## THE GOOD LIFE

THE CHURCH FOR ALL  
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

When Grandmother and Grandfather Todd came to say their goodbyes before leaving for Florida, we took their picture. Looking at it, I remember them as they were that day, serene and happy, anticipating their trip. To them there are no sunset years but always a new day ahead.

Life has truly been a table spread before them. Oh, there have been sorrows and trouble aplenty, but always His rod and staff have comforted them. Even in the shadow of death God has been with them, for the Lord is their Shepherd.

Such faith may be yours. Your church is the open door through which you may find that fellowship of understanding which has been to my grandparents their greatest treasure.

Attend your church and find there, through worship and prayer, the inspiration you need for religious growth.

### Electric Co-ops are DEMOCRACY AT WORK...

Rural electric cooperative systems were created by rural Americans themselves to bring electricity to their farms and homes and business enterprises, when service was unavailable elsewhere.

Motivated only by the need of the consumer and based on sound democratic principles, with each consumer-member casting his vote to determine our policies, our enterprise has helped bring the benefits of Twentieth Century progress to rural areas, and has proved itself as a model of democracy in action. To keep one step ahead of continually growing power requirements in our rural areas is both our duty and our aim.
