COLONEL CHARMED BY ROUGH RIDERS

Western Cowboys Gave Roosevelt Grand Ovation at Cheyenne.

SPIRIT OF WEST STILL ALIVE

Teddy Urged Them to be Progressive During a Stirring Speech—Deeds of Skill and Daring for Their Visitor.

Cheyenne, Wyo., Aug. 27.—"I'm here to see what you fellows can do on the hurricane deck of a broncho," Theodore Roosevelt said today as a group of cowboys, the hardest riders in the West, gathered about him mounted on their horses. Col. Roosevelt saw all that the Wild West of today had to show him in the way of deeds and skill and daring and said that the spirit of the West was still alive.

As he watched the cowboys at their work, heard the Indians yell and saw the familiar sights of more than 20 years ago, when he was a plainsman, the spirit of it all came over him again, and he climbed down from the flag-draped reviewing stand and mounted a big white horse. He galloped around the half mile track at Frontier Park and past the crowded grandstand, while cowboys yelled, Indians gave their war whoop and the rest of the crowd joined in a tremendous shout. He dismounted after one lap, smiling his delight, and went back to his place to see the rest of the fun.

There was no formality about Roosevelt today at Cheyenne. Every cowboy who had drawn a year's pay and could get here came. There were thousands of them, with a good many cow girls. They came on horseback from miles around, some of them from points hundreds of miles away. The streets were thronged with men and women on horseback in their picturesque attire of many colors. There were a good many thousands of other persons, too, eastern tourists and the tradesmen and plain farmers of the region; but they got little attention. It was the day of the old Wild West.

By the time Mr. Roosevelt arrived here, shortly after 9 o'clock this morning, the celebration was well underway. They met him at the station with a band and an escort of cavalrymen, and then followed a parade. The exhibition at the park was next on the programme and then there came a dinner which Gov. Brooks gave to the former President. A smoker at the Industrial Club and a theatre party, both of which Col. Roosevelt attended wound up the day. The celebration at the park, which is set in the midst of the Brown Plains of Wyoming, a mile and a half north of the city was the star attraction and Sand Creek came next. Sand Creek is said to be the wickedest place in the world, and after a long combat he bested Al. Whitney, one of the most skilled horsemen that the West has. Col. Roosevelt watched the struggle and after it was over, he shook the hand of Whitney and complimented him.

The sun was baking the plains with its fierce heat when Col. Roosevelt appeared. He rode in an automobile from Cheyenne, although some of the cowboys were expecting that he would appear in chaps and sombrero on a horse. The Indians were the first to spy him as he rounded the turn of the half mile track and set up a wild yell. The crowd that filled the grandstand and the bleachers and overflowed into the field joined in and gave the colored the noisiest welcome he has had since he left New York for his Western trip.

Capt. Hardy, who, according to the meaphone man who made the announcement is the champion marksman of the world, was just drawing a picture of Col. Roosevelt by firing bullets at a white target when the Colonel appeared. The colonel took his place in a reviewing stand just across the track from the grandstand, and watched the champion's fancy shots.

Four cow girls had a half mile race on horseback next Joella Irwin, who is 12 years old, appeared in short white trowsers on the back of Brownie and she caught the colonel's fancy. Before the race began he beckoned to her and shook her hand. She had two hard falls from her mount yesterday and was severely shaken, but refused to withdraw. She won the race today, and Col. Roosevelt called her back to him to congratulate her.

Thereafter a dozen cowboys picked up the reviewing stand, after Colonel Roosevelt had descended from it and carried it across the track so that the crowd might hear the colonel's speech which came next.

Gov. Brooks introduced him and for half an hour he talked to the crowd. He spoke of the old West, now fast passing away, and the men it developed. He told the people of the new West that they must preserve those same characteristics if the nation is to endure. He urged them to be progressive.

NICARAGUA AGAIN A PEACEFUL LAND

General Estrada Proceeding to Managua to Become The New Ruler.

COAST HOSTILITIES ENDED

Policy of the New Administration Expressed in Note Sent Representative at Washington—Mena Acting President.

Managua, Aug. 27.—Jose Dolores Estrada, to whom President Madriz turned over the administration of the Nicaraguan government before fleeing the country, today received the Presidency in favor of General Luis Mena, who was designated by him as acting president of the Republic. This change of administration was in accordance with instructions from Estrada's brother, General Juan J. Estrada, the head of the provisional government, and leader of the successful revolution against Madriz. General Mena immediately took possession of the presidential mansion.

