Women's Softball Season Ends

The Asheville Parks and Recreation Women's Softball summer season has drawn to a close. Participating in the "B" league were two teams made up of some of our favorite Asheville women.

Dr. Michelle Greenspan's Biltmore Chiropractic sponsored one team, while the second was sponsored by Orange Street Recovery Center, Janeal Quinnell, Director.

Both teams deserve much applause for slugging out the long season, playing twice weekly throughout. New to the softball circuit, both teams played valiantly and, more importantly, had a great time.
