Detroit	7	10	.412
St. Louis	6	12	.333
New York	4	12	.250

Pittsburg, May 9.—Brooklyn defeated Pittsburg today 9 to 5, mainly because of errors behind Hendrix, who was effective, striking out nine men in the seven innings pitched. Pittsburg used 16 players.

Pittsburg, May 9.—Chicago defeated Brooklyn today 7 to 5, mainly because of errors behind Hendrix, who was effective, striking out nine men in the seven innings pitched. Pittsburg used 16 players.

Cincinnati, May 9.—Fromme allowed eight bases on balls today, four of which were returned as runs at Philadelphia, and the visitors won 4 to 3. New York's victory over St. Louis, coupled with the loss of the game here shoves Cincinnati out of first place in the league for the first time this season. Both teams battled well. Seaton was effective in pinches.

Philadelphia, May 9.—Chicago defeated Cincinnati today 4 to 3. Cincinnati, May 9.—Chicago defeated Cincinnati today 4 to 3. Cincinnati, May 9.—Chicago defeated Cincinnati today 4 to 3.

Chicago, May 9.—Pitchee Hess, of Boston, let Chicago down with one hit today and the visitors won the final game of the series here today. Not a Chicagoan reached second base until the eighth. At this juncture a double and an out saved the locals as shortout Smith allowed but four hits, two of which with two stolen bases and a fielder's choice, netted two runs for the Bostonians.

St. Louis, May 9.—Mathewson pitched a steady game while Woodburn was wild and ineffective, and St. Louis lost the fourth straight game to New York this afternoon 8 to 3. Becker, Herzog and Mathewson did excellent work at the bat.

St. Louis, May 9.—Mathewson pitched a steady game while Woodburn was wild and ineffective, and St. Louis lost the fourth straight game to New York this afternoon 8 to 3.

 At Spartanburg: University of Pennsylvania 8; Wofford College 9.

A. & M. LOST PRETTY GAME
 Washington and Lee Won in Eleventh Inning, 3 to 0.

Raleigh, N. C., May 9.—In a pitcher's battle between Robertson and Moran, A. & M. lost today to Washington and Lee in one of the hardest fought and most interesting games of the season. Neither side was able to get a man across the rubber for 10 innings. In the 10th inning, on account of being a little tired, Robertson was replaced by Stafford, but with this exception he had pitched a magnificent game, having allowed only five scattered hits and striking out 8 men.

The scoring came in the 11th inning when Raftery, the first man up, was safe on an error of third and went to second on a sacrifice by Donahue. Bone, the next man, was hit by a pitched ball, and Stuart got first on a slow ball to short. With the bases full, Stafford hit Erwin, forcing the first run. Peebles hit to third, forcing Stuart, Bone scoring on the play. Moran flew to center, who dropped the ball, Erwin scoring. Smith was out second to first.

The features of the game were the pitching of Moran and Robertson, the fielding of Washington and Lee, and the hitting of Erwin. Score: W. & L.000 000 00—3 7 0 A. & M.000 000 00—0 5 3 Batteries: Moran and Donahue; Robertson, Stafford and Seifert. Summary: Earned runs none; hits off Robertson, 5 in nine innings; Stafford, 2 in two innings; struck out by Robertson 8; Stafford 2; Moran 8; bases on balls, Robertson 4; Stafford 0; Moran 0; hit by pitched ball, Robertson 1; Stafford 2; Moran 0; two-base hits, Erwin 2; time of game 2:15. Attendance 1,100. Umpire, Hoffman.

The Demons of the swamp are mosquitoes. As they sting they put deadly malaria germs in the blood. Then follow the icy chills and the fires of fever. The appetite flies and the strength falls; also malaria often paves the way for deadly typhoid. But Electric Bitters kill and cast out the malaria germs from the blood; give you a fine appetite and renew your strength. "After long suffering," wrote Wm. Fretwell, of Lucama, N. C., "three bottles drove all the malaria from my system, and I've had good health ever since." Best for all stomach, liver and kidney ills. 50cets. at R. R. Bellamy's.

CHARTER GRANTED YESTERDAY.

National Wood Products Company
 New Wilmington Concern.
 A charter was granted yesterday by the Secretary of State to the National Wood Products Company, of this city, which has been organized by Messrs. T. W. Pritchard, P. P. Causey and H. M. Chase, with an authorized capital stock of \$1,500,000, of which \$3,000 has been paid in.

The promoters of the company have planned to erect a modern commercial plant in this city at an early date and to erect other plants at suitable locations throughout the pine belts of the South as rapidly as possible. Arrangements have been made whereby the company has secured the right of patents of the National Wood Distilling Company, of this city, owners of the Pritchard process for distillation.

By means of the Pritchard process of distillation it is claimed by the owners of the patents that materials that have heretofore gone to waste can be utilized perfectly, thus giving the company a vast amount of material which can be purchased cheaply close at hand, but at the same time benefiting the community by means of furnishing those producing the raw material a satisfactory price for what heretofore they have had to throw away. The process has recently been passed on by a board of chemical experts and a report from them is expected in a few days. The board consists of Dr. Chas. Baskerville, professor of chemistry at the University of the City of New York; Dr. M. C. Whitaker, professor of industrial chemistry at Columbia University, and one of the leading chemical engineers in America, and Dr. Jno. E. Toole, formerly professor of chemistry at Cornell, and at present actively engaged in the wood distilling industry.

