WILMINGTON, N. C., SATURDAY MORNING, APRIL 22, 1911.

WHOLE NUMBER 13,589.

DO YOU ADVERTISE?

If not, why not? Perhaps there's a reason. A request to this office will bring a man to talk it over with you.

RECIPROCIITY BILL PASSED IN HOUSE

Taft's Canadian Agreement is Finally Voted Upon, After Six Days Debate.

NO AMENDMENTS TO MEASURE

Practically Same as Passed by Preceding Congress—The Vote Was 265 to 89—Day in the House.

Washington, April 21.—President Taft's Canadian reciprocity agreement supported by all but a handful of Democrats, and opposed by a majority of the Republicans passed the House of Representatives early this evening by a vote of 265 to 89.

The bill seems to put into effect the formal agreement reached between President Taft and members of the Canadian cabinet for a reduction of the tariff rates on many articles and free trade in many others across the Canadian border.

The passage of the bill marked the close of a fight that had raged in the House for six days. Amendments were admitted in the House today for almost every section of the bill, and in each case they were rejected by an overwhelming vote given by the friends of the measure on both sides of the House on the theory that any amendment would nullify it.

The Democrats argued for it. As in the case when the bill passed at the preceding session of Congress, a majority of the Republicans were found against it, the party vote being 67 for and 78 opposed. Among the Democrats voting in the negative were: Doughton, Gudger and Webb, North Carolina.

The attempt to amend the agreement began with the final reading of the bill at 3 o'clock. The threats of Republicans opposed to the measure to make the Democrats vote against amendments for free meat, free lumber and free agricultural machinery, were carried out, but as their party leaders declared that any amendment would defeat the whole trade agreement they cheerfully voted these amendments down.

The Republicans who wanted them with opposing free admission of these important products were met with the assertion that the Democrats would lay the new "farmers free list bill" before the House next week and that an opportunity would then be given to vote for free meat, machinery, lumber and a score of other things. This device was met by Republican standstallers with the charge that the Democrats knew the free list bill could not pass the Senate nor secure the President's approval.

The section of the bill relating to free admission of pulp and paper provoked the sharpest discussion, drawing from Representatives Mann, of Illinois, the Republican leader, the statement that it was exactly in the terms agreed upon by the two countries.

Former Speaker Cannon bitterly attacked this section of the bill. "Let's bring Canada down here and surrender the halls of Congress to them," exclaimed Mr. Cannon.

"I challenge the statement that we are going to pass the free list bill later on with the expectation that it will not become a law," said Democratic Leader Underwood in reply to statements from Republican opponents of the reciprocity bill. "The free list bill will become a law, or the Republican Senate that kills it or the Republican President that vetoes it will never be heard from again."

Webb, Gudger and Doughton, of North Carolina, voted against the reciprocity bill.

News Received at Ottawa. Ottawa, Ont., April 21.—News of the heavy majority given reciprocity at Washington was received with much satisfaction by the government and liberal members, who are supporting the measure here. The Canadian opponents of the pact are now placing their faith in the hope that the United States Senate will long delay the bill or kill it.

"The vote at Washington today will be a great aid to the Canadian friends of reciprocity," said a member of the Dominion government. "I expect to see the opposition at Ottawa collapse in the course of a few days and I believe the measure will be finally passed by the parliament as soon as it is finally dealt with at Washington."

Reciprocity Called Swindle. Boston, Mass., April 21.—Reciprocity with Canada was dubbed a swindle, the tariff was upheld, New England was characterized as a traitor to the West, and Governor Foss, of Massa-

DEATH TO THE WHOLE FAMILY

Fear of Impending Starvation Caused Father and Mother to Give Poison to Themselves and Two Children.

Chicago, April 21.—Fear of impending starvation today caused a father and mother to administer strychnine to themselves and their two children, both under four years of age. The mother, Mrs. Honore Dalzout, and the older child, Joseph, are dead. The father and baby are in a hospital. It is said that both will recover.

