

Thomasville Department.

CHARLES E. THOMAS, Manager.

THOMASVILLE, N. C., APRIL 9, 1913.

The work now being done on Salem street is improving the appearance of the street very materially already and when the coat of sand is applied it will be a model sand-clay street and the prettiest in the city.

Mr. Chas. F. Lambeth, who was considered one of the leading candidates for postmaster here, dropped out of the race last week and his endorsements are now released.

Mr. Lambeth states that he has other interests which require his time he would be unable to look after the post office. The race now is among the following: J. P. Milliner, J. D. Newton, D. T. Lambeth, C. L. Harris and Chas. R. Thomas. All have made a hard fight and are waiting anxiously to learn who will land the plum.

Have you tried Green Cross and Schumacker's special horse feeds? They fatten, go further, and cost less to keep your horse fat than what you now feed. Phone 181 or see G. E. Crowell Feed Co.

The April term of Davidson superior court convenes Monday week, April 14th, for the trial of civil cases only. His Honor, Judge R. F. Long, will preside. There are a number of cases from Thomasville to be tried at this term and no doubt lots of our citizens will be seen in the capitol city during court week.

A good deal of base ball talk is circulating around town and it is thought that Thomasville will have a creditable team in the field this season and that a number of match games will be played on the home grounds.

It was a great pleasure to the people of Thomasville and vicinity to hear His Excellency, Governor Locke Craig, last week speak in the opera house on the subject of good roads.

His address was particularly fine and was heard by an audience that more than filled the capacity of the hall many being turned away on account of lack of room.

The citizens of Thomasville are always glad to hear the governor and always honor him by a large crowd of attentive listeners.

Mr. Fox, who represents the Thomasville Light and Power Company has arrived and he succeeds Mr. John Stephens, who has been promoted and transferred to another point.

Hon. B. W. Farham, of this place, was last week elected vice-president of the North Carolina Harvard Club at the annual meeting of that club. An honor worthily bestowed.

The north end of the Southern depot is being enclosed and will be completed this week, after which the entire depot will be under lock and key except during regular office hours.

We are yet getting new members; last meeting Miss Clara Shirley joined the others in the great work, which all are interested in. Miss Clara is an excellent young lady and will be quite helpful in the Society.

We have enjoyed the letters from two of those who were successful Dispatch contestants, and enjoyed the trip to Washington.

Our genial mail carrier, Mr. Walter Greer, has a position in the postoffice at Lexington. We are glad of his promotion and wish him every success. He was a most excellent carrier, always so kind and accommodating. His is much missed. Mr. Tate, his substitute is now on the route. He, too, is accommodating and kind.

Mr. Lindsey Johnson has some excellent young Mohawk game hens which have been furnishing him with eggs more than two months laying every day during that time. They are right young hens and have done quite well. This is the first year he has tried the Mohawk game; he likes the kind well.

News From Mt. Carmel.

Lexington, Route 3, April 7.—Doctor Mook's lecture last Thursday night was thoroughly enjoyed by all, and the benefit that will be derived from it will undoubtedly be great. Satisfaction was discussed from many points of view. The doctor understood his subject and his audience perfectly and held the attention of the small as well as the large people. The association yell was heard ringing before the door just before the meeting was called to order. It was plain to be seen that the doctor had not forgotten the wild shouts of enthusiasm of his college days. He spoke on a great subject in a very attractive way. Long live the Doctor! The people are planting corn in a rush out here now.

Mrs. Amanda H. Trantham is scarcely holding her own these days, but the way she is bearing up under the suffering is most wonderful. Well, when you mention good roads, court the daily converts by the score. They are coming. Knowledge is power. The people must know then they will act. The people of Davidson will do the right thing when they once know. If you are against the issues, come out and find out why others are for it. Don't be afraid to measure up with the world. Come clean when you measure. That's fair. Thursday night of this week, the subject for discussion is "Down with the bond issue." Two gentlemen have been invited to speak.

Mr. H. B. Biescher has accepted and it is likely that Mr. John C. Thomas also will. These gentlemen will entertain you. Come out and hear them. Bayard F. Sink has been spending several days in the eastern part of the state looking up the good roads and visiting friends. He says the Guilford roads look good to him. They do look good to all who see them.

Mr. Geo. F. Hedrick was in town on business Monday.

All of us have heard of hawks killing chickens, but not many ever heard of a chicken killing a hawk. One morning last week Mr. Bud Sink heard one of his old hens squall and ran to see the trouble. When he got to where the hen was she had the hawk dead. The hawk had been catching her biddies and she decided to put an end to it.
