

ment. It is desired that all the Churches shall observe this Centennial celebration in their own particular way, and it is an event that is worthy of celebration.

The Methodist News Bureau sends out the following note: "The Western North Carolina Conference made a great record during the year just closed. The gain in number of Church members was more than 6,000, the total membership now being 106,503. This is the largest membership gain reported by any conference the present year. The Conference paid for missions more than \$53,000, a good increase over last year's record. In the two North Carolina Conferences there are now more than 200,000 members." The last sentence is slightly incorrect, according to the returns just in from the North Carolina Conference. The exact figures for the North Carolina Conference are 89,704, which, added to the figures given above for the Western North Carolina Conference, makes the total 196,207.