Dalzout tonight told of the poverty which followed long illness and then related the desperate agreement with his wife that the two should poison themselves and their babies. "With my last 25 cents," he said, "I bought the poison at a drug store. My wife and I mixed it in the little milk we had left. Some was given to the children, my wife drank some, and I drank the remainder. There was not enough for me, or I would have died with my wife and my boy."

BALLOONS MET WITH MISHAP

Made Rough Landing in Germany—Passenger Uninjured.

Brunswick, Germany, April 21.—The dirigible balloon Varselva VI met with a mishap ten miles north of this place today and was forced to make a rough landing. The passengers escaped injury and the airship was not seriously damaged, though it lies partly in a swamp and will of necessity be dismantled and sent to Bitterfeld by train.

The accident brought to an end what promised to be a successful non-stop flight from Berlin to Amsterdam. The airship, which was occupied by ten persons, including two military officers, of the Netherlands, rose at Berlin at 4:30 o'clock this morning, sailing away toward Amsterdam at a clip of 34 miles an hour. Oebstelde, Saxony, was passed soon after 1 o'clock, the dirigible going strong despite rather strong wind currents.

Between Leebuttel and Lieforde the aerial craft was flying low when she encountered a gust of wind that compelled her to slow up. At the moment the free end of the rope that dangled from the car caught in the branches of a great birch tree and gave the airship a yank that broke her balance. This, combined with the high wind made necessary an immediate descent which was fairly well accomplished, though with some strain to the dirigible and the shaking up of her passengers.

EDUCATIONAL CONFERENCE

Officers Elected at Session at Jacksonville Yesterday.

Jacksonville, Fla., April 21.—All the old officers of the Conference for Education in the South were re-elected today by the delegates attending the annual convention. The officers are: Robert C. Ogden, New York, president; Wickliffe Rose, Washington, vice-president; William A. Blair, North Carolina, treasurer.

P. P. Claxton, Tennessee, executive secretary. Members of the executive committee chosen today are: Joseph Cook, Mississippi; S. J. Brooks, Texas; J. Barwell, Louisiana; and A. M. Purphey, Florida.

UPROAR AT CAMORRA TRIAL

Unusual and Stormy Scenes Mark the Trial in Italy.

Viterbo, Italy, April 21.—Of all the methods adopted by the surpassed in novelty and effectiveness that of Gaetano Esposito, who at the end of a mad harangue today, tore a glass eye from his head, and hurling it at the face of the president, stamped the court. Then he fell in a faint and President Bianchi suspended the sitting.

According to the State, Esposito, who is known as a urser, is a dangerous malefactor and succeeded "Erricone" Alfano as the nest of the mobsters there to fall into the hands of Lieut. Petrosino. He is charged with having been one of those who met at Bagnoli and condemned Genero Cuccolo to death for treachery to his associates in crime.

PREACHERS AND DEBTS

Virginia Bishop Lays Down the Law to Ministers.

Norfolk, Va., April 21.—Bishop Levi J. Coppin, of Philadelphia, presiding at the Virginia Conference of the A. M. E. Church at Portsmouth, today declared that complaints had been made against preachers for failure to pay their debts. The bishop said while his "church did not elect him a sheriff or bad debt collector, the man who would not pay his honest debts in the ministry could not have his character passed, and is unfit to preach and unworthy of an appointment which he will be refused."

chussets, was called a "demagogue who should be treated with a bed of nails," in an address by Senator LaFayette Young, of Iowa, before the Boston City Club tonight. "The future of the Republican party," was the announced subject of Senator Young's remarks, but he took advantage of permission accorded him of "speaking on anything I please."

Believe me, some orchestra at the Grand Theatre.

MRS. SCOTT AGAIN GIVEN THE HONOR

Re-Elected President General of D. A. R., Over Mrs. William C. Story.

