

**TAKE TOP HONORS — Olin-coun-
seled Junior Achievers were among**

**those cited for outstanding work
in the 1976 Transylvania Junior**

**Achievement program. Olympian
Enterprises, sponsored by Olin and
duPont, was cited as Company of
the Year and won the Best Annual
Report award. The Trade Fair award
was won by Salemore, counseled
by Olin and Bendix. Olin advisors
were Dr. V. D. Chapnerkar, George
Reynolds, Robert Hayes, David
Robertson and Ron Davis.**

OUTSTANDING SAFETY HONORS ARE ACCORDED PISGAH FOREST PLANTS

Top safety honors came in second quarter to both Ecusta Paper and Film divisions: Ecusta won two of the country's highest honors for its 1975 program, and new all-time records were set by the Pisgah Forest cellophane plant which was singled out to represent the Fine Paper and Film Group in the Best in Olin competition.

Production Director Frank McGibboney accepted for all Ecusta employees the trophy representing the C. C. McPike Memorial Safety Achievement Honor. The Ecusta plant was chosen over 96 other paper companies for the award presented at the Southern Pulp and Paper Assn. meeting in Orlando, Fla.

Ecusta led 632 other companies to win the National Safety Council's Award of Honor for first place in all paper mill competition. The Award of Honor is the council's highest form of recognition.

The Pisgah Forest cellophane plant also gained top national recognition for its 1975 program and broke its earlier record for injury-free worker hours. When the plant exceeded 3,500,000 worker hours

without a disabling injury, its longest stretch in 25 years of operations, employees were advised by John D. Link, vice president and general manager, that they would be awarded individual jackets emblematic and symbolic of 25 years of outstanding safety.

Ecusta employees received jackets earlier this year for setting new world safety records.

Both Pisgah Forest plants won the W. C. Creel Award of Excellence. Ecusta won the North Carolina Department of Labor's Safety Award for overall performance, for the third consecutive year; and the Endless Belt Department won the Safety Award for the 10th consecutive year.

In addition to the National Safety Council's Award of Merit, the Film plant at Pisgah Forest was presented three awards for being named Best in Group: a permanent award for the year selected, a traveling award which the winning plant keeps one year, and a corporate award. The plant retained the traveling award, having been named Best in Group in 1975.

RETIRES

James D. Cabe worked with outside contractors twice during construction of the early Ecusta plant, and on January 17, 1942, he joined the Ecusta family as pipefitter and welder. That service in Ecusta's Maintenance Department came to an end with his retirement June 1.

Cabe is a native of Haywood County and attended schools in Canton where he later worked for C. L. Westmoreland Construction Co. and G. W. Young Plumbing and Heating. He also was employed by the Grinelle Co. and General Elevator Co. before working with the former Ecusta Paper Corp.

He is married to the former Nettie Stockton of Macon County. Their three sons are Dr. Jerry Cabe, Brevard dentist; Bob Cabe of Smithfield, sales engineer with Dayton Rubber Co.; and Tom Cabe of Fort Worth, Tex., vice president in charge of sales for the Dickey Co.

Mr. and Mrs. Cabe live at 608 Probart Street in Brevard. They attend the First Methodist Church.