The prefect of Managua has issued a decree to the inhabitants of the capital instructing them to decorate their homes in honor of General Juan Estrada, who is coming to the capital. General Juan Estrada arrived at Granada at 3:30 o'clock yesterday afternoon. One of the first acts of the acting president was to appoint a committee to go to Granada and escort the triumphant leader of the revolution to the capital.

The final clause of an agreement signed last night, provides that the free election for the presidency which, according to the proposals of the commission of conciliation should occur within six months, shall be held within a year from the present time.

Estrada Rule Begins Soon. Bluefields, Aug. 27.—General Juan J. Estrada, provisional president of Nicaragua, is as the first act of his administration sending to Dr. Salvador Castiello, his personal representative to Washington, the declaration of the provisional government a note setting forth the policy of the new administration.

In the note he will pronounce for the re-establishment of the finances of the United States and minister to Washington a note setting forth the policy of the new administration. In the note he will pronounce for the re-establishment of the finances of the United States and minister to Washington a note setting forth the policy of the new administration.

General Estrada, with other leaders of the revolution, desires the appointment as minister to Nicaragua Thomas P. Moffatt, the American consul at Bluefields, an American telegram sent to Dr. Castiello today he says: "Don't forget when asking for recognition of the revolutionary government to suggest strongly to the American Department of State the appointment of Mr. Moffatt, as minister to Nicaragua, as a means of settling the conflict existing between the two countries. We feel that this appointment will be the best pledge and guarantee of future good relations of the two countries."

General Mena, with the chief of the Madriz faction, who remain in Nicaragua, have signed terms of surrender at Managua and the government gunboat Novention, at Lake Nicaragua, which has hitherto held out against the provisional government, surrendered to the forces of General Chamorro, the acting president of Nicaragua today. The retirement of the Madriz gunboat Venus has terminated hostilities on the Atlantic coast.

Washington, Aug. 27.—Surprise was expressed by Senor Castriello, representative in Washington of the Estrada government, when he informed himself by the Associated Press that General Estrada had sent him a telegram urging him to recommend to the State Department the appointment of T. P. Moffatt as minister to Nicaragua. Senor Castriello said he had received no such telegram and while indicating his own approval of Mr. Moffatt he doubted the propriety of his making any suggestion to the American government as to whom it should send to Managua as its representative.

As American consul at Bluefields, Mr. Moffatt has ingratiated himself with the Estrada followers by his fairness and his appointment to the high post doubtless would be pleasing to the new government. Senor Castriello made it clear, however, that he would prefer that the State Department should make the designation on its own initiative.

HOTEL QUARANTINED.

Diphtheria and Scarlet Fever in Greenville, S. C., Hostel.

Greenville, S. C., Aug. 27.—Caesar's Head Hotel is under quarantine on account of an outbreak of diphtheria and scarlet fever. The diphtheria patients are a little daughter of Prof. E. E. Geer, and a child of Rev. Mr. Herbert; the scarlet fever victim is a son of Mr. Shanklin, of Eastley.

Physicians from Greenville have been to the hotel and administered antitoxin to all children in the neighborhood. It is said the cases are light and the children have passed the crisis. The quarantine may be lifted next week.

Actress Will Marry One of Montana's Copper Kings

New York, Aug. 27.—Another actress will wed into the millionaire class when Miss Bernice G. Henderson becomes the wife of F. Augustus Heinze early in September. Miss Henderson played the role of the Vampire in "A Fool There Was" and has been on the stage for several years. Until she was eight years of age Miss Henderson was afflicted with blindness. The man she is to marry has had a most interesting career since he went to Montana as a mining engineer almost penniless a number of years ago. Since that time he has garnered millions from the ore veins of Butte and other camps in Montana and has also had his share of tilts with Uncle Sam in prosecutions for alleged violations of the national banking laws. He was recently acquitted by a Federal grand jury.

DR. CRIPPEN BACK IN LONDON

Inspector Dew Delivered American Dentist and Miss Leneve to British Authorities—Formally Charged With Murder.