CLOSE FIGHT TO THE FINISH

Illinois Woman Greeted With Wild Applause When Vote Was Announced—Required 24 Hours to Count Ballot.

Washington, April 21.—Mrs. Matthew T. Scott, of Illinois, tonight was declared re-elected president general of the Daughters of the American Revolution for the next two years. She received 614 of the 1,086 votes cast and 148 more than her opponent, Mrs. William C. Story, of New York, who received 466 votes. The tellers spent almost 24 hours in counting the votes, which were cast yesterday.

With Mrs. Scott was elected the entire administration ticket, except one vice president general, who received ten votes less than the number necessary to elect and for which position a new ballot will be taken tomorrow. When Mrs. Scott entered Continental Hall, after the vote had been announced, preceded down the center aisle by a dozen charming young pages and followed by a score more bearing great baskets and arms full of flowers, she was received with wild applause. Scarcely had she mounted the platform before Mrs. Story asked recognition. She declared that she had no bitterness in her heart because of her defeat and urged all the Daughters to uphold, as she intended to do, the hands of their newly elected president-general.

The others elected were: Vice president general in charge of organization of chapters, Mrs. Henry L. Mann; chaplain general, Miss Elizabeth Pierce; recording secretary, Mrs. Howard T. Hodgkin; corresponding secretary general, Mrs. Wm. Dennis; registrar general, Mrs. Galus Brumbaugh; treasurer general, Mrs. William D. Hoover; historian general, Mrs. Charles Bassett; assistant historian general, Mrs. Eleanor M. Thompson; and librarian general, Miss Annyllys Gillette, all residents of the District of Columbia, except Mrs. Bassett, Maryland, and Mrs. Thompson, Massachusetts.

Ten vice president generals were to be elected, but only nine received enough votes. All elected vice president candidates, as also was Miss Harriet I. Lake, of Iowa, who, although tenth in point of numbers, had ten votes too few to elect. The nine declared elected in the order elected, were:

Miss Sophie Waples, Delaware; Mrs. Clayton R. Truesdell, Ohio; Mrs. Allen P. Perley, Pennsylvania; Mrs. James P. Brayton, Michigan; Mrs. Ben Gray, Jr., Missouri; Mrs. James M. Power, Indiana; Mrs. Edwin C. Gregory, North Carolina; Mrs. Chas. B. Bryan, Tennessee; and Mrs. H. Edmondson, West Virginia.

Mrs. J. Morgan Smith of Alabama, was elected an honorary vice president general. Mrs. Eloy M. Avery was re-elected editor of the American Monthly Magazine, the official organ of the D. A. R. In thanking the society for the honor of her re-election Mrs. Scott declared that while the members sometimes differed on the interpretation of questions of privilege, or points of order, when it comes to questions of vital patriotic principles, the D. A. R. heart beats true."

FOREST FIRES NEAR ROME

Marked End of Jubilee Exposition—Fire from Villas.

Rome, Italy, April 21.—The celebration of the opening of Ethnographic Exhibition, in connection with the jubilee exposition, came to a spectacular and tonight, when a bursting rocket, sent up during the fireworks display from the top of Monte Mario, set fire to the mountain forest. Before the eyes of thousands of spectators, the flames spread rapidly along the mountain ridge. Inhabitants of nearby villas fled from their homes in great alarm while troops and firemen were rushed to fight the flames.

An illumination and pyrotechnic display had been arranged as the climax of the day's celebration and thousands of persons witnessed the spectacle. It was at first thought that the fire was a part of the display but the spreading flames sweeping along the ridge revealed what had happened.

By hard work the flames were got under control by midnight and the people returned to their villas. The damage done was small and no fatalities have been reported.

FERRY BOAT CAPSIZED

Many Women Precipitated in River at Tampa Last Night.

