Bright's Disease and Diabetes

Under the Auspices of the Cincinnati Evening Post, Five Test Cases Were Selected and Treated Publicly by Dr. Irvine K. Mott, Free of Charge.

Irvine K. Mott, M. D., of Cincinnati, Ohio, well and favorably known in that city as a learned physician—a graduate of the Cincinnati Pulte Medical College, and afterward received Clinical instructions abroad, believes that he has discovered a remedy to successfully treat Bright's Disease, Diabetes and other kidney troubles, either in their first, intermediate or last stages.

Dr. Mott says: "My method aims to arrest the disease, even though it has destroyed most of the kidneys, and thereby preserves intact that portion not yet destroyed. The medicines I use are intended to neutralize the poisons that form a toxin that destroy the cells in the tubes in the kidneys."

The Evening Post, one of the leading daily papers of Cincinnati, Ohio, hearing of Dr. Mott's success, asked if he would be willing to give a public test to demonstrate his faith in his treatment, and prove its merits by treating five persons suffering from Bright's Disease and Diabetes, free of charge, the Post to select the cases.

Dr. Mott accepted the conditions, and twelve persons were selected. After a most critical chemical analysis and microscopic examination had been made five out of the twelve were decided upon. These cases were placed under Dr. Mott's care and reports published each week in the Post. In three months all were discharged by Dr. Mott as cured.

Dr. Mott's international reputation that has brought him into correspondence with people all over the world, and several noted Europeans are numbered among those who have taken his treatment and been cured, as treatment can be administered effectively by mail.

The Doctor will correspond with those who are suffering with Bright's Disease, Diabetes or any kidney trouble whatever, and will be pleased to give his opinion free to those who will send him a description of their symptoms. An essay which the Doctor has prepared about kidney trouble and describing his new method of treatment, will also be mailed by him. Correspondence for this purpose should be addressed to IRVINE K. MOTT, M. D., 51 Mitchell Building, Cincinnati, Ohio.
