

Town Attorney Asked To Write Letter Of Town's Agreement With Developer

Two Local Stores are Robbed

Two Wake Forest stores were broken into and the cash registers robbed only four days apart. Hollowell's Food Store on Roosevelt Ave. was robbed of \$6 last Wednesday night after the front door glass was broken to gain entry. A small colored man or teenage boy was seen around the doorway about 9 pm by several persons according to reports. Police were called from Dr. Dickens' office, but due to incorrect direction the police thought the break-in to be at the B & E Cleaners. When they learned of the mistake and went to Hollowell's the thief was gone.

Town Attorney Ellis Nassif was asked to draw up a letter of the Town of Wake Forest's agreement to certain terms presented to the board by developer Ira D. "Shorty" Lee in a special meeting May 18. Nassif was asked to draw up the letter in a motion at the regular monthly meeting of the town board last Thursday night, following a statement by Mayor Paul Brixhoff, "I think we all agree we need the houses. I think we should go ahead."

1. Will the Town of Wake Forest allow us to tap on to water and sewer lines?
2. Will the Town of Wake Forest run water and sewer lines to town limits?
3. Will the Town of Wake Forest give me a letter stating that they will annex and maintain street improvements? This will consist of water lines, sewer, storm drains, curb, gutter and paving. This will be done in sections.
4. We will put in our own water stub-outs for each lot. What will water connection be?
5. We will sub-out our own sewer connections to each lot. We assume there will be no other sewer connection charge. Is this correct?
6. Will the Town of Wake Forest assume responsibility of lift station when installed?
7. Will the Town of Wake Forest reimburse us for sewer lift station

on pro rata basis of houses completed each year up to 100 houses? "We feel right now this (lift) station is going to run about \$10,000. If it is over \$10,000, that's all we will ask for." Shorty stated. Utilities Director Guy Hill reported that he got a footage and cost estimate of running a sewer line from Highway 98 to the development. It would take 4100 feet of 8-inch pipe at a contract cost of about \$6.50 per foot. "You will have invested about \$3500 in water lines to the city limits," Hill said. "We'll have about \$15,000 invested," Commissioner Buddy Holding said. This included about \$10,000 for the lift station since it would be much cheaper than the sewer line all the way to Highway 98 at a cost of \$26,650.

very little maintenance; and (3) it affords above ground burial. The cost of each crypt in the 50-unit mausoleum would be about \$650 to \$675, they said. The coffin is not eliminated, only the vault. The town would get \$50 per person per subscription and an endowed care fund of 10% of gross price of building. Attorney Nassif said he read the contract but was not ready to pass on it. The board passed a resolution to sign an agreement with Seaboard Coast Line for an electric wire to go over the railroad at North Ave. The wire must clear the rails by 27 feet. Poles are already installed to carry the wire in the business district and Highway 98 east. "We're painting street markers," the Mayor said, after checking into the cost of reflective markers at about \$10 each. He also reported that new light poles downtown would cost about \$110 each. An ordinance was passed to allow the town to cut grass and weeds on vacant lots and bill the owners. "It's a health hazard as well as unsightly," Mayor Brixhoff remarked.

Pool Gets Renovations, Change In Lifeguards

Some renovations have already been made at Wake Forest Swimming Pool No. 1, since some complaints were heard last week. Brighter lights have been installed in the men's locker room as well as a new floor and nozzle in a shower booth. Mayor Paul Brixhoff said this week, they plan to remove some of the unused lockers to eliminate some of the blind spots. Utilities Director Guy Hill announced that Youngsville High School Coach Larry Lindsey has been hired by the town of Wake Forest as head lifeguard at the

pool. Freddie Daniel and Ralph Brown are lifeguards, with Cecil Shearon filling in for Brown this week. A demonstration for the Wake Weekly Monday by Hill of chlorine content in the pool revealed that the water was well within the normal level, and not over-chlorinated, contrary to some reports. In fact, the chlorine check appeared slightly under the average range, to this reporter. The chlorine is put in the water at the filtering point automatically at any pressure by merely setting the amount desired and it stays there, Hill pointed out.

