

## Seagle Writes Thanks For Pole and Picture

Union Hall gained both a new flag pole and a large aerial view of the Pisgah Forest plants in the third quarter. Shortly after the flag pole was erected, UPI Local President Paul D. Seagle wrote the following letter to John S. Candler, director of employee and community relations.

"The Officers and Membership of Local 1971 are taking this opportunity to express our deepest appreciation both to you and the Olin Corporation for the generous gifts and for allowing our hourly employees to construct and erect the flag pole located in front of Local 1971. It is certainly a welcome addition and adds much to the beauty of our home.

"At the same time we're saying thank you for the beautiful picture of the Olin Corporation that was given to us. It is hanging in the lobby of Local 1971 and has been admired by many who visited us.

"Please convey our appreciation especially to Frank McGibboney, Frank Gash and all those who had a part in the most welcome additions to Local 1971."