A half million of the authorized capital stock of the National Wood Products Company will be preferred and a million common. This stock will be placed on sale as soon as the necessary arrangements have been made. Stock will only be issued as it is necessary to erect plants and put them in operation.

Mr. Thos. W. Pritchard, inventor of the Pritchard process, read a paper on the subject before a meeting of the Society of Chemical Industries in New York City, March 22nd, and also at a meeting of the North Carolina Academy of Sciences, at the University, April 27th. The papers are said to have made favorable impressions upon those who heard them.

Norwegian Harbor Engineer.
 Mr. O. Yost, a harbor engineer for the Norwegian government, was in the city yesterday for the purpose of studying harbor conditions here. He is on a tour of this country inspecting the different harbors. Mr. Yost found much to interest him here, and referred very complimentary to the outlook for the development of this port. He will leave this morning for Charleston and from there he will go to Savannah. He will spend about a month in this country before returning to his native land. While here he was a guest at the Colonial Inn.

COMPETITIVE RIFLE SHOOT

Teams From Third Regiment—Great Progress in School Tax Elections.
 National Wood Products Co., Chartered.

(Special Star Correspondence.)
 Raleigh, N. C., May 9.—One hundred and fifty officers and men, teams from each of the companies constituting the Third Regiment of the North Carolina National Guard began today a three-days' competitive shoot on the rifle range here in competition for the valuable local prizes and for the Dupont loving cup and the Royster gold medal, the former for the best team record in the North Carolina Guard and the Royster gold medal for the best individual record.

The men are excellently camped out at the rifle range. This competitive shoot will be succeeded Monday by the Officers' Training Camp in which all the officers of the North Carolina National Guard will be in a model camp under the direction of specially detailed members of the regular army to take special instructions in their official duties during a week's encampment.

Report received today at the State Department of Education that there has just been carried in Graham county an election for a local tax district for the improvement of public schools enables State Superintendent Joyner to announce that each of the 100 counties in the State now has one or more of these local tax districts, Graham county being the last to fall in line. There are now 1,276 of these local tax districts in the State, the number having increased from 402 since July, 1906, and more than 100 of these districts having been voted during the past year.

Dr. Walter L. Lingle, of Union Theological Seminary, Richmond, is to deliver the baccalaureate sermon for the Peace Institute commencement on Sunday, May 19th. The address before the graduating class will be on the following Wednesday by Major J. C. Henphill, editor of the Charlotte Observer.

In the overturning of a pony cart last evening at the corner of Jones street and Boylan avenue, Mrs. W. R. Andrews had her arm broken, Mrs. Emma C. Putney a knee cap badly injured, and her hands badly injured. Mrs. H. M. Olive had her back sprained. Owing to general poor health Mrs. Putney's condition is grave since the accident and the advanced age of Mrs. Andrews makes the breaking of her arm especially serious. The ladies had stopped to get out of the cart when the pony suddenly cut the wheels around and overturned the vehicle.

The National Wood Products Co., of Wilmington, was chartered today with \$1,500,000 capital authorized and \$20,

Baking-day has its "Sunny side"

Cottolene

The cook is never satisfied unless her baking turns out well. Cooks who have tried it secure better and more uniform results from the use of Cottolene than with butter, lard or any other shortening. Cakes, pies, cookies and doughnuts are best made with Cottolene. It makes rich food without being greasy. Cottolene food, too, is always digestible, because it contains no hog fat. Try Cottolene—not a "just as good" imitation—on your next baking day. Costs less because you use less.

Made only by THE N. K. FAIRBANK COMPANY
 "Nature's Gift from the Sunny South"

900 subscribed by Thos. W. Pritchard, P. P. Causey and H. M. Chase. Another charter for the Economy Heating Co., Charlotte, capital \$125,000 authorized and \$7,500 subscribed by J. R. Purser, Sterling Gradson and Thos. W. Alexander.

There is an amendment for the charter of the Hillsboro Real Estate & Improvement Co., changing the name to the Orange Trust Co. H. W. Webb is president of the corporation.

Grand Council of U. C. T.
 Messrs. L. H. Burnett and W. S. Bunting, prominent members of Cape Fear Council, United Commercial Travelers, have gone to Spartanburg, S. C., to attend the sixth annual meeting of the Grand Council, U. C. T., of the Carolinas, which will be held in the Harris theatre there today and tomorrow. The addresses of welcome will be delivered by Mayor O. L. Johnson, Dr. J. B. Stepp and Mr. Arch B. Calvert, while the response will be made by Mr. H. E. Gilliam, of Greensboro.

ASK FOR STYLE NO. 2973
 "OLYMPIC"

The *Snow* Olympic model in a dark oxford, is the hit of the season. This is the shoe that New York, Chicago and all the big cities cannot get enough of.

Made of the special *Snow* Etruria Calf throughout, on our Elite last, with an extremely short forepart and a medium high toe, military heel.
