WORLD SERIES BALL GAME

Rain Interfered With Practice of New York Giants Yesterday—Champions Will Battle on Diamond Next Saturday.

New York, Oct. 11.—The surface of the big arena at the Polo Grounds, where the initial battle of the world's championship series will be staged on Saturday, was soaked by a persistent autumnal rain today and the double-header scheduled between the Giants and Brooklyn had to be postponed. Despite this loss of a chance to drill his forces, however, Manager McGraw managed to make the afternoon a profitable one in training certain of his brightest stars for the approaching fray.

Those who managed to get a peep behind the imposing steel framework which forms the new grandstand encircling the playing space, saw an interesting exposition of McGraw's methods of schooling ball players. The ground dried off during the afternoon sufficiently to admit of practice and McGraw trotted out his principal batters and put them through their paces. In turn Mathewson and Marquard were sent into the box and while McGraw stood at the plate "Chief" Myers at the receiving end gave his arm a workout in repeated throws to second. McGraw made the test realistic by stationing a runner on first and having him go down with the pitch. In a few trials the big Indian showed that he "had the range" after his long rest. He appeared to be in fine fettle. The base running was done by some of the Giants' most fleet footed players, with all the conditions of a real game simulated. Neither Marquard, the big left hander, nor Matty Owen, exerted himself in the rather raw air, but each appeared to be in the pink of condition, and able to "go the route" when called upon.

The last games of the year are scheduled for tomorrow and weather permitting, the locals will end their season in a double-header with Brooklyn at the Polo Grounds.

They will have to win both games to get over the hundred mark and tie the Athletics in the number of victories for the season. It is expected that McGraw will put his full line of regulars into action and try them out thoroughly in these last contests.

Happy enthusiasts were scattered all over New York tonight when mail carriers began delivering the tickets which will admit them to games in this city. Clubs were still busy to night cleaning up their work of allotting reservations and preparing for the open sale of remaining seats which begins tomorrow.

Few big wagers on the world's series were reported here up to tonight. Hundreds of small bets between friends, however, have been made, for the most part at even money. A number of old hand players has put up \$500 against \$5,000 that the Giants would win four straight games from the Athletics. The big end of the bet was taken by E. E. Smathers, acting for a syndicate.

AUTOMOBILES ARE THE PRIZES

Ty Cobb and Schulte Are Lucky Ball Players

Chicago, Oct. 11.—Outfielder Schulte, of the Chicago National League club, and Ty Cobb, of the Detroit American League team, won the automobiles offered this year for the player in each league who was adjudged by a "jury" of newspaper men to have been of most service to his club in 1911. It was announced here today. The presentation was planned to take place in New York or Philadelphia later. No one line of endeavor determined the award this year the winner being scored according to his general efficiency. Cobb's percentage was 1,000 and Schulte's 456 under the system used.

ANDERSON LYCHING.

Body of Negro Cut Down by Sheriff and Coroner Yesterday. Anderson, S. C., Oct. 11.—Sheriff King and Coroner Beasley went to Honea Path this morning, cut down the body of Willie Jackson, who was lynched last night for criminally assaulting a young white girl, empaneled a jury and held an inquest. The verdict of the jury was that the deceased came to his death from gunshot wounds at the hands of a mob. No arrests have been made and as far as can be learned no move has been made to apprehend the members of the mob. Sheriff King is at Honea Path this afternoon making an investigation. Everything is quiet.

New York, October 11.—"Battling" Nelson, who once fought his way to the light-weight championship, won handily tonight in a ten-round bout from "Willie" Beecher, a local light-weight, who twice defeated "Knock-out" Brown. Nelson's appearance in the arena of the Madison Athletic Club was cheered by a large crowd of boxing enthusiasts, for it was the old champion's first fight in New York.

THE BASEBALL MATINEE.

Call at Struthers' or Baxter's and Reserve Your Seat.

For the benefit of the fans in the city who would like to get a reliable, detailed account "fresh off the bat," of the world's series to start at New York Saturday, Messrs. Horace Emerson and Hugh Hines are endeavoring to make arrangements to receive the returns by wire in the Crystal Palace, giving out every detail of the plays by megaphone. The service will cost at the lowest estimate \$35 per day, and in order to insure themselves to a certain extent against loss they have placed the tickets of admission at Baxter's and Struthers' cigar stores, and ask that everyone who wishes to attend the baseball matinee call at either place this morning and buy their tickets which will be 25 cents each. The success of the venture depends upon the number who signify their intention of helping the move along by purchasing their tickets by 1 o'clock today, as final arrangements must be made with the Western Union (Special Star Correspondence.) Trinity College, Durham, N. C., Oct. 11.—"Bob" Gantt, Trinity's former famous baseball pitcher has returned to college from Baltimore, where he has been playing with the Baltimore Americans during the past Summer. He has finished the season and has returned to college to complete his law course, and will take his examination before the Supreme Court in February. He may decide to locate in Durham, and practice here for a while, though he is very much in the notion of returning to Baltimore for the season next Summer, and perhaps another year after that.

Manager Dunn, of the Baltimore team, is of the opinion that Gantt has in him the making of a world pitcher, and is very anxious to add him to the "Orioles" as a permanent member of the twirling staff. "Bob," as he is known among Trinity men, can go back if he only wants to do so. Speaking of the world series between the Philadelphia Athletics and the New York Giants, Gantt said that the sentiment where he has been is that the Giants will take the series; that the Athletics do not believe the Athletics can hit Mathewson and Marquard, and that the Philadelphia pitchers will be bumped. He says that there is not much money to be had on the opening game, it being conceded that Mathewson will pitch and win it.