Tampa, Fla., April 21.—The Ol, a launch doing ferry duty across the hillsborough river, at LaFayette street, capsized tonight at 8 o'clock precipitating between 20 and 25 passengers, many of whom were women, into the water. It is thought that two persons were drowned, but this had not been established at a late hour.

The accident was due to overcrowding the launch. The boat capsized in 20 feet of water with the tide running out at a rapid rate.

LAUNCH BOOM FOR HARMON

Ohio Man's Friends in Congress Organize for Coming Presidential Campaign—Some of the More Formidable Rivals.

Washington, D. C., April 21.—Governor Harmon, of Ohio, will have the united and enthusiastic support of the Democratic delegation in Congress from that State in his candidacy for the Presidency in 1912.

This was made evident today when a formal statement was issued that effect at the conclusion of secret conference of the Ohio Democratic Congressional delegation in the office of Senator Pomeroy, of Ohio, the object of which was to formally launch the Presidential boom of Governor Harmon. The campaign in the interest of Governor Harmon's candidacy will be conducted by Lieutenant Governor Nichols, of Ohio, who read to the delegation a large number of letters he had received, "indicating," he said, "that encouragement is coming from all sections of the country." It was decided to appoint later a committee publicly and ways and means. After discussing the Presidential prospects over the friends of Governor Harmon made no secret of it that he will have formidable rivals in Bryan, Governor Wilson, of New Jersey and Speaker Champ Clark. The majority, it is understood, most fear Speaker Clark in that respect.

KICKED JEWELS IN STREET

Horse Sent \$200,000 in Diamonds Flying in All Directions.

New York, April 21.—The traditional bull in a chinapash was run a close second this morning by a horse—an aged and totally blind horse—which kicked his way through two big plate glass windows of a jewelry store at 14th Street and Broadway and sent the \$200,000 worth of diamonds in the windows flying in all directions. Precious stones by the tens of thousands of dollars worth were swept into the street, buried in masses and finely broken glass.

Police men had all they could do to control the crowds which pushed into the thick of the fray and watched the proprietors and clerks of the jewelry establishment in a mad scramble to pick the gems out of the debris and save everything possible. The jewellers said it would take an inventory of the store a week and scattered away with any of the gems.

ABOUT THINGS ON MARS

Says Canals Are Nothing More Than Earthquake Fissures.

Berkeley, Cal., April 21.—Prof. Robert D. Aikin, one of the astronomers of Lick Observatory, does not believe that there is human life in the planet Mars. In a lecture delivered at the University of California last night he expressed the opinion that the markings on the surface of Mars, which are supposed by some scientists to be canals constructed by intelligent beings for irrigation purposes, are nothing more than earthquake fissures. They are too rough and too wide for canal service, he said. He exhibited photographs in support of this belief.

GIRL STUDENTS TAKEN ILL

Twenty Were Victims of Pranks of College Boys.

Coshocton, O., April 21.—Twenty girl students of West LaFayette College, were taken violently ill early today and President Back feared that an epidemic had broken out when it was discovered that college boys as a prank, had put oil in the milk of the girls' dormitory. Physicians worked with the girls all day. Eighteen of them have recovered. The other two are still very ill. Expulsions will follow, if the guilty young men are discovered.

DETROIT, MICH., APRIL 21.—After eluding his pursuers yesterday and last night, D. K. DeHartier, the aged fisherman who fled from the Mount Clemens shore of Lake St. Clair yesterday in a sail boat after a shooting of Deputy Sheriff Matthews, is today on the shallow water of Canadian marshes, where the power boats of the American and Canadian officials could not follow him. The officials were further deterred by the fugitive's long range rifle. Plans were made to set fire to the marsh grass and drive the old man from his retreat.

Washington, April 21.—President Taft today tentatively accepted an invitation to address the world's Christian Endeavor convention at Atlantic City in July.

OUTLINES

The reciprocity bill passed the House yesterday. The measure was not amended and was practically the same as voted upon by the preceding Congress. The vote was 265 to 89.

