ONE SUPER-DREADNAUGHT

Democrats Will Compromise on Single Big Battleship

Washington, August 9 .- Battleship and no-battleship Democrats in 'he House today practically effected a compromise by which provision will be made in the naval appropriation bill for one super-dreadnaught. As a result of the understanding a petition was circulated for a caucus next Wednesday night. It is expected the difficulties by that time will have been smoothed out and there will be no hitch in putting through the pro-

The two-battleship champions are said to be insisting as a price for their surrender that the ship to be authorized shall be more powerful than any now afloat or contemplated. The proposal will be fought, however, as there is a strong conviction among many members of the Naval Affairs Committee that smaller and faster battleships of the cruiser dreadnaught type are preferable to those of the heavier ar-

mament and slower speed Assurances are reported to have been given by enough members opposed to battleships to insure a quorum at the coming caucus. At the previous caucus enough remained transacted.

The craft was anchored in Banks channel in front of the Oceanic Hotel during the stay of the party at Wrightsville Beach. Capt Furr and family left Knoxville early in May and went by rail to Norfolk where they went aboard the "Ahoy." They will make the entire trip from Norfolk to Knoxville by water, going by way of Charleston, Jacksonville through the Gulf of Mexico, stopping at New Orleans, thence up the Mississippl river, visiting Memphis and St. Louis. They will then go on the Ohio river and the Tennessee river, stopping at Nashville, Chattanooga and other towns, before arriving at their destination. Capt. Furr is a well-known business man of Knoxville and the trip is for pleasure alone. He will keep the "Ahoy" for his private use and this Winter he expects to visit Florida and Panama. The "Ahoy" is a very handsome and wellequipped boat.

mencing Saturday, August 10th, and closing Friday, August 16th, at 9 P. M. We have secured spaces of almost one-half of the furniture store of A. D. Rich Co., for this grand exhibition. This exhibition is for advertising purposes. Admission will be free and everybody is cordially invited

We have arranged special entertainment for all, each afternoon and evening.

The display will include one each of the different styles of Kimball, Whitney and Hinze pianos, and be the most complete exhibit ever given by any piano company.

Kimball Co., and have them as well known to the general public as the Kimball Reed Organs have been for

Several years ago we used this method to introduce Kimball organs, and the plan was so successful, the Kimball organ business has been increased each year, while most of the other concerns that kept up the old expensive methods of advertising, have either failed or retired from business. Kimball organs are now so well known in every section that we are able to get business at such low

cost as to reduce the retail price on organs nearly one-third on each instrument; and it is our wish to have

the Kimball pianos as well established as the Kimball organs are. There are already over 250,000 Kimball pianos in use, and they have a very large trade of the principal dealers in the cities large enough to support a piano store.

We are positive we can double our business in the smaller cities and farm sections, if we get the pubic well acquainted with the beautiful tone and splendid wearing qualities of the Kimball piane

We have withdrawn most of our advertising appropriation from the magazines and bill boards, and use this advertising money in exhibiting instruments. Kimball Pianos are now used by the world's greatest musicians, and by music conservatories; and as

stated above, over 250,000 of the best families in this country use and endorse them. The W. W. Kimball Co., has over twice the largest factory in the business, and over four times the largest cash capital. Any banker will give you our financial standing.

At the close of the exhibition all of the instruments will be sold in order to secure future sales by showing these samples from time to time and to make certain that each of the different styles will be left here, we will reduce the regular retail price to factory billing on each sample piano only, on very liberal terms. The exhibition will be open evenings, and a souvenir will be given away free to each person who calls.

We will be pleased to have you call, even if you never intend to get a piano. A careful examination of the tone and construction of these sample pianos is what we desire. Piano mechanism will be explained by factory experts. We want your good opinion, and it will pay you for your
