SPECULATION AT WASHINGTON

Champ Clark Talks of Democratic Opportunity—New York and New Jersey Do Handsomely—Summary of Results.

The political upheaval of Tuesday was followed yesterday by a general survey of the field which disclosed with greater detail and precision just what results have been accomplished.

Latest calculations on the National House of Representatives, based on complete, but unofficial returns, show that the Democrats will have a safe working majority of 30.

The outcome of the United States Senate is now definitely settled. The Republicans are assured of 17 new Senators, which with 34 hold-over Senators, gives them a total of 51.

The 16 Republican Senators considered assured are: California, Connecticut, Delaware, Minnesota, Michigan, Nevada, North Dakota, 2; Pennsylvania, Rhode Island, Utah, Vermont, Washington, Wisconsin and Wyoming.

The 15 Democratic Senators considered assured are from Florida, Indiana, Maine, Maryland, Missouri, Mississippi, Nebraska, New Jersey, New York, Ohio, Tennessee, Texas, Virginia and West Virginia.

The summary of the contest for governorships shows the following Democratic governors elected, with the approximate pluralities:

which is represented in the 61st Congress by a Republican, is in doubt. The 12th Pennsylvania district, also normally Republican, is likewise in doubt.

Net Democratic gain 52. Indianapolis, Ind., Nov. 9.—Senator A. J. Beveridge's hopes for another term at Washington went glimmering when later returns showed conclusively that the Democrats yesterday elected a majority of the members of the Indiana assembly, which will meet next January to choose Mr. Beveridge's successor.

According to the latest figures the Democrats will have a majority of 23. John W. Kern was endorsed last Spring by the Democrats for United States Senator and in all probability he will become the colleague of Senator Shively, also a Democrat.

It is conceded tonight that the Democratic State ticket was elected by a plurality of about 15,000. Of the 13 Indiana Congressmen, 12 will be Democrats. Edgar Dean Crumpacker, of the ninth district, was the only Republican elected.

For the first time in 13 years the Democrats have control of every branch of the State government, the two United States Senators and all but one member of the Congressional delegation.

Governor Marshall's term has two years to run. The next State Senate will be Democratic by 10 and the House Democratic by 22. The program of the Democratic legislation as announced in the party's platform includes repeal of the county option law and the substitution of a law providing for city, ward and rural township option units.

Kansas Republican. Topeka, Kans., Nov. 9.—Governor W. R. Stubbs, Republican, tonight is leading George H. Hodges, Democrat, candidate for Governor, by 9,433 majority on returns, almost complete from 93 of 103 counties in the State. The probability is that Stubbs' plurality will exceed 10,000. The eight Republican Congressional candidates were elected.

Socialist-Democrat Elected. Milwaukee, Wis., Nov. 9.—The Evening Wisconsin in a late edition gives a tabulated vote of Victor L. Berger, Socialist-Democrat, and Henry C. Cochems, Republican candidate for Congress in the fifth district, which gives Berger 272 majority with one precinct in Waukeesa county missing.

Sleep Probably Elected. Roanoke, Va., Nov. 9.—Henry Stuart, Democrat, concedes his defeat for Congress in the ninth Virginia district by Bascom Sloop, Republican, by a majority of 150, basing his statement on figures at hand. Mr. Stuart's friends do not concede his defeat. The figures show a Democratic gain of 4,000.

BIG BLAZE AT MONROE, N. C. TAFT BOARDS CRUISER TODAY

One Hundred Bales of Cotton Buried There Early Yesterday Morning—Loss May Reach \$75,000—Little Insurance.

Monroe, N. C., Nov. 9.—A fire that broke out on the cotton platform here at 6 o'clock this morning caused the greatest destruction of property in Monroe's history, a conservative estimate placing the loss at \$75,000. Between 800 and 900 bales of cotton, the platform and weaver's stand, and four straight freight cars were entirely destroyed, and it is not yet known how much is covered by insurance.

AVIATORS HAVE BIG DAY.

Baltimore, Nov. 9.—A beautiful day, with ideal conditions for flight, this afternoon rewarded those who have patiently waited since the formal opening of the Baltimore Aviation meet ago yesterday. The wind was at no time high enough to interfere with flights. The result was a series of flights totally eclipsing in interest anything yet seen in Baltimore save Latham's wonderful flight over the city on Monday.

