

tion. He became manager of production services in 1968 and in February 1970 he was promoted to assistant director of production. He was appointed director of production the following September. A native of Bessemer, Ala., where he graduated from Bessemer High School, he earned his B.S. degree in Industrial Engineering at the University of Alabama. He was named at the University to three honorary scholastic fraternities: Tau Beta Pi, Phi Eta Sigma and Alpha Pi Mu, and was a member of Theta Tau fraternity and the student chapter of the American Institute of Industrial Engineers. He served eight years with the U. S. Army, reaching the rank of Captain. He is a member of the Technical Association of the Pulp and Paper Industry.

ROBERT K. GEBING has been appointed chief accountant in the Accounting Department. He had been a corporate senior internal auditor prior to this promotion. Before joining Olin in March 1974 he was a

certified public accountant in the Miami, Fla., office of Ernst and Ernst. He attended schools in his native Miami and received an A.A. degree from Miami Dade Junior College. He received his B.A. degree in Accounting from the University of West Florida at Pensacola. He is a member of the American Institute of Certified Public Accountants.

GEORGE A. WALLACE was appointed vice president for manufacturing in the group reorganization October 29. He has been with Olin since June 1953 when he was employed as a food packaging scientist in Film Division's research and Development Department at New Haven, Conn. He was product development supervisor in New York City when the division's research and marketing departments were relocated to Pisgah Forest in 1963. He moved to Ecusta the next year as market

development manager. After other marketing roles he became director of marketing in 1970, and was promoted in 1975 to vice president for international marketing and group services. He completed schools in his native Revere, Mass., and earned his B.S. degree in Food Technology at Massachusetts Institute of Technology. He later studied at New Haven College's School of Executive Development and at the Harvard Business School where he completed the Program for Management Development. He served in the U. S. Army for two years.

ARTHUR T. OWEN, JR., has joined the Technical Department as research associate. He was employed previously by Olin from 1963 until 1968. After summer employment

in the Film Division he was hired by the Ecusta Paper Division, assigned to the replacement crew. He had advanced to chemical technician when he took leave of absence to complete college at Virginia Polytechnic Institute, returning as a process engineer. He later worked with Burlington Industries at Greensboro and the Foxboro Co. at Foxboro, Mass. A native of Transylvania County, he graduated from Brevard High School and attended Western Carolina University for two years. He earned his B.S. degree in Mathematics at V.P.I., graduating with high honors, and later attended N. C. State University at Raleigh where he has completed all requirements except thesis for a Ph.D. degree in Chemical Engineering.

DON B. ROGERS has joined the Technical Department as a process engineer. He came to Olin from Georgia Pacific Corp. at Port Hudson, La., where he was employed three years. Earlier work was with Uniroyal Inc. at Geismar, La. A

native of Meridian, Miss., he graduated from Woodlawn High School at Shreveport, La. He is an honor graduate of Louisiana State University where he received his B. S. degree in Chemistry. He has completed 15

hours' graduate work in Chemical Engineering. He is a member of the Technical Association of the Pulp and Paper Industry and the American Institute of Chemical Engineers. He is a charter member of the Roseland Terrace Civic Assn. in Baton Rouge.

CHARLES D. NORLANDER, JR., has been appointed group director of quality control with responsibility for the quality control units at Pisgah Forest, Covington and Water-

town. He was chief of the paper laboratory in the Ecusta Paper Division's Research and Development Department when he was appointed manager of quality control in October 1968. He began his Olin career as super-

visor of paper product development in June 1946 after World War II service, having attained the rank of Major in the Infantry. Before the war he had worked three years each with Champion Paper and Fibre Co. at Canton and the Institute of Paper Chemistry at Appleton, Wisc. A native of New Bedford, Mass., where he attended schools, he graduated cum laude from N. C. State University with a B.S. degree in Chemical Engineering. He was a member of
