PROTECT MIGRATORY BIRDS.

Bills Introduced in Congress Reported Favorably—Their Object.

New York, May 7.—Bills to provide Federal protection for migratory birds which were introduced in the United States Senate by Senator McLean and in the House of Representatives by Congressman Weeks, have both been reported favorably out of committee.

Under present conditions countless numbers of ducks, geese and shore birds are slaughtered at a time when every female killed means the destruction of a small flock. At all times the killing goes on at a rate that is out of all proportion to the natural increase.

Mr. E. V. Visart, State game warden of Arkansas, reported in his endorsement of the Weeks' bill that 90,000 birds were sent from Mississippi points in one shipment on October 16th, 1911.

It is further pointed out in this report that the annual loss to the country through insect pests amounts to from seven hundred and ninety-five to eight hundred million dollars.

Mr. Alex. Pirrie, the Scotch professional of the Durham club, who will have charge of the tournament, has been here since last week putting the finishing touches on the course.

"OX CART" SCHEDULES.

Congressman John M. Faison Writes of Service Given Truckers.

Washington, D. C., May 2, 1912. Dear Sir: Having been much interested for years in fast train service for our splendid strawberry and trucking belt of Eastern North Carolina, I read this part of your editorial in Tuesday's paper, entitled "Strawberry Diet for New Yorkers" with great pleasure.

The Coast Line people are doing their best to give the most efficient service and to meet the needs of the industry with the least groaning and complaint. This season demonstrates the improved facilities, one season over another, for it seems that the transportation people are beating Uncle Sam in reaching New York with the mails.

The grover who mails his invoice has to do it in a jiffy or else his berries will be on the market before his invoice reaches his New York broker. For instance, here is what a broker writes to a Wilmington grower over Saturday:

"The railroads are pulling your shipments in here for the second day's market, or faster than the mail brings your invoices so that we have to work in the dark" every night, and sort up the best we can, and it makes it very hard for the salesman to sell every package of each mark at the same price."

The above shows that North Carolina strawberries are making those New Yorkers lose sleep. However, as long as the season lasts there will be no rest for either the shippers or the growers, until the strawberry is a commodity which makes everybody get a move on him.

SOUTHERN TRAIN DERAILED

Score of Persons Injured in Wreck Near Columbia, S. C.

Columbia, S. C., May 7.—A score or more of persons were injured when train No. 31, on the Southern Railway, from Washington to Jacksonville, was derailed about three miles north of Columbia this morning at 8 o'clock.

The train was a six-coach through train and was running at a good speed. The axle of one of the driving wheels suddenly snapped, the big roller fell under the engine, the track being torn up for a long distance and the cars following the engine were all derailed.

Not a wheel was left on the track and when the last three coaches reached the torn up rails they turned over. The dining car and the last two sleepers were turned over, and the passengers crawled out of the windows and from between baggage and broken furnishings. The day coach, the combination car and the express car were left standing but they were derailed.

One lady and one man had their ears cut off and bad cuts about the head and shoulders. Mr. Martin, of Washington, a native of this State, was en route from Washington to Springfield to attend the funeral of his mother. He was injured internally and had to be taken to a local hospital. Five persons were en route to funerals. One woman had half a dozen children. She was badly bruised, but none of the children were hurt.

The train was in charge of Conductor Dodd, of Charlotte. The train crew did good work in keeping things down in the capsized diner and in aiding passengers from the cars. Many came into the city with their heads tied up and lying on stretchers and cots.

Relieves Backache Instantly

Sloan's Liniment is a great remedy for backache. It penetrates and relieves the pain instantly—no rubbing necessary—just lay it on lightly.

Here's Proof. "I had my back hurt for over a year and in San Francisco, Cal. I was hit by a street car and my back was injured. I tried all kinds of ways but no relief. Two weeks ago I got a bottle of Sloan's Liniment and used it for a few days and I got relief, and now I am well except for a slight ache in my back."

COLLAPSES IN HER CELL. Mrs. Daisy Opie-Grace Breaks Down Under Nervous Strain.

Atlanta, May 7.—Mrs. Daisy Opie-Grace, who yesterday was indicted by the grand jury here on a charge of shooting her husband, Eugene H. Grace, collapsed in her cell early today.

The county physician who was hastily summoned, stated that Mrs. Grace had broken down under the nervous strain under which she has been laboring since her preliminary hearing three weeks ago.

"I had a very bad case of rheumatism"

"I was taken a year ago. I was out as much as \$200 for doctors bills. The doctors did me no good. The rheumatism got in my eyes, and I was not able to see anything." So writes Mr. James K. Foster of Longview, Texas, in a grateful letter to the B.B.B. Co.

Almost despairing, he was persuaded to try Botanic Blood Balm. Soon the purifying effect of this great remedy cleansed his blood of the rheumatic poisons, healed the inflammation in his eyes, and restored new strength and vigor to his entire body.

"In 30 days it brought me my sight," he says. "I see better than I did before. I am as strong as two common men. Please send this out, and let the people know what B.B.B. did for me."

And it will do the same for you, good friend if you suffer from rheumatism or any other of the many diseases caused by impure blood. Your money back if B.B.B. fails to help you. Go to your druggist for it. Don't be side-tracked.