Mrs. Matthew C. Scott, of Illinois, was re-elected president general of the Daughters of the American Revolution. She was chosen after a hard fight, defeating Mrs. William C. Story, of New York, by 14 votes.

Formal demands made by the insurgent Republicans in the Senate yesterday for recognition distinct from the Republican majority was rejected by a vote of 7 to 4.

New York markets: Money on call steady 2 1/4 to 2 3/8 per cent, offering rate 2 1/4, closing bid 2 1/4, ruled at 2 3/8; flour steady with a moderate demand; wheat irregular, No. 2 red 95 elevator and 96 3/8 fob; corn steady, No. 2, No. 3, 55 cents fob; oats steady, futures closed nominal; turpentine quiet.

INSURGENTS GIVEN REBUKE IN SENATE

Demands of Certain Republicans for Separate Recognition Are Rejected.

WIDENS BREACH OF FACTIONS

Regular Organization Determined to Check Activities of Insurgents. Contest in Connection With Resolution.

Washington, April 21.—Formal demands made today by insurgent Republican senators that they be recognized as an organization distinct from the Republican majority of the Senate and that they be given one-fourth of all the majority membership committees and control of these assignments, were rejected by a vote of seven to four at a meeting of the Senate Committee on Committees.

Representatives of the regular Republican organization determined to check the insurgents' demand after it was learned that President Taft resented the insurgent attitude in opposing his policies and the activities of this minority faction in putting barriers in the way of his renomination for the Presidency in 1912. This was the real reason for the widening of the breach between regulars and insurgents was freely stated by some of the majority members.

The contest today was in connection with a vote on a resolution introduced by Senator LaFollette citing the Senators Clapp, LaFollette, Bourne, Borah, Brown, Dixon, Cummins, Bristow, Crawford, Gronna, Poindexter and Works constitute a separate progressive Republican division on public questions and pledging the Committee on Committees to accord the progressives their proportional representation of one out of every four Republican members on all committees, these progressive members to be designated the four progressive Republican members of the Committee on Committees.

Some of them predicted that the adoption of such a resolution would disrupt the party as similar demands on Committees to deal with later in party conventions. The vote of the resolution follows: For—LaFollette, Bourne, Cummins, and Bristow. Against—Gallinger, Lodge, Penrose, Heyburn, Warren, Smoot and Bradley.

HONOR SYSTEM ADOPTED

To Prevail Hereafter at A. & M. College—Other Notes.

(Special Star Correspondence.) West Raleigh, N. C., April 21.—What is rightfully regarded as one of the most important happenings at the A. & M. College in the last decade, and one that will have as far reaching effects as the obliteration of a century, was the adoption of an Honor System to govern all preliminary and final examinations, at a meeting of the entire student body in Pullen Hall Thursday morning of last week.

For the past month a committee composed of the most representative men in the various classes, has been quietly at work examining the various forms of Honor Systems in vogue at some of the leading colleges in the country. After careful consideration, the Honor System as at present in force at the University of North Carolina was accepted in all its most essential details as embodying the best ideas yet put forward for the work of such a system.

Capt. Simmons, of the general staff of the U. S. Army, expressed great surprise and pleasure at the stalwartness of the students in the A. & M. Battalion. Capt. Simmons was on a round of visits to the various colleges receiving aid from the United States government and has made similar inspections before and hence he was in a position to form a good comparative judgment. He also commended the neatness of the uniforms, guns, and accoutrements.

Mrs. F. I. Stevens, wife of Prof. Stevens of the Agricultural Department, has gone to Jacksonville, Fla., to attend the Southern Conference on Education.

Prof. W. R. Browne, Jr., head of the Department of Electrical Engineering, was called to Baltimore Wednesday by the serious illness of his mother. Mrs. Browne is the wife of Prof. William Hand Browne, of Johns Hopkins University.

The excavatory work for the two wings for the new dormitory is nearly completed and the brick-laying will begin in a few days.