The Town electrical crew will start next Monday putting up some new wires, Hill reported. Commissioner Holding was elected mayor pro-tem by a nomination made by Commissioner John B. Cole. It was seconded by Commissioner John D. Lyon and passed unanimously. Two representatives from South-land Co. appeared before the Board to present a proposal to the town to erect a mausoleum in the Wake Forest Cemetery. They said three reasons for the erection of their attractive monolithic designed structure were: (1) Wake Forest is running out of cemetery property; (2) There is

The renewal of town positions was approved for the following: Harvey Newsom, Police Chief; Guy Hill, Director of Utilities; Anna Holden, Tax Collector; Guy Hill, Building Inspector; Ellis Nassif, Town Attorney; and Anna Holden, Town Clerk. A discussion of installing drain pipes in a drainage ditch in the recently cleared Holding lot on South White St., which drains 6000 to 7000 gallons per day from an filter plant, brought several comments when it was learned that it would cost about \$1200. "I think we ought to forget it," Hill said. "We could put in a smaller one later when the new water plant is finished." A well-meaning, but annoyed, visitor and former resident, James Mackie, spoke to the board about his unpleasant experience at the town pool July 4, "when it was overflowing, you might say." He described the locker room as "smelly." He found a bowel movement in one of the shower stalls, no flooring in another, and no nozzle in the third. The room was "awfully dark and dim." Outside, the "pavement was all cracked" and the pool "looked like it needed a good scrubbing." The water appeared to be "over-chlorinated and the floor was slippery," he said. "If anyone fell, I think you would find yourselves in a massive law suit," he added. "Quite frankly, I would not take my children down there," Mackie said. "If other people feel like I do, the attendance will be going down." With a few improvements "you will find yourselves getting a little more income. This is four people paying for four days that you've lost." And in conclusion, he said, "I thought I would bring it to your attention."

Merchants Begin Mystery Shopper; Promotion Soon

Wake Forest merchants agreed Monday night to make every effort to begin the "Wake Forest Cash" shopping promotion the first week in August. Frances Brixhoff, treasurer of the group, reported that collections for the event are lagging and urged all merchants to submit their checks immediately to help get the promotion started. As a boost to Friday night shopping in Wake Forest, a Mystery Shopper will be pictured each week in the merchants' ad from pictures taken in participating stores the previous Friday night. The Mystery Shopper, who will have his picture made this Friday night, will win \$500.

Tommy Holding, presiding in the absence of John Lyon, said the Wake Forest Chamber of Commerce will try to get an Arts and Crafts show, which was unsuccessful in Raleigh, here. Many Wake Forest folks attended the show there, he said. We need to get local craftsmen and artists to participate, Holding said. "It would be good for the town." Bob and Jean McCamy were appointed as public relations directors for the Wake Forest Chamber of Commerce, Holding announced.

Two representatives, Floyd Cash and Robert W. Brown, spoke to the group and demonstrated their store-front remodeling materials and gave estimates to individual merchants attending. The next meeting will be Monday, July 17 at 8:30 p.m. due to a Wake Forest Chamber of Commerce Directors' meeting at 7:45. Both will be in the town hall.

East Carolina. He has also been Athletic Director of Edwards Military School and Fredericks College. He fills the position left by R. H. Forrest when he was named assistant superintendent of the Wake County School system. Mr. Forrest had been principal in Wake Forest Schools since 1946. Conscience is a weak, inner voice that sometimes doesn't speak your language. If the going is real easy—be wary! You may be headed downhill and don't know it.

Meadows Named WF Principal

Elwood Victor Meadows, principal of Salemburg Elementary School, has been elected principal of Wake Forest Elementary School. The announcement was made Tuesday by the Wake County Board of Education. Meadows, 39, and a native of Kinston, recently received his bachelor and master's degrees from

UF Campaign Chairman Named, Goal Is \$665

John B. (Jack) Harris, Jr., Senior Vice-President of the Raleigh office of North Carolina National Bank, has been named Chairman of the 1967 Wake County United Fund Campaign. His appointment was announced by Stanley J. Wiemer, President of the United Fund, who is Resident Vice-President of Nationwide Insurance Company. Jack Harris will lead this fall's drive to raise \$665,479 for the 34 United Fund agencies. The goal was set after considering the recommendations from the Admissions & Budget Committee. This committee, headed by Thomas N. Bradford, Senior Vice-President of Ernst & Ernst, was comprised of 111 business and civic leaders, who studied the programs and budget needs of the agencies and evaluated the community's ability to support these services. President Wiemer said he feels this is a "Reasonable goal for this community", and that the citizens will support these vital needs through our campaign. The goal is an increase of \$35,614, or 5.6% over current United Fund support to agencies. President Wiemer said all agencies are experiencing an increase in demands for service due to the population and business expansion of Wake County; and in particular, Red Cross and USO must expand their services to meet the needs of our military personnel serving in Viet Nam.