London, Aug. 27.—Dr. Hawley H. Crippen, the American dentist, and his typist, Miss Ethel Clare Leneve, returned to London today from Canada, where they were apprehended by the police on suspicion of being connected with the disappearance of Dr. Crippen's actress wife, Belle Elmore, and with having knowledge of the mutilated body, believed by the police to be that of Mrs. Crippen, which was found in their Hill Drop Crescent residence.

It is just seven weeks since Dr. Crippen and his companion disguised in boy's clothes, secretly left London. The Crippen party, composed of the two prisoners, Chief Inspector Dew and Sergeant Mitchell of Scotland Yard, and the two wardresses, who had in charge Miss Leneve arrived at Euston station at 7 o'clock tonight from where they had disembarked a few hours earlier from the steamer Megantic. Three taxicabs were waiting at the station and the party immediately was driven to the Bow street police court where the accused man and woman were formally charged with the crime and then placed in cells.

DIED ON WEDDING DAY.

Sad Death of Young Man in Raleigh—The Funeral.

Raleigh, Aug. 27.—Out at Mt. Piscah church this afternoon there was the funeral of S. O. Yates, who died yesterday morning at Rex Hospital, from typhoid fever, death coming to him on the very day that he was to have been united in marriage to Miss Pauline Olive, of Apex. Mr. Yates was 25 years old, a son of J. D. Yates, of Morrisville. He had been for some time a pharmacist in the Main Street Pharmacy, Durham, and about three months ago accepted a position with the Hicks' up-town drug store here.

THE SIBLEY CASE.

Audit of Election Expenses Postponed to September 13th.

Franklin, Pa., Aug. 27.—The audit of the \$42,500 election expense account of Jos. C. Sibley, Republican nominee of the 28th Congressional district, which was scheduled to begin Monday morning before Judge Geo. S. Criswell, has been postponed until Tuesday, September 13th. Judge Criswell granted this at the request of attorneys after hearing arguments from both sides tonight.

SHERMAN PRAISES MR. TAFT

Keynote of Vice President's Opening Speech in Illinois—Thousands Assembled to Hear Him—Starts on Long Trip.

Clinton, Ill., Aug. 27.—Vice President James S. Sherman stopped in this city today just long enough to tell the Weldon Springs Chautauqua that he would not talk politics and he did not unless an eulogy of President Taft may be called politics.

This is the first halt made by the Vice President in a trip which is to carry him through Missouri and Oklahoma ending next Saturday night in Oklahoma City. He is accompanied by his brother-in-law, Capt. Sherrill Babcock, of New York. There were 3,000 to 4,000 persons assembled at Weldon Springs just outside Clinton, when Mr. Sherman, accompanied by Congressman William B. McKinley and former Congressman Vespasian Warner arrived.

"William H. Taft is a patriot," Mr. Sherman said. "Behind that charming personal presence, behind that sunny smile, behind that disposition which would avoid controversy, there is courage, stability and the firmness to meet any contingency. An illustration of this is when, last June the Presidents of several great corporations went to the White House and they went—well, figuratively, with chips on their shoulders. There was the chance for a heated controversy. The President might have met them in the same spirit, the chip-on-the-shoulder spirit, and there would have been an unpleasant result. A man of less courage might have given way."

"But President Taft did not do so. There was a calm, serious talk, and when it was over the agreement was that the government should go ahead in its course, and that the courts should not be called on to settle the contention."

That was the way Mr. Sherman referred to the somewhat famous meeting of President Taft and the railroad presidents to consider the freight rate question. The greater part of the Vice President's speech was devoted to the wonderful resources of the United States. He gave figures showing the enormous growth of the railroads, of the manufactures and of farming industry. He asserted that in no country was the citizen and his family so well off as here. And all this, he said, has been made possible by the protective tariff system. "I believe in that principle," the Vice President added. PRIMARY IN SIXTH IS NOW ARRANGED

Special Committee in Session at Raleigh Yesterday Afternoon.

WILL VOTE SEPTEMBER 15TH.

No Convention Will be Held and Returns Will be Certified—Details as to Robeson and New Hanover.