OUTLINES.

Yesterday's returns from the State and National election held on Tuesday show increased Democratic majority in nearly all States; it is now estimated that the Democrats will have a working majority of 30 in the House and Washington is speculating on the probability of legislation.

GODWIN'S MAJORITY.

Dunn, N. C., Nov. 9.—Latest unofficial returns tonight indicate that Godwin's majority over Meares will be about 6,100. The Hargett man received a general increase in this election over two years in every county except New Hanover where the vote was light.

Express Men Have Withdrawn Their Demand For Recognition of the Union—Meat Inspector Badly Injured In Rioting.

New York, Nov. 9.—Mayor Gaynor issued two characteristic letters tonight which promise to bring the strike of the express company employees to a head tomorrow. Briefly, he forbids the operation of wagons by unlicensed drivers, thus eliminating the strike breakers upon which the companies have depended.

WASHINGTON, NOV. 9.—President Taft left here at 4:05 P. M. over the Washington, Southern & Atlantic Coast Line for Charleston, S. C., where he will board the cruiser Tennessee tomorrow afternoon for the trip to Panama.

NEW ORLEANS, NOV. 9.—The Lane Cotton Mills, employing 1,000 operatives, resumed operations today after having been closed since last April.

MEXICANS ATTACK MANY AMERICANS

Feeling Runs High at Mexico City on Account of Recent Lynching in Texas.

U. S. FLAG TORN TO SHREDS

Intense Situation in Mexico City—Demonstration by Students—Trouble Renewed—Of International Importance.

Mexico City, Nov. 9.—Through insults to the American flag and assaults made openly upon American citizens in the streets the anti-American demonstration, which began last night with the stoning of the Mexican Herald offices, developed this afternoon into an affair of international importance.

A vigorous protest was registered by the American ambassador with the Mexican Department of Foreign Relations and at the same time the facts were telegraphed to Washington and instructions asked for.

Tonight the attacks were renewed. Windows in a dozen American business places were smashed. All about town shutters were hurriedly drawn and establishments closed. Forces of police appeared in the streets and kept the crowds moving.

AMERICAN FLAG TORN DOWN.

While the police looked on and seemingly made no effort to prevent it, an American flag floating in front of a candy store in the business quarter was torn down this forenoon by several hundred medical students and others, who trampled and spat on the Stars and Stripes. The mob then tore the flag to tatters. Photographs were taken of the flag desecrators before the officers of the Diario del Hogar, a Mexican newspaper, showing many indignantly waving bits of the torn American flag.

The demonstration today was a continuation of the affair of last night caused by antipathy aroused among the people by the burning at the stake of Antonio Rodriguez at Rock Springs, Texas, on the night of November 3rd.

Publication today by several Mexican papers of violent attacks on Americans last night tended to incense the medical students, who were promoters of last night's demonstration.

Foreign Minister Creel said to reporters tonight that every effort would be made to punish those guilty of offering insult to the American flag.

CAUSED BY LYNCHING.

Washington, Nov. 9.—Protesting vigorously on behalf of the Mexican government, Senator de LaBarra, ambassador to the United States from Mexico, presented a claim for reparation to the State Department today because of the lynching of Antonio Rodriguez at Rock Springs, Texas, on November 3rd.

Senator DeLaBarra had a lengthy conference with Alvey A. Adee, second assistant Secretary of State, in which he was assured that the United States would do everything possible to apprehend the guilty persons.

Only meagre details have reached the State Department from Texas about the lynching, but the officials today telegraphed to Governor Campbell, of Texas, to investigate the case and to take proper steps to punish the offenders.

Mexico City, Nov. 9.—There was another anti-American demonstration in the streets today. A crowd of 600 persons marched to the municipal palace giving frequent expression to their opinions of United States citizens.

The crowd was followed by police and mounted soldiers. The demonstrators were students of the medical school, who had been excited by anti-American articles appearing in several papers.

The ill-feeling grew out of the reports of the lynching of Rodriguez.

DEMOCRATS IN OREGON.

Portland, Ore., Nov. 9.—Complete returns from 287 out of 987 precincts in the State at large and from incomplete returns from 27 precincts give Oswald West, Democratic nominee for Governor, a lead of 1,702 over Jay Bowerman, Republican.