This rose has two stems. This rose, owned by Julie Rogers of S. Taylor Street appears at first glance, to be like any other rose. A closer look, however, reveals a 14" stem growing out of the center of it. That hand belongs to her neighbor, John Lusby. (Photo by Bob Allen)

Small Fire — Plenty of Spectators. Survey damage to the engine in 58 Chevrolet after it caught fire last on the corner of N. Main and W. streets. Alice Wilkerson (right, holding child) said the motor "knocked off" and when she tried to crank it, it caught fire. Wake Forest Firemen quickly smothered the blaze as a crowd began to arrive. 7:30 Dodgers vs Cards (Little)
9:00 Schrader vs Yellow Jackets (Men's)

FRIDAY, JULY 21
6:00 Pirates vs Red Sox (Pony)
7:30 Yankees vs Tigers (Little)
9:00 Wildcats vs Athey (Men's)

Adams New WF Cage Coach

Wake Forest High School Principal H. L. Brinkley announced this week that a new basketball coach has been hired. Nathan Eugene Adams, teacher and coach at Deep Creek Senior High School in Chesapeake, Va., will join the local faculty and coaching staff August 1. At present he is working with summer recreation at Deep Creek. Adams, a graduate of Millbrook High School and Fredericks College, will be head basketball coach, assistant football coach, and teacher of P. E. and social studies. He and his family will live on S. Allen Road. Adams replaces Coach Bill Stainback who will return to State to do graduate work and assist basketball coach Norm Sloan. If you must have enemies—be careful in choosing them. Give some people an inch and they think they are rulers.

Pool Closed All Day Thursday

Wake Forest Swimming Pool No. 1 will be closed Thursday to have the water changed. There will be no swimming lessons there today.

Story Hour Held Every Wednesday

A story hour for children aged three to six will be held each Wednesday at the Wake Forest Public Library from 10:15 to 11:00 am. Mrs. Turner Ray of the Woman's Club Education Dept., is in charge. Parents are requested to have children there by 10:10 and pick them up promptly at 11:00.

Weathers Reunion

The Jim Weathers family will have a reunion at Lake Mirl on August 13. Dinner will be at 12:30.

Bake Sale Saturday To Benefit New Ballfield Building

A bake sale will be held Saturday in the Arrington building next to the Western Auto starting at 9:30. Proceeds will go to the fund for bathroom facilities at the ball field. The building is almost completed, but to date, most of the effort and expense has been by Shorty Lee and C. E. Matthews. Mothers of the Little League and Pony League players will contribute the bake sale items Saturday. Efforts have been made to contact all mothers, but any not contacted who can contribute, are asked to bring their items to the sale at 9:30. Anyone not having a way to get goods to the sale should call Mrs. Bob Dormagen at 556-4121, Mrs. Nelson Marks, 556-5975, or Mrs. Bob Allen, 556-3059.

FLORENCE SPAIN PREDDY Mrs. W. S. Preddy Retires From Motor Vehicles Department

Motor Vehicles Commissioner A. Pilston Godwin announced last week the retirement of three employees whose accumulation of time in State government represents 100 years of service. Mrs. Florence Spain Preddy came to the Department of Motor Vehicles in 1946 after 16 years as a school teacher in North Carolina. She has been a clerk in the Department Branch Auditing Unit for 21 years. Others retiring were Mrs. Pauline Jones Turner who joined the Motor Vehicles Dept. in 1946 and W. D. Cox, Director of Supply and Service, who has 42 years of service with the State.

Tobacco, Cotton & Peanut Farmers Vote In Tuesday's Referendum

From all sections of Wake County has already been organized with Bruce Woodard elected chairman. A publicity committee with Henry Ferrell as chairman was appointed. Serving with Ferrell on this committee are: Eugene Tingen, Apex; Stuart Adcock, Fuquay-Varina; Vassar Shearon, Rolesville; Thomas Faison, Wendell; and James Robert Fowler, Zebulon. The Wake County Referendum Committee is now working to obtain a large vote that is needed to indicate the farmers' interest in these programs. According to Ferrell these programs have meant and will continue to mean much to the economy of the growers as well as the entire economy. Mr. Woodard stated after his election as chairman, "The most important job for each farmer in Wake County on Tuesday, July 18, will be to take time out and vote in this referendum."
