PRETTY SURPRISE MARRIAGE OCCURRED LAST EVENING. Culminating a pretty romance, a quiet but charming marriage ceremony was solemnized at the rectory of St. John's Episcopal Church last evening at 6:30 o'clock, when Miss Mary C. Copeland became the bride of Mr. Thomas Augustin Henderson, Rev. Wm. E. Cox, the rector, officiating. The marriage was a surprise affair and was attended only by the groom's mother and a few close relatives, who had only been informed of the forthcoming event a few hours previous. This fact, however, detracted nothing from the sweet simplicity of the event or the hearty congratulations of those present upon the conclusion of the service.

Mr. Henderson is assistant cashier at the Seaboard Air Line freight office here and is a most promising young business man. He is the son of Mrs. J. F. Whitaker, and has a host of friends in the city, all of whom learned of his marriage with much pleasure and will extend their hearty congratulations to the young couple. His bride is the daughter of Mr. and Mrs. J. N. Copeland, of Rameur, N. C. For some time she has been a nurse at the James Walker Memorial Hospital, this city, and has won many friends by the sweetness of her disposition and her many charming traits of character. The happy couple will be at home to their friends at the residence of the groom's mother, Mrs. J. F. Whitaker, No. 102 Red Cross street.

HOWE LODGED IN JAIL.

Negro Charged With Store-Breaking Brought to City. With Valentine Howe, colored, wanted here on a charge of store-breaking, as his prisoner, Deputy Sheriff A. L. Kelly returned yesterday morning from Wilson, where the negro was arrested Monday. Howe was placed in jail and will be given a preliminary hearing in the Recorder's court at an early date.

Howe is charged with having entered the store of Mr. C. A. Workholder on November 4th and stolen nearly a dray load of articles. The officers have heard several rumors since that time as to his whereabouts, but did not learn anything definite until Monday morning, when Chief of Police Fowler received a telegram stating that the negro had been arrested in Wilson and asking that he send an officer after the prisoner. Chief Fowler turned the message over to Sheriff Cowan, who immediately dispatched Deputy Kelly to bring the negro to this city.

Aside from the present charge against him, Howe possesses an unsavory record in the rogue's gallery here. During the term of criminal court in this city in January, 1911, while being tried on a criminal charge, he walked out of the court room unnotified and made his escape. He managed to get into trouble in Rocky Mount and was given a sentence there. Sheriff Cowan learned that the man was on the Edgewood county roads and sent the officials there a request to hold the negro for him when his time was up, but unfortunately the man completed his sentence before the sheriff's letter was received and Howe again went free. Shortly afterwards he was located in Wilson and brought back to the city. He was given a sentence on the county roads and had just been released for a short time when the robbery of which he is accused now occurred. This is the second time that he has been brought back to this city from Wilson.

CLERK F. T. SKIPPER'S REPORT

Recorder's Court Made Good Showing During the Past Fiscal Year. Of the annual reports from the different county departments and institutions submitted to the board of county commissioners at their meeting Monday afternoon, perhaps none is more interesting than that of Mr. Fred T. Skipper, the clever and accommodating clerk of the Recorder's court. This report shows that for the year ending November 30th, 1911, the receipts of the courts from costs, fines, forfeitures, and jail fees a total of \$3,128.60 and that 2,048 cases were called for trial, out of which number 422 were found guilty, 285 not guilty, 100 proes taken in 143, judgment suspended in 117, and 8 mistrials. Forty-one cases were appealed to the Superior Court and 32 actions were sent to the higher tribunal for lack of jurisdiction. The combined road and county farm sentences represent in time 103 years, two months and 10 days.

SHOULD WOMEN VOTE?

No one who keeps posted on the great work being done by women in professional and business life, and most important of all, in the American home, can have a moment's doubt that they would vote wisely. If they would only guard their own health as carefully as they do their children's they could accomplish even more.

One woman who knows how necessary it is to stay well is Mrs. R. A. Her daughter, Miss Nona, says in a letter: "We have used Vinol in our family for four years. Whenever my mother gets a bad cold or feels weak and run-down she always uses Vinol and it makes her well again. She says Vinol always gives her strength and builds her up." This delicious cod liver and iron remedy without oil is so certain to cure up chronic coughs, and build up weak, run-down, sickly people of all ages, that we sell it under a positive Vinol does not satisfy you. Try Vinol. Robt. R. Bellamy, Druggist, Wilmington, N. C.