Tuskegee, Ala., April 21.—The report which originated at Tuskegee, Ala., Texas, that Booker T. Washington and number of wealthy Northern negroes would try to gain control of the International & Great Northern Railroad was denied here today by Emmet J. Scott, private secretary of the negro educator. According to the report they were to try to buy controlling interest in the road at the receivership sale in Palestine, Texas, on May 15th.

NO WAY TO AVOID CONFLICT

Official Mexico Seems Unable to Stop Attack on Juarez—Government Ignores Madero Ultimatum. Situation.

Mexico City, April 21.—While all devout Catholics at the request of the archbishop today began to join in a prayer for the re-establishment of peace, official Mexico sees no way to avoid the conflict at Juarez.

Still refusing to treat with the rebels, the government has ignored the "ultimatum" issued by Francisco I. Madero, Jr., that Diaz resign the presidency. Optimists continue to believe that the promised battle may yet be avoided, but the number of optimists in Mexico continues to grow smaller each day and tonight residents of the capital have a new cause for apprehension.

Two days ago a controversy arose at the agricultural school between the students and the director. A small detachment of soldiers was sent to the institution to preserve order. The incident appeared closed when the students of the school of medicine came forward with grievances last night. After having received promises of support from Puebla schools today the "student question" assumed a political character.

At a mass meeting tonight the students decided to join the "peaceful wing" of the revolution and ask President Diaz to resign.

That President Diaz thinks of yielding to the terms is not regarded as the remotest possibility. The subject most discussed tonight is the probable outcome of the battle at Juarez. Few here believe that Madero has any chance to win.

WAKE FOREST VS. A. & M.

Capt. Phil Utley Will Pitch Game Tomorrow Against Farmers. (Special Raleigh Times.)

Wake Forest, April 20.—Great was the rejoicing when it was announced this morning that Phil Utley will twirl the game against A. & M. at Raleigh tomorrow. This will be the first game that has pitched since he held the University of North Carolina to one hit in thirteen innings in Raleigh last year. He has pitched in one practice game this year and yesterday in the gymnasium where the team practiced on account of rain. He seemed to have all of his old-time form. It is true that A. & M. has won two games this season, but with Utley in the box Wake Forest hopes that it will be a different tune tomorrow. His greatest asset has at all times been his headwork and with his twisters breaking as before he should be able to hold the A. & M. team to a standstill.

For the first time in four years an athletic contest was called off this place on account of rain, when yesterday afternoon the game with Delaware was called off. The second of the games scheduled with them will be played this afternoon.

ENGLAND'S COPYRIGHT BILL

Passes Second Reading in the House of Commons.

London, April 21.—The government's long promised copyright bill passed its second reading in the House of Commons. The measure not only sets forth the amendments based on the copyright convention of 1908, but codifies the common law on copyright and the existing statutes, numbering about twenty. Copyright under the amended law would run as a general rule during the life of the author and fifty years after. Foreign authors may acquire a copyright by making first publication within British dominions, but may be deprived of it by the government if the country to which they belong refuse adequate protection to British authors.

Imprisonment is submitted for a fine as a punishment for piracy and there is a clause giving authors protection against stage performances of any copyrighted work from pirated copies. Photographs, gramophone records and perforated music roles are to have copyright, the term being fifty years from the time the engraving or plate is made.

Request of Legislature. Arkansas Governor Asked to Interfere With Proposed Execution.

Little Rock, Ark., April 21.—The Arkansas State Legislature today adopted a concurrent resolution directing Governor Donahay to interfere with the proposed execution of Henry Peace at Ashdown, today, convicted and sentenced to death for wife murder.

Peace admits the killing of his wife and declares that he is a poor, uneducated man and that life holds out very little for him. The Governor last night refused to interfere with the sentence of the court.

Washington, April 21.—"Progressive" Republicanism in the Senate received a serious setback today when by a vote of seven to four the Republican committee on committees decided not to recognize the progressive Republicans formally as an organization.