Smith, a guard. When they had beaten Smith nearly in unconsciousness, they cut the harness and sent the horses galloping down the street, then started into smash the express matter. Two crates of live chickens were sent squawking to the four winds. The police arrived too late to make any arrests.

TRINITY PRESIDENT IS INAUGURATED

Induction of Dr. William Preston Few into Office of Chief Executive.

WITH NOTABLE CEREMONIES

Annual Address Sets New Ideals for Famous College—Many Distinguished Visitors For Exercises—Social Features.

(Special Star Telegram.) Trinity College, Durham, Nov. 9.—An event of national importance was the inauguration here today of William Preston Few, Ph. D., as president of Trinity College. It is by far the greatest educational event that has ever taken place in the South. Delegates began to arrive early Tuesday morning and a steady stream of visitors has been pouring into the city ever since.

A special train from Greensboro reached the city at 9 o'clock, bearing the greater part of the many delegates from the most prominent colleges and universities in the United States, besides hundreds of alumni and friends.

The exercises began at 9:00 o'clock, with the registration of delegates and guests in the new Washington Duke building, west wing. At 9:30 took place the presentation of the new building. Mr. F. L. Fuller made the speech of presentation for Mr. B. M. Duke, the donor, and the speech of acceptance was made by the Hon. James H. Southgate on behalf of the Board of Trustees.

At 10 o'clock the chief marshal, aides composed of professors in the college, in the school of law, other members of the faculties and invited guests, aides from the members of the board of trustees, the bursar bearing the keys, the librarian bearing the charter, the secretary of the corporation bearing the seal, the dean of the faculty of law, the dean of the college, the president of the board of trustees, the mayor of Durham, the Governor of North Carolina, the Rev. Stenwall Anderson, Frederick William Hamilton, president of Tufts College, the retiring president, Harry Pratt Judson, president of the University of Chicago, and the president-elect formed in a line and marched to the Craven Memorial Hall, where the exercises of induction began.

"How Firm a Foundation," was the professional hymn, and the audience stood and sang this while the procession filed into the house. The invocation was made by the Rev. Stenwall Anderson, of the Southern Methodist Church. Bishop Kilgo, retiring president, inducted the new president into office in a most eloquent speech in which he paid a glowing tribute to the character of Dr. Few. The bishop also presented the seal and charter of the college to the new president. Immediately following the induction, Gov. Kitchin in his usual pleasing manner, delivered the congratulatory address on behalf of the Commonwealth and made a hit with the visitors. Dr. Harry Pratt Judson, president of the University of Chicago, and one of the most prominent characters present, then made the congratulatory address on behalf of the visiting delegates. Dr. Judson's speech was one of the finest ever heard in the Craven Hall, and he said something worth listening to. Then came the inaugural address of the new president, which was spoken of in high terms. His speech was by far the best that President Few has made in many a day. It was an exposition of his idea of what he hoped and wanted Trinity College to become.

After the benediction by President Hamilton of Tufts College, and music by the orchestra, the presentation of the delegates in the order of the foundation of their institutions took place, and luncheon in the west wing of the Washington Duke Building began at 1:30 o'clock.

At the luncheon, Chancellor James H. Kirland, of Vanderbilt University, presided, and the speakers were President Abbott Lawrence Lowell, of Harvard University; Dean Frederick S. Jones, of Yale University; President Eugene Allen Noble, of Goucher College, Baltimore; President David Starr Jordan, of Leland Stanford, Jr. University; President David F. Houston, of Washington University, St. Louis; and President E. B. Craighead, of Tulane University, New Orleans.

While this was going on, Mrs. James Edward Stagg was giving a luncheon to the ladies accompanying the delegates, at her home on Morehead Hill.

The last of the features of the inauguration was an informal reception to the delegates and invited guests by Mr. and Mrs. Benjamin N. Duke at their elegant home on Chapel Hill street. This was from 9:00 to 11:00 P. M., and was perhaps the most brilliant of all the events attendant upon the inauguration. It was the first function of the Duke family in their new residence.

DR. FEW'S ADDRESS.

Dr. Few in addressing his distinguished audience, said: It would seem to be appropriate for me on an occasion like this, to give as clearly as I can my conception of the place of the college in Southern development, and, coming closer home, to say plainly what I think Trinity College should undertake to do. This is the easier for the fact that