SUNDAY SELLING ORDINANCE

New Measure Will Have Effect of Closing a Few Places on the Sabbath—May Improve Conditions Some.

Asserting that Sunday selling in Wilmington during the past year or so is an outrage and a disgrace to the fair city and declaring it time for the Council to take some action toward securing a better observance of the Sabbath, Councilman P. Q. Moore at the Council meeting yesterday afternoon introduced an ordinance designed to remedy conditions complained of, prohibiting fruit and confectionary dealers to open on Sunday, restricting the hours of news stands, ice dealers, dairies and bakeries and, in effect, closing all soda fountains except those in the drug stores.

The measure was seconded by Councilman Perdew and was adopted with but one dissenting vote, Mayor Smith voting in the negative on the ground that the drug stores ought to be put on the same basis with other stores and business houses. Mayor Smith moved to amend the ordinance by making it apply to the drug stores, but the motion did not receive a second. He complained because the ordinance allows drug stores to sell cool drinks and ice cream and puts out of business all soda fountains in regular cool drink stands or run-in connection with fruit or confectionary stands. Councilman B. C. Moore suggested that all the places might turn drug stores if they desired to keep open. Councilman P. Q. Moore took the position that it is necessary for the drug stores to keep open and that they would not make expenses from the sale of drugs alone.

It was stated at the meeting that there is nothing in the ordinance to prevent hotels from selling liquors and restaurants and other places which have a right to stay open from selling cool drinks. Really, it doesn't appear that the ordinance contemplates any radical change. In effect, it only closes up the numerous Greek establishments over the city, which have been selling fruits, candies, cool drinks, etc., all day Sunday, some behind closed doors and some more openly, and requires news stands, ice dealers, dairies and bakeries to close between the hours of 11 A. M. and 3 P. M. Otherwise there is no change, except, however, restaurants, which may have United States liquor license and are engaged in selling intoxicants.

The ordinance was drawn by Geo. L. Peschau, Esq., and was first suggested some weeks ago by Councilman Perdew. It is effective on and after December 15th and is as follows: "That, within the city of Wilmington, no person, firm or corporation shall, within the city of Wilmington, publicly expose or sell in any store, shop, warehouse or otherwise, any goods, wares or merchandise, upon Sunday; and all stores, shops, warehouses in which goods of any description are kept for sale, shall be closed from 12 o'clock Saturday night until 12 o'clock Sunday night; provided, this section shall not apply to the keepers of hotels, boarding houses or to public eating houses, regularly licensed, which are not otherwise prohibited by ordinance from opening on Sunday, where no United States liquor license is issued to cover the location of such hotel or houses, or no liquors are kept for sale contrary to law, nor shall this section apply to druggists.

Provided further, that regularly licensed news stands, ice dealers, confectionery in stock and dealing in ice alone, dairies delivering milk and cream, and regularly licensed bakeries may remain open for the transaction of their regular business until 11 o'clock A. M. on Sunday, and such news stands, ice dealers and dairies may re-open after 3 P. M. on Sunday. Nothing in this ordinance shall be construed to prevent or prohibit licensed livery stables from renting or hiring vehicles nor to bootblacks or newspapers.

"2. No billiard table or pool table keeper, ten pin alley keeper, butcher dealer in fresh meats, vegetables, fish, oysters, fruits, confectionary or melons, shall keep open doors in the city on Sunday, and no such butcher, dealer in fresh meats, vegetables, fish, oysters, fruits, confectionary, melons or similar produce shall send out to his customers any of such goods previously sold, provided that nothing in this section or in previous sections hereof shall be construed to prevent the sending out to customers, for delivery on Sunday.

WORK ON TARIFF BILLS.

That of Cotton and Woolen Tariff to Begin at Once. Work on the cotton and woolen tariff revision bills probably will be begun by the Democratic members of the House Ways and Means Committee, it was announced today without waiting longer for the report of the tariff board and the President's message accompanying it. Representative Underwood has called a conference on the subject tomorrow at which the tariff programme for the present session may be determined.

The tariff board is working at break neck speed in effort to present its report on wool to President Taft on Saturday. The cotton report in all probability will not be in the President's hands until after the Christmas holidays.

Day and night shifts of clerks are rushing towards completion of the tabulation of the immense amount of statistical data which is to accompany the reports. The entire field investigation of the woolen industry has been finished and the board is now preparing a digest of this material, showing the difference in cost of production of wool in this country and abroad. Every element of output in the conduct of the industry, including labor, will be extensively set forth.