YACHT CLUB EVENT SOON

Carolina Will Present Prizes to Winners of Season's Races

The presentation of prizes to the winners of the season's races of the Carolina Yacht Club, Wrightsville Beach, on Friday evening, October 26th, will be made an interesting and pleasing occasion, a number of features having been arranged for the evening. The winners this year are Capt. J. Stevenson Brown, who takes the Jones-Walters trophy, and Capt. Edwin A. Metts, who won the prize offered by the club. The awarding of prizes is the final event and gala occasion of the season and promises to be of unusual interest this year. A handsome trophy is given this year by Mr. Henry Walters, of Baltimore, and Mr. Pembroke Jones, of New York, both well known financiers, who have been members of the club for years, and there were a number of exciting races last Summer in the cup winning events. An informal dance will also be given and refreshments served in connection with the presentation of the prizes.

ALL-STARS AT RICHMOND

Athletics of American League Defeated—The Score 13 to 8

Richmond, Va., Oct. 11.—The All-Stars had little trouble in defeating the Athletics of the American League here today by a score of 13 to 8. Krause hit the longest drive of the year at the local park, lifting the ball high over left field fence for a home run. Neither team showed remarkable defensive powers, the men being unwilling to take chances. More than nine thousand people witnessed the game. Mack used Morgan, Krause and Coombs in the box who yielded 15 hits, while his men got the same number from E. Collins and Mullin, who pitched for the All-Stars. Bad Blood.

Mr. C. J. Christian, of Americus, Ga., had serious blood trouble. Of his experience he writes: "My blood got wrong. Every little scratch made a bad sore. I had little risings or boils on my neck, and used several dollars worth of salves of different kinds without relief, receiving no benefit. Mr. Blanchard of the twice-a-week Press of this city, recommended K. E. B. P. I used two bottles and am well—sores and boils all gone, only a few scars being left on my neck and hands to show how much I suffered. I cheerfully recommend K. E. B. P. to all who are suffering from any kind of pains caused from impure blood."

TIME UP FOR \$50,000 PRIZE.

Hearst Offer for Coast to Coast Flight No Longer Incentive.

New York, Oct. 11.—Calbraith Rodgers, the aviator who broke the international cross-country record for airplane flight, yesterday, at the same time lost his last chance to win the \$50,000 prize offered a year ago by William R. Hearst to the first aviator crossing the continent between New York and San Francisco in thirty days. The conditions under which the prize was offered provided that it must be completed within a year after the offer.

Kansas City, Mo., Oct. 11.—C. P. Rodgers, the coast-to-coast flyer, arrived at Kansas City today. He has covered 1,482 miles, according to railroad mileage, and is within a few hours flight of the half-way mark of his journey.

Rodgers soared over the city this afternoon, after landing here this morning. His flight was but nine miles, however. He plans to stay here tomorrow to overhaul his engine and to

start west Friday. Rodgers began his flight today at Marshall, 34 miles from Kansas City, at 8:24 o'clock.

TRAGEDY IN IREDELL.

Young Man Struck by Another Succumbs to His Injuries.

Statesville, N. C., Oct. 11.—A tragedy occurred in the northern section of the county last evening when June Summers, a young white man, aged about 18 years, was struck on the head with a stick by Walter Russell, also white, and fatally injured. The trouble occurred about sun-down yesterday afternoon and Summers died this morning about 8 o'clock. Sheriff Deaton immediately offered a reward of \$50 for Russell's arrest, and officers and citizens have been searching for him ever since the tragedy. He is about 23 years old, five feet and ten inches in height, has light hair and blue eyes and was wearing blue overalls, a white sweater, tan shoes and a black hat. He left the community on foot and it is believed he will be captured. The tragedy occurred near a saw mill operated by Jas. Shurch. The cause of the trouble is not known, as only a few words passed between the men, it is said, when Russell suddenly seized a piece of an old wagon tongue and struck Summers a blow on the head which crushed his skull. As soon as Summers fell Russell ran, and although several men who were nearby gave chase, he managed to elude them. Russell is from Virginia. Summers is a son of Mr. Gus Summers, a citizen of Olin township.

CAROLINA ASSOCIATION

Fate of League for Next Year Will Soon Be Known

Charlotte, N. C., Oct. 11.—During the next week the fate of the old Carolina League will most probably be determined, when the directors of the league will convene in Charlotte to carefully consider the situation and ascertain what the general opinion is among ball managers and fans.

The directors have at a recent meeting in Charlotte raised the salary limit from \$1,200 to \$1,400 and also the guarantee forfeiture was greatly increased. This action may become a factor of considerable importance in determining the future of the Carolina Association many hold the opinion now that a league composed strictly of North Carolina cities will be organized for the coming season, and it is said that the South Carolina members of the Association have so far raised little or no objection to the plan mentioned. The session of the directors in this city shortly will therefore be an important one and its outcome will be generally awaited with interest.

PESSIMIST HILL.

Predicts Many Idle Men This Winter.

Business Conditions. St. Paul, Minn., Oct. 11.—"There will

be more idle men this Winter than ever before," predicted James J. Hill, discussing the condition of business over the country and particularly in the West.

"This is the reason," continued the chairman of the Great Northern Railroad. "Our capacity for production along industrial lines has grown faster than our consumption along the same lines. Some years ago the farmer had to raise enough to feed him and another man in the cities; now he must raise enough for himself and for two other men. "Business is sound," he said, "but no new enterprises are being started. The politicians and newspapers are to blame. There is too much political ghost dancing. The people are not given the facts. There is uncertainty as to the future on this account rather than on account of the Supreme Court decisions."
