

TRINITY COLLEGE NOTES.

The current number of "The Journal of English and Germanic Philology" contains an article by Prof. C. A. Moore, of the department of English, on "Did Leibniz Influence Pish?" The statement is usually made that Pope derived most of his philosophy in his "Essays on Man" from the works of Leibniz, and Dr. Moore's recent article attempts to show that there is no evidence for the assumption, and that instead Pope actually derived his scheme from English writers with whom he is known to have been familiar.

At a meeting of the Classical Club last night Prof. C. R. Bagley, of the department of Romance Languages, gave an interesting illustrated talk on ancient Greek music and musical instruments. The meeting was largely attended by members of the faculty in the Latin and Greek departments and by students interested in classical studies.

Rev. H. E. Spence, field secretary for the Sunday School Board of the North Carolina Conference, was the speaker at the mid-week meeting of the local young men's Christian Association in East Duke building Wednesday night.

At a meeting of the Botanical Club in Crowell Science Hall last night H. L. Caviness, of Cotteridge, gave an interesting paper on certain phases of biological studies.

Sergeant John G. Durham, of Gastonia, who has been on the Mexican border with the military, has returned to college and taken up his work in the senior class, in which he means to graduate in June.

At recent meetings of the Columbian and the Hesperian Literary societies chief marshal and chief manager for commencement were elected. E. M. Spivey, of Farmville, was elected chief manager by the Columbian Society, and E. F. Dunstan, of Elizabeth City, was elected chief marshal by the Hesperian Society. Chief Manager Spivey has announced the following assistants: Claude Cooper, of Wilmington; A. J. Hobbs, of Roanoke Rapids; R. K. Smathers, of Canton; C. H. Teague, of Madison, and L. W. Smith, of Ayden. Chief Marshal Dunstan has announced the appointment of the following assistant marshals: H. L. Hoffman, of Cottage Grove, Tenn.; C. L. Nichols, of Brevard; R. W. Bradshaw, of Raleigh; O. B. Carr, of Charlotte; C. C. Blades, of Elizabeth City, and O. D. Ingram, of High Point.

Dr. J. J. Wolfe, of the Department of Biology, has been re-elected a member of the board of trustees of Watts Hospital, representing Trinity College.

Prof. W. H. Wannamaker was recently appointed a member of the Durham County Board of Education, for a term of six years. He became a member of this board last summer, succeeding P. P. Reade, of Durham, and served until the recent meeting of the legislature which elected him for a full term of six years. Another member of the faculty, Prof. E. C. Brooks, has served the Durham city schools as trustee for several years.

The community has learned with regret of the death of Mr. V. B. Swann, of 122 La France Street, Atlanta, Ga., who is remembered by the older generation of Trinity students. Mr. Swann was a member of the class of 1870 and had a successful business career. He was born near Pelham, in Caswell County, where some of his relatives still reside.

Mr. R. C. Kelly, of the class of 1907, of Ashboro, spent several days here this week the guest of his father-in-law, Dean Samuel F. Mordecai, of the law school.

"The sins which 'easily beset us' are the popular sins. It is not difficult to find out what they are."

To live in love is to live in everlasting youth. Whoever enters old age by this royal road will find the last of life to be the very best of life. Instead of finding himself descending the hills of life, he will find it uphill all the way into the clearer air. There the vision reaches further: here the sunsets are more golden and the twilight lasts longer.—Mrs. Mary A. Livermore.

When we give grudgingly we do not give at all.—Ex.

RHEUMATISM AND INDIGESTION.

Practically all physicians and medical writers are agreed that there is a close relationship between Indigestion and Rheumatism. This view is substantiated by the fact that Shivar Spring Water, which is probably the best American mineral water for Dyspepsia and Indigestion, relieves Rheumatism and the Rheumatoid diseases, such as Gout, Sciatica, Neuralgia and Nervous Headache. All of these diseases are probably related and all are probably due in whole or in part to imperfect digestion or to imperfect assimilation of food. Physicians who have studied this water and who have observed its effects in their practice believe that it relieves these maladies by rendering the digestion complete and perfect and thereby preventing the formation of those poisons which inflame the joints and irritate the nerves, and also by eliminating, through the kidneys, such poisons as have already been formed.

The following letters are interesting in this connection. Dr. Crosby, a South Carolina physician, writes: "I have tested your Spring Water in several cases of Rheumatism, Chronic Indigestion, Kidney and Bladder troubles and in Nervous and Sick Headaches and find that it has acted nicely in each case, and I believe that, if used continuously for a reasonable time, will produce a permanent relief. It will purify the blood, relieve debility, stimulate the action of the Liver, Kidneys and Bladder, aiding them in throwing off all poisonous matter."

Dr. Avant, of Savannah, writes: "I suffered for years with a most aggravating form of stomach disorder and consulted a number of our best local physicians, went to Baltimore and consulted specialists there and still I was not benefited. I had about despaired of living when I began to use Shivar Spring Water and in a short time was entirely relieved."

Mr. Rhoades of Virginia, writes:—"Please send me ten gallons Shivar Spring Water quickly. I want it for Rheumatism. I know of several who were relieved of Rheumatism with this water."

Editor Cunningham writes:—"The water has done more good than any medicine I have ever taken for Rheumatism. Am entirely free from pain."

Mr. McClam of South Carolina writes:—"My wife has been a sufferer from Rheumatism and after drinking twenty gallons of your Mineral Water was entirely relieved of the horrible disease."

Mr. Carter of Virginia writes:—"Mrs. Carter has had enlarged joints upon her hands caused by Rheumatism. Shivar Spring Water removed every trace of the enlargement. The water is simply excellent."

If you suffer with Rheumatism, or with any chronic disease, accept the guarantee offer below by signing your name. Clip and mail to the Shivar Spring,

Box 7-D, Shelton, S. C.

Gentlemen:—I accept your offer and enclose herewith two dollars (\$2.00) for ten gallons (two five-gallon demijohns) of Shivar Spring Water. I agree to give the water a fair trial in accordance with instructions which you will send, and if I report no benefit you are to refund the price in full upon receipt of the two empty demijohns, which I agree to return promptly.

SPOHN MEDICAL COMPANY
Chemists and Bacteriologists, Box 555, Goshen, Ind., U. S. A.

Fruit Trees at Great Bargains

We are over-stocked with large apple and pear trees, and are offering these at great bargains. The high cost of production is causing the Nurserymen to make short plantings, and prices are bound to advance next fall. Our present stock for spring sales was planted before present high prices prevailed, and we are offering these at very low prices. Next fall, and for some time in the future, we will be compelled to advance prices. Order to-day. Don't delay.

GREENSBORO NURSERIES,
John A. Young & Sons, Greensboro, N. C.

Methodist Benevolent Association

A Southern Methodist Life Insurance Brotherhood. Issues Whole Life, 20-Premium Life, Endowment at 70, Term, and Disability Certificates. Insurance at cost.