While the board will not recommend rates of duty, it will discuss in its report the probable effect of various figures, including specific and ad valorem duties in the light of the data which has been collected in the conduct of the field investigation of the cotton industry will not be completed for ten days.

Wilmington Furniture Co. SECOND AND PRINCESS.

Theatrical.

Tonight the Academy of Music comes to the front with an attraction extraordinary. First, because it will play at popular prices; second, because it will present a production so accurate in realism that a band of Sioux Indians and a pack of Siberian wolves will be seen on the stage. The attraction will be the sensation of the times—"Daniel Boone on the Trail." It is a drama of American life, with one of the most noted of Americans, the great trapper and pioneer, Daniel Boone, as the star. The story of the drama is built around some of the most daring adventures of this fearless backwoodsman, and, consequently, is thrilling in nature. Adding to the excitement, being utilized in most realistic and graphic manner, the Indians and wolves will take part in the performance. But as sensations are a feature, the Bijou will present this wonderful film, "Fans" will have a chance of seeing just how the two big teams played the games. They will see the favorites, "Home Run" Baker, Eddie Collins and others in action, and will see how it was that Bender and "Iron Horse" Coombs turned the tricks and the poor old Mathewson was "knocked out" of the box. The most sensational scenes, together with pictures of the huge crowds, that went wild with excitement, will all be shown. It will prove the most exciting thing in moving pictures Wilmington has ever known, and it is a safe bet that the Bijou will be crowded at every performance. And the price? Why, regardless of the big offering and the extra heavy expense the Bijou will not advance the price. The same old time 5 cents for admission will be charged. The baseball film will only be the star feature, too, because the Bijou is going to offer a big programme otherwise, including the two freshest and greatest photoplays, "Terms of the Will" and "At the Grand."

At The Bijou. Great is the Bijou. Always up to snuff and far ahead of the times, it would sometimes seem, the Bijou will make an offering today of the extraordinary type. As the chief feature of a superb bill it will present the World's baseball championship series. The series between the New York Giants and the Philadelphia Athletics were the record breakers. They were the most exciting and nation-wide ever known, and moving pictures were taken of the games. Today, at much expense, the Bijou will present this wonderful film, "Fans" will have a chance of seeing just how the two big teams played the games. They will see the favorites, "Home Run" Baker, Eddie Collins and others in action, and will see how it was that Bender and "Iron Horse" Coombs turned the tricks and the poor old Mathewson was "knocked out" of the box. The most sensational scenes, together with pictures of the huge crowds, that went wild with excitement, will all be shown. It will prove the most exciting thing in moving pictures Wilmington has ever known, and it is a safe bet that the Bijou will be crowded at every performance. And the price? Why, regardless of the big offering and the extra heavy expense the Bijou will not advance the price. The same old time 5 cents for admission will be charged. The baseball film will only be the star feature, too, because the Bijou is going to offer a big programme otherwise, including the two freshest and greatest photoplays, "Terms of the Will" and "At the Grand."

The Grand Theatre above all others offers the ideal place to spend an hour or more in comfort and entertainment these chilly Autumn days in Wilmington. The ventilation is perfect and care is taken by the management to see that the comfort of every patron is assured. Yesterday the patronage at The Grand was superb. Children and grown-ups flocked in numbers to see the special offering and today is going to be a repetition of yesterday's big success. There will be three fine film of moving pictures, one of them a thrilling newspaper story, "The Reporter," a Pathe production that's no use describing. The newspaper game in the large cities is faithfully portrayed and there is wound about the incidents a story of warmth and heart interest. "The Spur of Necessity" is a big Melie production, showing how a woman's will triumphed under the most trying circumstances. Mr. Morgan will sing "I Wouldn't Give My Heart to Any Other Girl But You," and there will be another big film of pictures. Today is The Grand's Day.

Three Things Every Woman Should Know. (Annie Bly In the Graphic.) "If you want long, wavy and lustrous hair, use a dry shampoo, for soap and water fades the hair and makes it brittle. Just mix four ounces of therox with four ounces of cornmeal, or with four ounces of powdered orris root, sprinkle a tablespoonful of this mixture on the head; then brush thoroughly through the hair. "A lovely, soft and youthful complexion can be brought about by applying a solution made by dissolving a small original package of mayatone into the face, neck and arms night and morning. "For eczema, and other skin diseases, there is nothing better than Mother's Salve. It heals old sores, cuts, burns and scalds, and the world never saw its equal as a cure for coughs, colds and catarrh."
