# Lake Named To Supreme Court

I. Beverly Lake of Wake Forest was appointed Wednesday to the State Supreme Court by Governor Dan Moore.

Lake, who has a law office in Raleigh, will succeed retiring Justice William B. Rodman.

"I am pleased that Dr. Lake has accepted this appointment," Moore said. "I have a high opinion of his legal ability. His knowledge of constitutional law and his training and experience make him eminently qualified for this position. North Carolinians can look to him to give dedicated, conscientious service as an associate justice. He will make an outstanding member of the court."

Lake, who carried the conservative Democrats' banner into the 1960 and '64 gubernatorial campaigns, commented: "I am grateful to Governor Moore for giving

me this opportunity to serve the people of North Carolina.

"To be appointed a member of the Supreme Court of the State of North Carolina is the greatest honor which can be given a lawyer in our State, especially so to succeed one who has rendered such distinguished service as Judge Rodman has done."

Lake, who will be 59 Sunday, is a Wake Forest resident. He taught constitutional law at Wake Forest College for 18 years before serving as an assistant attorney general for three years, from January 1952 to October, 1955.

Lake was notified of the appointment by telephone about noon Wednesday at a Wilson tobacco warehouse where he was observing opening sales.

Lake's appointment will carry until the November, 1966 general election. Subject to the May, 1966 primary, he will seek election to the remainder of Rodman's term. The term expires Dec. 31, 1970.

Rodman's retirement is effective Monday, when he will go on emergency status.

Lake was educated at Wake Forest, Harvard and Columbia, receiving the S.J.D. degree from Columbia in 1940.

He practiced law in Raleigh from 1929 until returning to Wake Forest College in 1932 to begin his 18-year tenure as a law professor. Lake was district rationing executive in the Raleigh office of the Office of Price Administration during World War II. He was with the National Production Authority in Washington in 1951.

Lake and the former Miss Gertrude Bell of Raleigh were married in 1932. They have one son, Beverly Lake Jr., who is associated with his father in the practice of law in Raleigh.

### Ridgecrest Revival To Begin Sunday

Whitley's Modern Cafeteria

### Whitley High Readied For Opening

By Mrs. O. T. Barham Jr.

A great deal of activity mingled with crates and boxes is really evident these days at the C. Vaiden Whitley High School as preparation is made for the 600 students expected next Friday. The school opens for the first time this fall for students who formerly attended Rolesville, Wendell and Knightdale high schools.

Stanley Dail, principal, says that the equipment is arriving daily and being put into place by workers and teachers. In the cafeteria tables were stacked and chairs still uncrated will soon be readied for hungry students. The well-equipped kitchen with all new, modern appliances will soon be busy with food preparation. Crates being unloaded into the huge modern building included everything from stu-

dent desks to file cabinets.

of cement will be poured this week for the flooring and at the same time, plumbing is being put down over the entire building. No definite completion date has been set as yet, stated Brown, as the progress will depend greatly upon the weather in the next few weeks.

The building when completed will house the Garment Company which is operating now in the basement of the Masonic Building.

### "Spare" Car Will Be Used for General Purposes

The present Wake Forest Police car will be used as a general utility car for the Town after the '66 car, already on order, arrives.

Town Commissioner, W. H. Holding, in reference to a statement in last week's paper, calling the vehicle's proposed use as a "spare police car," said the car would be used by all departments of the Town for official business only.

Holding said one place it might be used would be by police officers who have to testify in court at Rolesville. Now either they take the police car, leaving the town without one, or else they drive their private cars.

He said the car could be used by the mayor or commissioners as well as regular town employees when necessary.

The car will be operated on funds set aside in the budget for the police car, a sum of \$1000.

Holding said, however, the car would not be used for errand running just for the convenience of town employees, such as to and from home or lunch.