Tampa, Fla., April 21.—A launch with 25 passengers, most of them women capsized in the Hillsborough river shortly after 5 o'clock tonight. It is expected all were rescued. The river is being dragged for bodies. The launch was doing ferry service while a bridge is out of commission.

ATTACK ON JUAREZ IS EXPECTED SOON

Negotiations Between Rebels and Mexican Government Now Called Off.

MADERO DEMANDS REJECTED

INSURRECTOS TROOPS BEGIN TO MARCH

Out of Hills—No Attempt to Hurry Attack—Mexican Situation.

El Paso, Texas, April 21.—All negotiations between the insurrectos and the Mexican government were officially called off late today. Oscar Braniff and Esquivel Obregon, of Mexico City, who have been trying to get Madero to accept peace proposals, received a telegram this afternoon, calling off all negotiations. This message came just after they had sent a messenger under a flag of truce with a final appeal to the rebel leader.

The message was from Mexico City, although they refused to say who sent it. It informed them that the demands of Madero were such that they could not be entertained. Already the two volunteer peace commissioners had given up hope and had issued a statement, throwing the blame for failure on Madero.

Simultaneously with the receipt of the telegram from Mexico City, the insurrecto troops began to march out of the hills and cañons by the hundreds and move closer to Juarez, as if preparing for an attack. It soon appeared, however, that they were not hurrying to an attack. The troop movement proved to be Villa's command coming from its camp in the mountains to take up its position with the rest of the rebel army.

All day Madero's unvaried statement to reporters was that nothing had developed to make him change his decision yesterday to open the battle today. Among the messages received by Madero were from Globe, Ariz., offering him a hundred Americans for his army.

Braniff and Obregon peace commissioners, today gave out a statement of the proposals for settling the trouble and declared that Madero would be to blame for the consequences of the war, inasmuch as he could at present accept a compromise with good grace. They declared that they represent a "perfectly defined public sentiment" in Mexico. Their statement says:

"The public demands are: First, that concrete guarantees be forthcoming from the Mexican government, that the promises and reforms, already partly executed will be implanted and developed as rapidly as practically possible. Second, that with this warranty perfected, the armed rebellion has carried its avowed principles into triumph and as a consequence ceases thereafter to be justified, and its persistence renders it dangerous to our future peace and welfare, and therefore unpatriotic and undeserving of further public support. Third, that the retirement of President Diaz is not necessary to insure compliance by the government with its promises; but on the contrary, would reinstate the demoralizing precedent of constituted authority yielding to force of arms. Fourth, that a compromise would not only demonstrate to the world the good sense, coolness and patriotism of the Mexican public and thus obtain a complete retrieval of the momentary lost prestige and credit abroad, but would result in the creation of political entities similar to those that have brought about in the United States the effective government by the people and for the people. We have presented the above resolution to the directors of the revolution and pointed out the terrible responsibility to fall on them if they cast aside these public demands for conciliation and plunge our country into calamitous adventures. We know that the gentlemen are patriotic, and that, if left to think and feel for themselves, will listen to the call of their brethren and avoid dangerous rocks ahead; and our only fear is, therefore, in the possibility of their yielding to influence other than their own. Americans continued to visit insurrecto camp throughout the day, and met with a hearty reception. Government After Report. Washington, April 21.—The American government is seeking to collect expeditiously a complete report of all the facts bearing on the question of American neutrality in the recent border warfare of the Mexican revolution in order to be able to issue a prompt response to Mexico's representations. The War Department today sent a second telegram to Colonel Shunk, commanding the troops at Douglas, Ariz., asking him to hurry his report on all the incidents affecting the United States in the battles of Agua Prieta. That Mexico may have no complaint of lack of precautions by the United States to prevent violations of neutrality, the War Department today repeated by telegraph its previous statement. (Continued on Page Eight.)
