

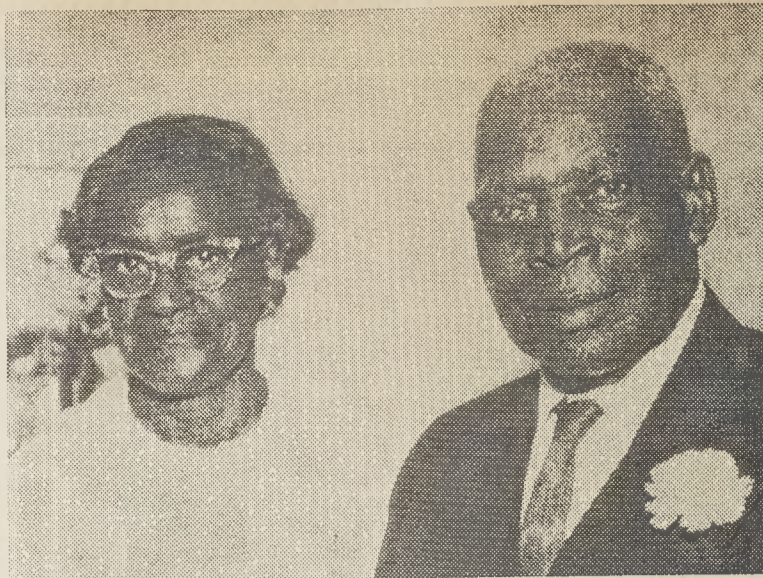

Most sincerely,  
Marjorie Stacy  
(Mrs. Ralph W. Stacy)

Absent-minded husband: "Good heavens! Now I remember. I turned to thank the chap when I got out and wondered where he had gone."

Form good habits. They're hard to break as bad ones.

Summer resort: A place where people go for sunshine and fresh air and then sit indoors and play bridge all day.

Sometimes a sharp sentence will deflate a big wind.

what do rural electric co-ops mean to Bob Baccalaureate, graduate?

When graduation time nears, a big question comes into the minds of students like Bob Baccalaureate: What kinds of jobs can I get, and where must I look for them?

All too often, people like Bob are leaving the area where they were born and educated—just when they could be of greatest benefit. When the total investment in our students is reckoned in dollars, the loss is staggering.

This is a problem which your local consumer-owned electric co-op is trying to help solve. Its managers, employees, directors and members are working constantly to bring new industries and businesses to your region, so that people like Bob will have the opportunity to become contributors to their own communities.

**THE CHURCH FOR ALL ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Part of playing any game is to learn how to settle the inevitable arguments. In a league in which nobody has a coin to toss, this is the time-honored method for getting the game started without a squabble.

But there are other games to be played, in other leagues. Life for each of us brings many occasions for conflict. And they don't all yield to simple techniques like twirling a bat around one's shoulders with just a couple of fingers.

Earnest Christians believe that our faith can point men to the right attitude and action in times of stress.

That's why, as we face the conflicts of life, we always hope the other fellow will behave like a Christian. And he's hoping as much of us.

Why not meet him in Church next Sunday? That's where right attitudes often begin.