(Special Star Telegram.) Raleigh, N. C., Aug. 27.—The Sixth District middle as to whether H. L. Godwin shall have the Democratic nomination for Congress in succeeding himself or whether O. L. Clark or some other Democrat of the district shall be the nominee, Godwin and Clark having both claimed the nomination in the former district convention, is to be settled September 15th, with a general uniform primary throughout the district, the candidate that receives the most votes to be declared the nominee provided he receives a majority of the vote cast. Furthermore, all who expect to enter the race for the nomination are to file notice of this effect on or before September 1st.

This was the decision reached this evening by the special committee of the State Democratic executive committee named to hold a primary, composed of Hon. J. B. Young, Col. J. Bryan Grimes and H. A. Foushee.

During the afternoon the committee heard suggestion from O. L. Clark, A. J. McKinnon, H. L. Godwin, J. C. Clifford and E. F. Young. All were found to be pretty close together in the matter of what was necessary in the way of machinery for the primary and also entirely willing to cut out any post primary convention.

The knottiest problem is now to deal with the legalized primary laws of New Hanover and Robeson counties. This is to be done by later and the impression seems to be that the uniform voting primary can be held in these counties just as they are in the others for the reason that this is simply an extraordinary feature of party machinery that is not obliged to conform to these special county laws.

Detailed machinery for the primary is being worked out and will be announced later. One of the pollholders at each precinct is to be sent on September 17th to the county seat with the precinct returns. These returns for the county are to be certified to the Special State Committee here in Raleigh and the committee, J. R. Young, chairman, will canvass these returns and formally declare the nominee on September 20th.

A. J. McKinnon, of Maxton, says he will re-enter the race for the nomination of Clark in the former sensational convention. So he will make a fight this time for Clark.

It is said here that McClammy, of New Hanover, will not run in this primary and that it is very doubtful if Cook, of Cumberland, will run. So it looks like a clear field for a sharp fight between Godwin and Clark. Both express themselves thoroughly satisfied with the arrangements made for the primary.

COLDEST DAY OF SUMMER.

Thermometer Dropped to 57 in New York Yesterday.

New York, Aug. 27.—"The coldest day of the summer," said the weather man today. Last night the thermometer fell to 57 degrees and touched 57 today. Only five times in 40 years has there been a colder August day in New York. The record is 51.

PULLMAN COMPANY HELPING BROWNE

Sensational Charges Yesterday in Lorimer Bribery Scandal Investigation.

RAILROADS AND PASSES GIVEN

Intimation That Over Thirteen Thousand Requests Were Honored for Members of Illinois Legislature—Subpoenas Issued.

Chicago, Aug. 27.—Charges that the Pullman Company is aiding the defense of Lee O'Neill Browne, minority leader of the Illinois Legislature, in his trial on the charge of buying votes, to elect William Lorimer to the United States Senate, were made in court today by State's Attorney John W. Wayman.

This charge was followed almost immediately by subpoenas by the prosecutor of the appearance on Tuesday before a special jury of numerous officials, and clerks of the Pullman Company, including John C. Patterson, division superintendent.

This move of the State's attorney is believed to concern his petition for a special grand jury. A subpoena was issued directing officials of the Pullman Company to bring before the grand jury books and records showing the names of applicants for positions in the months of April and August, 1909.

Following a request by the prosecuting attorney, the court directed that F. G. Hull, head clerk for the chief clerk of the Illinois Central, produce in court Monday all the passes issued to members of the Illinois Legislature. Mr. Hull denied an intimation by Mr. Wayman that 13,165 passes were issued at the request of Illinois Legislators.

NEW NORWAY BOAT LINE.

Steamships Will Run to United States—Capital of \$2,800,000. Christiania, Norway, Aug. 27.—The Norwegian-American Steamship Line, was established here tonight with a capital of 10,000,000 kroner (\$2,800,000).

The directors of the new line were authorized to purchase for four and three quarter minutes kronor (\$1,330,000) the steamship Kaiser Frederick, of Hamburg, which will be renamed the Leif Erikson.

Engbreth H. Hobe, the Norwegian consul at St. Paul, Minn., was elected one of the directors and six other persons from America are on the board of advisers.

The scheme for a direct steamship line between Norway and the United States has been under advisement for a long time. It was originally the intention to have Sweden and Denmark share in the financing and management of the line, but that plan was abandoned. The creation of the new combination may be taken as an indication of an unusual increase of emigration from Scandinavia to the United States. The proposed line will make possible travel between New York and Norway in less than nine days instead of eleven at present.

