

call of her Lord to her final and eternal home.

She held a position as night operator in the Central Office of the Weldon telephone service, and to the company and the patrons she gave faithful and courteous service from the day she accepted the position up to and through the last night she spent on earth.

She leaves a widowed mother, two sisters, and many kindred and friends to mourn her sudden summons from the earth to the Kingdom above.

The funeral service was conducted in the home of her sister, Mrs. Hux, by her pastor, on the 5th of March, at 10:30 o'clock a. m. "There is a land of pure delight." "Why should our tears in sorrow flow?" and "Asleep in Jesus," were sweetly sung as a part of the service. After the service in the home the remains were conveyed to Cedarwood Cemetery and there tenderly laid to rest.

May her sudden going away lead every one who loved her closer to the Master, and may the arm of our loving Father support and sustain all the bereaved ones.

P. O. County State

Fruit Crops must be Nourished to Yield

Fruit crops take plant foods from your soil just as do cotton, corn, tobacco, wheat, oats, vegetables, rice, sugar cane, peanuts or any other crop. Not only do your trees need fertilizer, but they need the best to be had. You will make no mistake in buying and using

Virginia-Carolina High-Grade Fertilizers

They will give fruit trees just what they are hungering for—that enables them to produce their utmost. Apply 15 or 20 lbs. of these fertilizers per tree—spread around from eighteen inches to two feet away from the tree, according to its size—working them into the soil about the roots. They will wonderfully increase the yield—if the pruning, spraying and cultivation has been properly and carefully done.

Our 1912 Year Book will interest all fruit growers. A copy will be sent free to you upon request. It may help you to pay off a mortgage or buy another farm.

Make Your Own Lumber. Don't Buy It

This portable machine cuts 2,500 feet per day with 6 H.P.

AMERICAN SAW MILL MACHINERY CO.
216 Hope Street, Hackensack, N. J.
1098 Terminal Bldg., N. Y. Chicago, Evansville, New Orleans

Why buy lumber for your farm when the price of one carload will pay for an "American" Saw Mill with which you can cut a carload a day from your own grove? Be independent; increase your farm income. Make your own lumber; use what you need—sell what is left. And saw your neighbor's timber for him, too, at good profit. "Making Money Off the Wood Lot" is a book which tells the whole story. Let us send you a copy. Write to our nearest office.
