

Welcome Students

Continued from Page 1

as an interested, participating student. Please take advantage of a working / productive SGA.

I request that you personally share your ideas for improving educational opportunities at FTI. Drop by my office for a visit, give me a call, or write me a note. Your objective evaluation of our program and positive input is one of the best avenues for improving FTI. Please help!

The faculty and administrators stand ready to assist you in making 1984-85 a successful year. Take advantage of the opportunities as they avail in your programs of study.

Best wishes to you for a good year!

Student Activity Fees

Continued from Page 1

Salem city league sports, including basketball and softball. There are plans to begin other sports when the West Campus is complete.

Part of your fees help send members of the Executive Council to the state conferences to learn about student government procedures. This will enable them to serve the student body more effectively.

Forsyth Tech, unlike most other community colleges, does not charge a graduation fee. Graduation expenses - caps and gowns, diplomas and covers, as well as, programs and invitations - are paid for by your student activity fee. As you can see, graduation alone takes a big chunk out of the student activity budget.

Finally, your student activity fee pays for this and all student publications. With so many opportunities for involvement, Student Government, activities, clubs, sports, and publications, you should look for your "niche" at Forsyth Tech, get involved, and help spend your student activity fee.

The Student Activities office is located in room 6146 of Snyder Hall.

1983-84 Scholarship recipients. Standing L to R: Wade Tucker, Genny Robbs, Stephen Gregory. Seated L to R: Leslie Woods, Elizabeth Thornton, Lisa Stefani.

SCHOLARSHIP AWARDS 1984-85

Diane L. Sims

Director of Student Financial Services

Winners of Scholarship Awards for 1984-85 have been selected and are listed below:

Wachovia Technical Scholarship	Wade Tucker	Electronic Engineering Technology
	Leslie Woods	Business Administration Accounting Option
Carolina Telephone Scholarship	Stephen Gregory	Electronic Engineering Technology
	Lisa Stefani	Business Administration Accounting Option

spring quarter are encouraged to apply now also.

Students who don't fit into the above categories could still be eligible for other types of assistance such as scholarships, Work-Study or Guaranteed Student Loans.

Students with a family income of \$30,000 or less could qualify for some type of financial assistance!

It doesn't hurt to apply and see if you're eligible. You lose only a stamp if you're not! Please come by

the Office of Student Financial Services in the Parkway Building, and we will be glad to assist you with additional information and applications.