Columbus, Ohio, Aug. 27.—Harry M. Daugherty, of Columbus, today issued a statement declaring his candidacy for the United States Senatorship from Ohio in which he held that Republican members of the next Legislature would not be bound by the verdict of the State primary of last Spring, in which Senator Dick was the only candidate for the Senatorship.

MAY ORDER OUT TROOPS.

Stockholm, Aug. 27.—Herman DeLagercrantz, the representative of Sweden, according to an announcement made here today to look after his personal business in Sweden where he has large interests. The retiring minister's diplomatic services are highly regarded here and there is no foundation for the report that his resignation was caused by attacks made on him by the Swedish American press.

RULING OF COURT STIRS STRIKERS

Demonstration by Protesting Cloak-Makers Follows the Decision.

CALLS STRIKE CONSPIRACY

Under the "Closed Shop" Demands. Sixty Thousand Paraded the Streets in New York and Threatened Violence.

New York, August 27.—Parades of protests broke out all over the east-side today on receipt of the news that Justice Goff had ruled in the State Supreme Court today that a strike which demands the "closed shop" is a conspiracy in restraint of trade. Bands of the 60,000 cloak makers now on strike marched through the streets, one of them to city hall, carrying banners and American flags and shouting "closed shop" at every step. There was no violence, but apparently the decision stirred the strikers.

Justice Goff's decision granted an injunction to the members of the Manufacturers' Protective Association in restraint of acts of violence, threats, picketing and patrolling by strikers: "The primary purpose of this strike" reads his finding, "is not to better the condition of the workmen, but to deprive other men of the opportunity of their right to work."

A final vote on the tentative agreement reached yesterday between the strikers and the manufacturers, details of which have already been published, was expected to be reached tonight and not to be made public until tomorrow. General opinion inclines to the belief that the terms will be accepted, although there is much complaint that they are not more favorable to the strikers.

CONVICT ESCAPES—CHATHAM AT THE FAIR—CIRCUS.

Raleigh, N. C., Aug. 27.—The State penitentiary authorities announce the escape of Thomas "Doc" McCurdy, a convict, who was serving a two years' sentence from Cabarrus county for larceny. He was 23 years old and was committed to the penitentiary last January. He had been given "trusty" privileges recently and took advantage of his opportunity to escape a suit of citizen's clothes from a guard arm slip away from the camp which is on the Virginia & Carolina Southern Railway near Tar Heel, Bladen county.

Chatham county has just reserved 100 feet of space in the new concrete agricultural and horticultural building for a big exhibit at the North Carolina State Fair, October 17 to 22. The work on this building, the first of a series of fire-proof buildings, intended to take the place of the present frame buildings that constitute the State fair equipment, is being pushed now with redoubled force so that it will certainly be completed in ample time.

It is learned that the State fair management is still at work seeking to stop the Ringling Brothers circus from setting up in Raleigh on Thursday of fair week. The county commissioners some weeks ago granted a license to the circus, but it is insisted that the county and city authorities have the right to rescind without incurring liability for damages, since the agent in slipping in here and getting the license so far in advance as to indicate a conspiracy to take in an unfair advantage of the community.

WIRELESS FROM AERO.

New Achievement in Aviation in New York Yesterday. Buzz, Buzz, Buzz, Zizz" spoke the small voice of the coherer into the ear of the wireless operator stationed this afternoon on the roof of the grand stand at Sheepshead Bay race track. A mile away and 500 feet up aviator McCurdy was a speck against the sky. The operator began to piece into sense the sputtering of the wireless. This is what he read: "Horton: "Another chapter in aerial achievement is recorded in the sending of a wireless message from an aeroplane. (Signed) McCURDY."

This became a reality this afternoon the first wireless message sent from an aviator in a flight to a receiving station on earth.

J. D. A. McCurdy, a pupil of Glenn H. Curtis, was both aviator and sender and Harry M. Horton, formerly a sergeant in the Spanish-American war and acting under supervision of Major Samuel Eber of the United States Signal Corps, was the receiving operator.

Stockholm, Aug. 27.—Herman DeLagercrantz, the representative of Sweden, according to an announcement made here today to look after his personal business in Sweden where he has large interests. The retiring minister's diplomatic services are highly regarded here and there is no foundation for the report that his resignation was caused by attacks made on him by the Swedish American press.
